44-6-5.

Ottawa, February 5, 1936.

Dear Sir:

I have to acknowledge receipt of the voucher, with accounts attached, which you forwarded, in favour of the Principal of the Moose Factory Indian Residential School, for material and labour in carrying out repairs.

It is necessary to return the account of Revillon Freres Trading Company, Limited, as sufficient information is not given thereon, regarding the quantity of lumber supplied. You should obtain another account, in triplicate, from this company, giving in detail the quantities of the various kinds of lumber and the price charged. You should have the account receipted as "Paid" by the Company, attach same to proper voucher forms, certify in the usual manner and forward to the Department, when payment will be made to the Principal for this expenditure.

A cheque to the amount of $177.67 is being forwarded to the Principal, covering payment for wages and for material supplied by Hill-Clark-Francis, Limited.

Yours truly,

A. F. MacKenzie,
Secretary.

44-6-5.

Ottawa, February 6, 1936.

Dear Sir:

With reference to your recent letter sending back an account which had been returned to you in official letter of October 25th, it is found that the account of Hill-Clark-Francis Limited has not been receipted, although the voucher which you submitted is in favour of the Principal of the Moose Factory School.

You will note from the third paragraph of official letter of October 25th that, in order to permit the Department to make payment to the Reverend Principal, the accounts must be receipted. You should, therefore, carry out our instructions in connection with this account. If the Principal has not paid the account, you should prepare a voucher in favour of Hill-Clark-Francis Limited and attach to it the enclosed accounts and forward to this office, when cheque in payment of the account will be forwarded direct to the Company.

I would point out that the first item of the account reads: -

60 Pcs. 1x4x8 Merch. J. P. T&G 240'.

In checking this item, it is found that the Company should only have charged for 160'. The necessary change should be made on the account before it is returned.

Yours truly,

A. F. MacKenzie,
Secretary.

Dear Sir,

In reply to your letter of Jan. 29th No-44-6-5.

I am afraid I took it for granted that you would authorize me to pay this salary at the end of each month so I did so at the end of Janurary and sent you a voucher in favour of myself with the receipt of the Principal attached.

Will you please cancel that voucher and return the Principals receipt which he will redeam.

Yours truly,

W.L.Tyrer

Attention: Rev. Gilbert Thompson

Dear Sirs:

We are in receipt of your letter of February 27th, in connection with our invoice of August 28th, pointing out that our first item should have been 160 feet. On checking back to our original invoice this should have been 90 pieces, but apparently when our girls were making the copy this was put down as 60.

We are very sorry that this mistake was made, but would also like to draw to your attention that this invoice was dated August, and if your people had received these goods had checked them off they would have found that there were 90 pieces, and this should have been marked on our copy, provided that our original showed 60. No doubt they will still have a record, but this invoice is now over five months old, and should have been paid at least four months ago

We are changing the item to 90 pieces, and trust that you will be able to trace this, and also that your cheque will be sent as soon as possible.

Yours very truly,

HILL-CLARK-FRANCIS, LIMITED,

J. E. Allin

JEA/OA.

Ottawa, April 24th, 1936.

Dear Sir,-

The Department has just received from your office the account of Hill-Clark-Francis, Limited, in connection with lumber supplied to the Moose Fort Indian Residential School. The total amount of this account is $46.23, which included an item of $9.44 for freight. You were informed in official letter of October 25th, last, that it would be necessary to have a receipt from the railway company shewing payment of the freight. You did not enclose this receipt and, consequently, the Department can only allow payment of $36.79.

If you can obtain a receipt for the freight from Hill-Clark-Francis, Limited, you may attach same to a voucher and forward for payment.

Yours truly,

A. F. MacKenzie.
Secretary.

Ottawa, December 4th, 1936.

Dear Canon Gould,-

Recently, I had an opportunity of discussing with the Honourable, the Minister, the proposal of the Church of England to erect, at their own expense, a new building to replace the present Moose Fort Indian Residential School.

In the event of your doing so, the Minister is disposed to favourably consider providing per capita allowance for one hundred (100) pupils, if accommodation for that number is available in the new building.

Yours very truly,

Director of Indian Affairs.

Dr.Harold W.McGill,
Director of Indian Affairs,
OTTAWA, Ont.

Dear Dr.McGill:

Your letter, dated the 4th inst, file 44-6-1, stating that my proposal to erect at the expense of the Church of England in Canada "a new building to replace the present Moose Fort Indian Residential School" was submitted by you to the Minister and that he "is disposed to favourably consider providing per capita allowances for one hundred (100) pupils, if accommodation for that number is available in the new building;" was considered by the Executive Committee of this Society at its meeting on the 15th inst.

The Executive Committee decided unanimously to proceed this summer with the erection of the building in question on the assumption that the Minister being satisfied of the accommodation provided in the new building, a further letter would be received from him definitely accepting the proposal as submitted by me to you; viz, that the provision will be made for per capita grants, at the existing rate of $200.00, for 60 additional pupils bringing the total provision up from the present number of 40 to 100; this rate to continue unchanged for a period of 10 years after we have secured an attendance of 100 pupils in the new school.

Concerning our ability to obtain 100 pupils, the Bishop of Moosonee, who knows the Anglican Indian population of the District very thoroughly and whom I consulted on the point, states in part in his reply as follows:

> "Wherever I have gone during the past three years particularly, I have been besieged with requests from parents to have their children admitted to the Moose Boarding School and have been obliged to say there was no room.... So that I have not the slightest doubt that we can secure 100 pupils for the school at Moose."

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 2)

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

The Principal of the School places the number that would desire admittance to the new school from 120 to as high as 150. There is, therefore, I am convinced, no question concerning an enrollment to the capacity of the school at an early date after it is erected and open.

As you are aware, I think, Mr Orr is now drafting a plan for us which will ensure that the dormitory space provided has the necessary cubic air content conforming to the regulation of the Department.

Under these circumstances, I am assuming that the final and full agreement of the Hon'ble, the Minister, is assured and that I may proceed as soon as the plans are completed to take the steps necessary for the erection of the school during the coming summer since the large amount of materials necessary must be delivered at Moosonee for transportation over the ice before the Spring break-up.

It was further understood and agreed between us that the Department would provide the cost - seats, blackboards, etc - of the equipment of the new classrooms; in this case to be provided for in a separate building.

Believe me,

Yours very faithfully,

S. Howard

January 4th, 1937.

MEMORANDUM:

Deputy Minister.

When discussing our Estimates with the Minister and yourself on the second instant, you will remember I mentioned that the Church of England had proposed that, if the pupilage at the Moose Fort Indian Residential School were increased from forty (40) to one hundred (100), the Church authorities would be prepared to erect a new building suitable for the accommodation of the increased number of pupils.

Honourable Mr. Crerar expressed his willingness to favourably consider the offer of the Church of England and I so advised Canon Gould on the 4th instant.

Canon Gould replied by stating that the Church of England is prepared to proceed with the erection of a new building during the coming summer and requests that, in addition to the increased pupilage, the Department provide the children's desks, blackboards and other minor equipment for the classrooms.

At the present time the Department is allowing grant for a pupilage of 40. The rate per capita at this school is $200. Consequently, the increased per capita allowance would be $12,000. The cost of the desks, blackboards, etc., would be approximately $900.

I would recommend that Rev. Canon Gould be informed that, on the completion of the new building, grant for 100 pupils will be allowed and also that the Department will provide the desks and blackboards.

Dr.McGill,
Director of Indian Affairs,
Booth Building,
OTTAWA, Ont.

Dear Dr.McGill:

Following the receipt from Mr Orr of outline plans for the accommodation of 100 pupils in the proposed new Indian Residential School building at Moose Factory, I am having the working plans prepared by our local architects. On the completion of their work I propose to award the contracts for the large amounts of material etc.

On reading copy of my letter to you, dated the 18th inst, I note that the word "existing" in the second paragraph was inserted through a mistake and should, in consequence, be omitted.

The main building will measure 38 by 115 feet, and be three storeys in height. The wing will measure 30 by 64 feet providing space for boys recreation room, laundry, boys and girls wash rooms, on the ground floor: the whole of the second floor being devoted to classrooms.

All the lumber will be cut to size and form in a mill at South Porcupine, shipped to Moosonee and transported over the ice to Moose Factory Island. As soon in the Spring as the thawing of the ground permits the placing of the foundations, the work of erection will proceed with great speed.

As stated in my letter, dated the 18th inst, I am interpreting your letter dated the 4th inst to mean that on completion of a building with accommodation for "one hundred (100) pupils" departmental provision at a per capita of $200. will be made for ten years for that number. It is because

of my anxiety to exclude any possible occasion in the future of misunderstanding on this essential point that, at the risk of repetition, I am writing this further letter.

Failing any advice from you to the contrary, I shall proceed as indicated above.

With every good wish for the New Year,

Believe me,

Yours very faithfully,

S. Lowell

EX'D.

Ottawa, January 11, 1937.

Dear Canon Gould:

I received your letter of December 31st, with reference to the new Indian residential school which the Church of England proposes to erect at Moose Factory, Ont.

On receipt of your letter of December 15th, I formally placed your request for increased pupilage and seats, blackboards, etc., before the Honourable the Minister. As yet, I have not received his reply, but expect to do so in the near future and will immediately write to you. I would suggest that you hold your plans in abeyance until you hear further from me.

Yours very truly,

Director of Indian Affairs.

Dr.McGill,
Director, Department of Indian Affairs,
Booth Building,
OTTAWA, Ont.

Dear Dr.McGill:

Pursuant to our conversation of yesterday morning (preceded by your letter dated Dec.4th, 1936, my letters dated Dec.18th and 31st, 1936; your letter, dated Jan.11th, 1937, and our conversation by long-distance telephone on the morning of January 12th, 1937) it appears to me desirable that the existing situation should be set out in writing.

The interpretation by the Executive of this Society of your letter, dated Dec.4th, 1936, is set out so clearly in my letters dated Dec.18th and 31st, that I do not need to do more than to quote the explicit sentence at the close of the first paragraph of the latter letter, viz; "On the completion of their work (i.e. the architects) I propose to award the contracts for the large amounts of materials, etc."

The architects work was completed and on January 7th (four days prior to the date, Jan.11th, of your letter) the contracts in question were awarded. Our total commitments under the plan are now in the neighborhood of $30,000.00.

These actions of ours, I submit, are in direct accord with the correspondence, and I trust that we may be favoured, at an early date, with the complementary action of the Honourable the Minister.

Yours very faithfully,

SG:G

General Secretary.

Mr Hoey,
Department of Indian Affairs,
Booth Building,
OTTAWA, Ont.

Dear Mr Hoey:

On looking into the matter, I find that the current rate of per capita grants for the Moose Factory School is $200.00, not $170.00 as stated in my conversation with you yesterday afternoon. My mistake arose from the fact that in a letter from the Assistant Secretary-Treasurer of our Indian Residential School Commission he had mistakenly quoted the lower figure; on the other hand the amounts given in the body of the letter showed that the same were made up on the basis of a per capita grant at the rate of $200.00 per annum. My letters in this connection to the Department, therefore, stand as written.

Please accept this expression of my every good wish for the success of your very important work on behalf of the Indian Wards of the Dominion.

Yours very faithfully,

S. Gould

Dear Dr.McGill:

Enclosed please find copy of self-explanatory letter of today's date to Mr Hoey.

I cannot understand how the Assistant Secretary-Treasurer of our Indian Residential School Commission, usually a very careful man, fell into the error noted. As I have stated in my letter to Mr Hoey, the sums given in the body of his letter show that he was computing the same on the basis of a per capita grant of $200.00.

Yours very faithfully,

General Secretary.

RECORDS

Dr.Harold W.McGill,
Director of Indian Affairs,
OTTAWA,
Ont.

Dear Dr.McGill:

It gives me much pleasure to enclose enlargement of my snap-shot of our new buildings at Moose Factory.

From right to left the buildings are:

1. The new Cottage Hospital.

2. The Annex, with outside scaffolding still in position, to the main building. The Annex provides on the ground floor for the laundry, the boys and girls wash rooms and the boys recreation room. The second storey consists of two very large and well-lighted classrooms. A closed and covered passageway of twenty feet connects the Annex with the main building.

3. The main building of the school. This building provides, on the ground floor - Chapel, kitchen and dining rooms for the pupils and staff; on the second floor, dormitories for junior boys and girls, office, and staff bedrooms and sitting room; on the third floor, main dormitories for senior boys and girls, with rooms for supervisors; the fourth floor, or attic, provides sewing room, large recreation room for girls and general storage rooms.

The cubic air-space provided for the dormitories is somewhat in excess of that required by the Departmental regulations.

Believe me,

Yours very faithfully,

S. Gould
General Secretary.

Ottawa, August 30, 1937.

Dear Canon Gould:

I have for acknowledgment your letter of August 21st and also snapshot of the new residential school established by you at Moose Factory, attached thereto.

This photograph suggests that the buildings are quite spacious and substantial. It is scarcely necessary to add that I appreciate very fully the courtesy that prompted you to send forward this snapshot, together with the information contained in your communication.

Yours very truly,

Director.

Rev. Canon S. Gould, M.D., D.C.L., D.D.,

C O P Y

REPORT OF THE SECRETARY OF THE COMMISSION ON HIS

VISIT TO MOOSE FACTORY -

NEW BUILDINGS: The two years which elapsed since your Secretary visited this historic centre during the summer of 1935 were busy and eventful ones, and the progress made in that comparatively short time greatly exceeded his expectations. In the establishment of the fully modern Newnham Cottage Hospital, with ten beds, two cots, and one bassinette, and in the creation of a new, three and a half storey Residential School building, with ample accommodation for 100 pupils, the Church of England in Canada has furnished unquestionable proof of her deep and practical interest in all that pertains to the highest welfare of her numerous and devoted Indian people in the Moose Factory and James Bay areas. Never once, so far as your Secretary has been able to ascertain, since the arrival of John Horden (afterwards Bishop) in 1851, has the Church of England failed to provide labourers for this part of the world-wide mission field, and it is surely fitting that the good and glorious work which they began, and carried on so faithfully and so long, should now be maintained and extended by their successors with the increased resources and facilities they have at their command. The double process of maintenance and extension will be vastly stabilized and accelerated through the provision of those two very necessary and very efficient buildings, and one cannot but devoutly thank God for the abundance of wisdom and help bestowed upon the General Secretary of our Society, whereby he was enabled to find a way of making this provision possible.

THE HOSPITAL: As members have already received the printed pamphlet which furnishes considerable information about the Hospital, your Secretary does not consider it necessary to make any detailed reference to it in this report.

At the time of his visit five patients were in residence, two of them having been brought from Fort George, a distance of approximately 500 miles. Aw two more were expected to be transferred from the Hospital at Cochrane, there is ground for believing that the operating costs may be fully met by the usual grants for patients as made by the Indian Department.

For the time being, at any rate, Nurse Hockin, who is in charge, and Mrs Saucier, the House Matron, are quite sufficient to cope with the work, and additional help is not required.

The General Secretary recommends that responsibility for the Hospital be vested in the Commission, in the same way that the one at Hay River now stands, and your Secretary commends this recommendation to the members for sympathetic consideration and acceptance. It is the opinion of the General Secretary that the unification of control of

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 2)

CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

all the Society's work at this important centre, possesses advantages which should not be disregarded, and he expressed the hope that the members of the Commission would take the same view of the matter.

THE SCHOOL: The new buildings with the annex, the purpose of which will be described later, is pleasing in design, spacious in capacity and substantial in structure. The foundations rest on cement piles with wide footings, and the roofing material is asphalt shingles of the best quality. There is a neat little belfry on the apex of the roof at the east end, surmounted by a cross, and the bell itself, purchased by contributions from the local Indian community, has an unusually mellow tone. As the exterior of the building is painted a cream colour, with door and window frames in brown, the general effect, when viewed from a distance and against a background of green foliage, is decidedly pleasing.

THE ANNEX: At the east end of the main building(School) (which is 115 feet long by 38 feet wide) and connected therewith by a closed-in passage, there is another building, 64 feet long by 30 feet wide, which provides comfortable space on the ground floor for wash rooms for the boys and girls (each 24 feet wide by 15 feet) the laundry, the light and power plant, and a recreation room for the boys (29 feet by 15 feet.) On the upper floor it provides two well-lighted class rooms, each 30 feet by 30 feet, separated by a partition which can easily be removed when the combined space is required for an entertainment or general assembly.

Your Secretary feels confident that the detachment of the class-room work from the main school building will strongly commend itself to the members of the Commission, as it is in keeping with the policy they have been hoping for some years to have adopted at a number of the other schools under their control.

THE CHAPEL: Of all the rooms on the ground floor of the main building itself, undoubtedly the most interesting and beautiful is the one set apart, and furnished in oak, as a Chapel.

The Chapel is 50' 8" in length, 13' 4½" in width, has a Communion Table, Prayer Desk, and two chairs at the Sanctuary end, and a sufficient number of seats and kneeling boards in the nave to accommodate the staff and a capacity enrollment of pupils. The beauty and dignity of this room are greatly enriched by a window (2'4" x 4' 2") of stained glass, located on the outside wall directly opposite to the main entrance. In the four

www.collectionscanada.gc.ca

corners of this delightfully and artistically coloured window are excellent portraits of Bishop Horden, Archbishop Machray, Bishop Anderson, and the Rev. John West, while a panel in the lower half carries a remarkably fine reproduction of the painting of Bishop Mountain's momentous journey to the Red River. In a corresponding panel near the top of the window may be seen the lady Foundress of the W.A. as she unfolds to the Board of Management, D & F.M.S. the plans which, under Divine guidance and protection culminated in the honoured and Dominion-wide organization so well known today. In the centre of the window appears the Saviour of the World, blessing disciples gathered out of various nations, an Indian and Eskimo included, and, in the border on either side of this central group may be seen the official monogram of the M.S.C.C. and the Winchester Cross of the W.A. Few who see this window are over likely to forget it, and one can only hope and pray that all who worship in this quiet and peaceful room may receive such fresh inspiration from the record which the memorial window carries of the heroic men and women of the past, as will enable them to dedicate their own lives to similiar gre t undertakings for Christ in the future. Fastened to the walls on either side of the memorial window, and becomingly framed are reproductions of the two paintings by Margaret W. Tarrant, one of which is entitled "LOVING SHEPHERD OF THE SHEEP", and the other "BEHOLD I SEND YOU FORTH".

Other rooms on the ground floor of the main school building are as follows:

1. Childrens' refectory (50' x 30')
2. Staff dining room (13'4" x 13')
3. Hall (45' x 10') with three furnaces
4. Kitchen and pantry.
5. Store room, and
6. Dairy.

At either end of the first floor are spacious childrens dormitories, one of which is 48' x 16' and the other 55'6" x 14'. Connecting those are two passage-ways, each 34' long by approximately 4'4" wide. On this floor is located the Principal's office (15'10" x 12'); the staff sitting room (32'3" x 16' 6"): three bed rooms, each 15'10" x 10'); a guest room of the same size; a women's wash room 15'10" x 7'5"; and a Supervisor's room 16'4" x 10'.

The Second Floor has two dormitories each 56' x 38' and two supervisor's rooms, each 13'4" x 9'.

The Attic provides a room for storing clothing; another room for general storage; a recreation room for girls (49'4" x 14'); and a sewing room 16' x 13'4".

All rooms throughout the building are well lighted and storm and screen windows are available for winter and summer use respectively.

FURNISHINGS AND EQUIPMENT. The annex will be heated by two Banner Furnaces, No.333, made by the Galt Stove and Furnace Co., and the main school building by three Banner Furnaces, No. 328, year 1921, made by the same Company. The furnaces in the annex will burn wood, and those in the main school building wood and coal.

A Delco plant, Model No.25-C-1, Serial No.378902, 2500 watts, and 52 batteries will provide the light, also power to pump the water and operate the two Thor washers to be installed in the laundry.

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 2)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

The Water Supply is drawn from the river, with a Delco motor (Model 3747, Serial No. G26,115 volts D.C.) installed in a cement shaft on the river bank to operate the pump, and force the water through a 2" pipe to the school, a distance of some 430 feet. Due care has been given to the question of protecting the pipe against the severe frosts of winter.

There is a pressure,also a hot water tank in the laundry, a jacket heater. A table will be provided, also a stove for heating smoothing irons.

Tables and benches were available for the children's refectory, also a table for the staff dining room. Beds for the dormitories had been ordered, and there appeared to be every indication that the building would be ready for occupation by the end of the current year.

AFFILIATED BUILDINGS - such as a modern stock barn, implement shed, poultry house, piggery, etc. will have to be provided as funds from the Department or some other source become available. The "mission house," or staff part of the old school plant will be left standing and used for storing supplies. A root-house can be secured by putting a cement basement under this building. The Principal estimates that about 50 bags of cement will be required, and your Secretary recommends that the Department be asked to provide this, and the affiliated buildings mentioned.

STOCK. The School has four good horses at present, and these are sufficient for current needs. It has four cows milking, one dry, one heifer and one bull. More cows will be required in the Spring.

THE STAFF. The numerical strength of the existing staff, if augmented by one Teacher and one Supervisor, will probably be found sufficient to handle the work of the new and larger school.

THE PRINCIPAL (Rev. Gilbert Thompson, B.A.) is a diligent and capable worker. He conducts three services each Sunday - one at 11 o'clock in the Church at Moosonee, and the other two in the Church near the School, on the Island.

THE PUPILS. The enrolment of pupils at the time of your Secretary's visit was 39, but the daily attendance at the class room was not less than 80. The non-Treaty pupils receiving classroom instruction number 25, and there are about as many Treaty Indian children from the Settlement who benefit in the same way. Rev. Louis Sampson, the Teacher, has carried on the classroom quite steadily and faithfully, but it appeared to your Secretary that his qualifications better fitted him for work amongst senior grades, and none of which are to be found at this school. He himself has a keen desire to return to ministerial work and your Secretary advised him to communicate with some Bishops with a view to securing a suitable opening.

Dr.Harold W.McGill,
Director of Indian Affairs,
Booth Building,
OTTAWA, Ont.

Indian Affairs Branch
NOV 13 37
Dept. of Ind. Affs.

Dear Dr.McGill:

It gives me much pleasure to enclose photographs of the completed Bishop Horden Memorial Indian Residential School at Moose Factory. The photographs are numbered on the back as follows:

No. 1. Front view of building with annex, showing covered way connecting them.

No. 2. Rear view of building, and annex, showing fire escape.

No. 3. Completed group of new buildings as a whole showing, from right to left, the Bishop Newnham Memorial Cottage Hospital, with the annex and main school building.

No. 4. Side and front of annex, the front of main school building.

No. 5. Interior of Chapel in the main building, showing in the middle of the right wall opposite the entrance, an historical stained glass window. Of this window I enclose separate photograph -

No. 5A. This window represents in the bottom right hand corner, the Rev. John West, our first missionary to Rupert's Land who arrived in the Bay in 1820; next to him, bottom panel,

Bishop Mountain en route by canoe from Montreal to the Red River Settlement, in 1844; bottom right hand corner, Bishop Anderson, first Bishop of Rupert's Land 1848; top left hand corner, Bishop Horden who,as a missionary, arrived at Moose Factory in 1851; top panel, formation of our Woman's Auxiliary in 1885; top right hand corner, the late Archbishop Machray of Rupert's Land, who arrived at Red River Settlement in 1865, and whose diocese at that time included the area now known as the Diocese of Moosonee; the centre panel represents "Christ the desire of all Nations," with an Indian and an Eskimo in the circle of the kneeling figures.

No. 6. One of the two classrooms forming the whole of the second storey of the annex to the main building.

All the buildings are heated with hot air furnaces; those in the main building being coal burning. The cubic air space provided exceeds the amount in the sketch plans supplied to us by Mr Orr.

I am leaving, I may add, on the 24th inst,for health reasons, on six months leave of absence and expect to return to the office on the 1st of next June.

Yours very faithfully,

S. Fowler

General Secretary.

SG:G

Encl.

P.S. I enclose copy of Dr.Westgate's Report of his visit to the new school.

FILED.

Ottawa, November 16, 1937.

Dear Canon Gould:

I have to acknowledge receipt of your letter of November 15 with enclosed photographs of the Bishop Horden Memorial Indian Residential School. I found the photographs very interesting and have passed them on to Mr. Moey and Mr. Phelan. I may say, however, that one mentioned in your letter was missing; namely, the interior of the Chapel.

I am very sorry to hear that you have been afflicted with failing health, but I am glad to know that you have been able to secure a holiday in consequence and hope this will bring about a complete and permanent recovery.

With my very best wishes for a happy and enjoyable holiday season, I am,

Yours faithfully,

Director of Indian Affairs.

Reverend Canon S. Gould, M.D., D.C.L., D.D.,
General Secretary,
Missionary Society of the Church
of England in Canada,

IN REPLY REFER TO

The Church House,
604 Jarvis Street,
Toronto 5, Ontario.

FBS Dept.8-8
February 11th,1938.

Attention: Mr. . . A. Williams.

Dear Sirs:-

In line with your request to the Delco Motor Products at Oshawa, and their Mr. Mounts' letter to your attention under date of January 28th. we would quote on equipment for Fire Alarm System and Watchman's Detector Stations for the school at Moose Factory, as follows:-

FIRE ALARM SYSTEM.

System Type SS

Closed Circuit--- operation of any station sounds a predetermined code ring four times on all bells in the circuit. This circuit is supervised and is so arranged that if there is any trouble on the circuit such as grounds or short circuits, the trouble bell will ring in the Engineer's or Superintendent's office indicating that there is trouble on the line and should be examined and adjusted so that the system will be maintained 100% for alarm purposes.

This system is for operation on 110 volts, D.C.

11 - Bells #23 - 8" Single Stroke	$ 22.95 each	[illegible]
7 - F.A. Stations - #1275-2 Surface Type	39.10 each	[illegible]
1 - Type SS - Control Panel 1 circuit	187.00 each.	[illegible]
		[illegible]
---------- & Metlin Clock		[illegible]
		[illegible]

General Open Circuit System.

Operation of any Break Glass Station causes all vibrator bells in the circuit to ring continuously until a new glass is placed in the station. This circuit is not supervised, and should be tested at intervals to make sure that there is no fault on the circuit in case an actual alarm is put through.

11 - #561 - 8" Bells Vibrating 110 volts D.C.	$ 19.55 each	
7 - #22[illegible] - Break Glass Stations, Surface.	10.20 each.	

UNLESS OTHERWISE SPECIFIED HEREIN, QUOTATIONS ARE FOR IMMEDIATE ACCEPTANCE AND ARE SUBJECT TO CHANGE WITHOUT NOTICE. TERMS AND CONDITIONS ON THE BACK OF THIS PAGE FORM A PART OF THIS QUOTATION.

PLEASE GIVE REFERENCE TO THIS QUOTATION WHEN PLACING YOUR ORDER

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Northern Electric Company

The Church House February 11th,1938.

We would strongly recommend the use of the closed circuit type, which we believe to be the ideal system for fire alarm protection, although as you will note the cost of this equipment would be somewhat higher than the equipment as used in the general open circuit system. We are returning with this quotation two (2) sets of blueprints which were brought into us by the Aladdin People, and on these we have marked on the various floors the locations which we believe would be best suited to give a general coverage of the equipment. The fire alarm bells are marked in white pencil with a circle with a line through it. The fire alarm stations are marked with the letter "F" also in white pencil. These are our impressions of where this equipment should be located from the blueprints themselves, but however, either yourselves or the architect might wish to locate at other points in accordance with the building construction. You might also wish to either decrease or increase the number of stations and bells on anyone floor.

We would quote in connection with Watchman's Fire Detector System as follows:

WATCHMAN'S FIRE DETECTOR SYSTEM.

This System consists of a Fire Detector located in the Superintendent's office with outlying magneto stations where the watchman calls and puts through his visit on permanent record in the Fire Detector.

1 - #70 - 6 Station Fire Detector (without Clock) $141.9 each
1 - #75 - 6 Station Fire Detector (with Clock)
[illegible] - [illegible] Magneto Stations (Surface)

You will also find three items marked on the blueprint in white pencil, the " X " denoting the magneto station, at which point the watchman would insert his key and turn the magneto station into operation. This would register the time at which that particular station was operated in the watchman's Fire Detector shown as a rectangular shape in white pencil with the letter "[illegible]" in the Supervisor's room on the first floor. In connection with this watchman's fire detector system we would point out to you that as it is a magneto operated it would have absolutely no connection with your 110 vol. D.C. system. The same remarks could apply to the watchman's Fire Detector System, that is, as to quantities and locations as to fire alarm system.

We are enclosing literature giving general information regarding both the fire alarm and watchman's fire Detector equipment. All prices quoted would be f.o.b. -or- to, sales tax included.

UNLESS OTHERWISE SPECIFIED HEREIN, QUOTATIONS ARE FOR IMMEDIATE ACCEPTANCE AND ARE SUBJECT TO [redacted] TERMS AND CONDITIONS ON THE BACK OF THIS PAGE FORM A PART OF THIS QUOTATION.

R.A.Hoey, Esq.,
Superintendent Welfare & Training,
Indian Affairs Branch,
Dept. of Mines and Resources,
OTTAWA, Ont.

Dear Mr Hoey:

The Principal of our Moose Factory School has directed the attention of our Commission to the need of a fire alarm system with station time detectors, and I consulted the Northern Electric Company from whom the lighting system at the school was secured, with regard to the most suitable kind, and the cost of the same. Enclosed herewith is the original of their reply to my letter.

They recommend the closed circuit system described in their letter (page 1) as the System Type S.S. The cost of this equipment would be $715.15. As the six station time detectors would cost an additional $295.80, or a total of $1008.95, I am writing to ascertain if your Department can authorise this expenditure.

As the need cannot be questioned, and as you know the dilemma in which our Society stands at present financially, your help in this matter will be appreciated more than it is possible to express.

Although I am writing this from our Toronto office, will you please address your reply to me at my Winnipeg office.

Yours very truly,

T. B. R. Westgate

Secretary of the Commission.

FYD.

Ottawa,
February 18, 1936.

Reverend Sir:

I am in receipt of your letter of the 12th instant with reference to the proposed installation of a fire alarm system in the Moose Factory Residential School.

This school was recently remodelled by your Commission and I presume was made as fireproof as possible in view of northern conditions. In addition we make an allowance for a night watchman. No special provision was made in the current year's appropriation for such a heavy expenditure as you request at the Moose Factory Residential School and I therefore regret that favourable consideration cannot be given to your request.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

R.A. Hoey, Esq.,
Supt. Welfare & Training,
Indian Affairs Branch,
Dept. Mines & Resources,
Ottawa, Ont.

Dear Mr. Hoey:-

Your letter of the 18th ulto. #44-6-5, awaited me on my return from eastern Canada a short time ago, and I sincerely regret the decision embodied therein, not to provide the fire alarm system requested for our Moose Factory School.

When making the request for this equipment as embodied in my letter of the 12th ulto. I was under the impression that as our Society had made a capital expenditure of approximately $50,000.00 in providing the new school building at Moose Factory, and had therefore, saved your Department that amount, you would be able to help us to the comparatively slight extent indicated, in the same way that you made a grant of approximately $2,000.00 for equipment at our Aklavik School.

Further, as our Society during the past few years has provided not only the new School building at Moose Factory, but new School buildings at Fort George and Aklavik as well, at a total cost of approximately $125,000.00, the request did not, nor does it yet, appear to me to be an unreasonable one.

As you state in your letter that "no special provision was made in the current year's appropriation for such a heavy expenditure as requested at the Moose Factory Residential School", I have been wondering if some of the saving effected by your Department through the non-payment of P.G. grants could not be made available for the equipment in question. For instance, had capacity attendance of pupils been maintained in 1937 at all the Schools administered by our Society, our Society's revenue would have been increased by the amounts indicated in the following list:

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 2)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

	Capacity	Average Attendance	Loss
White Fish Lake	30	27.57	$415.11
Blackfoot	100	88.33	$1829.28
Peigan	50	45.86	$ 648.54
Lac la Ronge	100	97.48	$ 479.27
Elkhorn	145	142.64	$ 380.73
Sioux Lookout	135	99.62	$5546.21
Chapleau	100	92.61	$1123.66
		Total	$10422.80

This heavy loss in revenue, along with the further loss of approximately $10,000.00 through the 5% cut in the grants, will indicate to you the difficulties which confront our Commission in the efficient administration of our Society's Schools, and while there may be some Department ruling to the effect that p.c. grants which are not earned automatically lapse, I trust that if no such ruling obtains, some of the saving effected last year on grants in this way, may yet be applied to the provision of the fire alarm system requested for Moose Factory.

Yours very truly,

T B R Weekes

TBRW/WH Secretary of the Commission.

File

Ottawa, March 7, 1938.

Dear Dr. Westgate:

I have for acknowledgment your letter of the first instant, in which you express regret at the inability of the Department to provide the alarm system you requested for the recently constructed residential school at Moose Factory.

I may state by way of comment that negotiations relating to the construction of a residential school at Moose Factory took place before I entered the Department a little over a year ago. It is my understanding, however, that this school was to be constructed and equipped by the Anglican Church authorities and that the Department, in turn, had promised an increase in pupilage from 40 to 100. These negotiations were carried on by Reverend Canon Gould, representing your Church, and Dr. McGill, Director of this Branch.

I note your reference to the funds that might be available as the result of the regulation which permits us to pay only on the average attendance at residential schools. I may state that the average attendance at residential schools is carefully considered when the estimates are prepared from year to year and an amount necessary to pay approximately 92% of the per capita grant payments included. You

can readily ..

Rev. T. B. R. Westgate, D.D.,
Field Secretary, M.S.C.C.,

www.collectionscanada.gc.ca

can readily see, therefore, that there is no surplus available from this source. In addition to this, an Order-in-council was passed recently, making provision for the payment of an additional $5.00 per pupil to residential schools in the province of Saskatchewan. I regret, therefore, that we have not at our disposal in the appropriation of this year the funds necessary for the construction of a fire alarm system at the Moose Factory School.

Yours very truly,

R. A. Hoey,
Supt. of Welfare & Training.

The Secretary,
Department of Mines & Resources,
Indian Affairs Branch,
Ottawa, Ont.

Dear Sir:

When in Ottawa last November, I discussed with Mr. Phelan the need of cement for the basement of a house at Moose Factory to serve as a storage for vegetables, and was informed payment would be met by the Department if bills were presented before the end of the current fiscal year.

When in Ottawa again last month, I mentioned that the amount of cement required was found to be larger than at first anticipated, but was assured that the promise of payment would not be affected by this fact.

Enclosed herewith you will find the bill from Messrs. Mercier & Shirley, Limited, in triplicate, for the cement delivered at Moosonee, and it will be appreciated if you will send your cheque for the amount direct to them.

Faithfully yours,

T B R Westgate

Secretary of the Commission.

CERTIFIED TO BE A TRUE COPY OF A MINUTE OF A MEETING OF THE COMMITTEE OF THE PRIVY COUNCIL, APPROVED BY HIS EXCELLENCY THE GOVERNOR GENERAL ON THE 25th APRIL 1938.

PRIVY COUNCIL
CANADA.

The Committee of the Privy Council have had before them a report, dated 6th April, 1938, from the Minister of Mines and Resources, stating;

That the estimates for the fiscal year 1938-39, Vote Number 169, Indian Affairs Branch, Mines and Resources, provide an amount of $34,582.00 for new works, repairs and purchase of equipment for the following Church owned Indian Residential Schools:

(a) ONTARIO.

Spanish Roman Catholic Residential School
Moose Fort Church of England Residential School.

(b) SASKATCHEWAN

Thunderchild Roman Catholic Residential School.

(c) ALBERTA

Ermineskin Roman Catholic Residential School
Grouard Roman Catholic Residential School.
Holy Angels Roman Catholic Residential School.
Joussard Roman Catholic Residential School.
St Albert Roman Catholic Residential School.
Sturgeon Lake Roman Catholic Residential School.
Vermilion Roman Catholic Residential School.
Wabasca Roman Catholic Residential School.
Wabasca Church of England Residential School.
Whitefish Lake Church of England Residential School.

(d) NORTHWEST TERRITORIES

Aklavik Roman Catholic Residential School.
Aklavik Church of England Residential School.
Fort Resolution Roman Catholic Residential School.
Providence Mission Roman Catholic Residential School.

(e) BRITISH COLUMBIA.

Ahousaht United Church Residential School.
Cariboo Roman Catholic Residential School.
Christie Roman Catholic Residential School.
Kitamaat United Church Residential School.
Port Simpson United Church Residential School.
St. Mary's Mission Roman Catholic Residential School.
Squamish Roman Catholic Residential School.

That, as these buildings are Church owned, new works, repairs and purchase of equipment constitute a grant and, therefore, the approval of Your Excellency in Council is desirable.

The Minister, therefore, recommends that approval be given for the expenditure at the above-mentioned Indian Residential Schools of the sum of $34,582.00, same to be chargeable to Vote Number 169, 1938-39, Indian Affairs Branch, Mines and Resources.

The Committee concur in the foregoing recommendation and submit the same for approval.

E. J. Lemaire.
Clerk of the Privy Council.

The Honourable,
the Minister of Mines & Resources.

OFFICE OF
INDIAN AGENT

Moose Factory May 26th 1938

Doctor Stone,

Dear Sir,

Canon Gould is at Moose today and we went into the matter of the extra beds for the school We agree that there would be no advantage in enlarging the building.

We now take into the school pupils with a bad family history as long as they are free from T.B. unless you do not allow us to take these children in there is no need of the extra beds, and if you do not allow us to take them in except as special pupils then we could set aside one of the dormitaries for their use only.

The Ontario Government are allowing the hospital to care for halfbeeds so they are enlarging the hospital this summer-two wings of 7 beds each-enlarging the kitchen and bathroom-building a stting room and installing another bathroom.

I would advise that if we do not have the school for the weak children ,we be allowed to admit any child that is at present free from T.B.

Yours truly,

W.L.Tyrer

EX'D.

May 31, 1938

Dear Doctor Tyrer:-

From your letter of May 26 it is evident that you wish to use the residential school at Moosonee partly as a preventorium unit. My only comment is that you should watch the school carefully to see that no child remains in it who has tuberculosis in a phase which is a menace to the other children and that those children whom you describe as pupils with a bad family history should have a substantial advantage in the way of feeding, rest,and relief from exertion. If certain dormitories could be set aside for them I think it would be of advantage. This was the object of the other proposed arrangement and it will be so much the better if it can be accomplished without further building.

Yours truly,

E.L. Stone, M.B.,
Superintendent of Medical Services.

R.A. Hoey, Esq.,
Supt. of Welfare & Training,
Dept. of Mines & Resources,
Ottawa, Ont.

Dear Mr. Hoey:-

The Rev. Gilbert Thompson, B.A., Principal of our Moose Factory School, has directed the attention of our Commission to the urgent need of a duplicator, such as the one described on the enclosed sheet, and I am writing for the specific purpose of ascertaining if you could supply this item of equipment. It is my understanding that it would cost $75 complete with 24 stencils, stylus, ink, etc.

In addition to the capacity enrollment of pupils who are in residence, there is a large attendance in the classrooms of Day pupils from the surrounding settlement, and the Principal points out that the duplicator would be of great service to the teachers in their classroom work. Further, as many of our Schools keep in touch with the parents of pupils in residence, as well as with graduate pupils, by sending out a monthly letter embodying information of interest to all, the duplicator would be of very great service in more ways than one, and I sincerely hope that you may be able to find some way of providing it.

Yours very truly,

T B R Westgate

Ottawa,
August 24, 1939.

Dear Doctor Westgate:

I desire to acknowledge receipt of your letter of the 17th instant in which you submit, for Departmental consideration, a request received by you for a duplicator from the Principal of the Moose Factory Indian residential school.

I hesitate to send forward to the Purchasing Department a requisition for a duplicator such as the one described on the sheet enclosed with your communication. I feel confident that a requisition for a duplicator at this price would not be acceptable to the Purchasing Division. I am, however, sending forward a requisition for a duplicator which, I feel confident, will serve the purpose Mr. Thompson has in mind. It is in use at a number of our schools and has been very satisfactory.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

NOV 1939
REGISTERED

Dr. H.W. McGill,
Director, Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ont.

Dear Dr. McGill:-

x x x

During the discussion of this matter it was suggested and finally agreed that the best course to take would be to build a new and larger hospital and allow the present hospital building, erected in 1936, to be used as the Principal's residence. As this building is conveniently located to the new School, and would serve very well for this purpose, the Committee hoped that the arrangement would commend itself to you and to your Department.

As the existing hospital, however, must continue in operation until a new and larger one has been provided, it was unanimously agreed by the Committee that the provision of the new hospital should be undertaken by the Government.

In support of this view it was pointed out that as the Society had erected the new School at a cost of over $50,000.00, and the existing hospital at a cost of at least $7,000.00, including equipment, it should not be asked or expected to make any further large expenditure for the new larger hospital required.

I was instructed, therefore, to ask you to include in your estimates for the next fiscal year the sum of at least $10,000.00 to build the larger hospital necessary at this centre.

It was the unanimous opinion of the members of the Committee that the residence of the Principal should be provided out of Government funds, and, as the cost of materials alone, plus freight, wages, etc., for the existing hospital building amounted to not less than $5,000.00, the Government expenditure for the two buildings will be reduced by that amount.

As the Federal Government has recently given very careful attention to the question of improving the health of its Indian wards, and has voted a very considerable sum of money for this purpose, the Committee earnestly hope that this comparatively small expenditure may be made possible next year through theprovision of a hospital capable of meeting for many years to come, the medical requirements of the Indians in the Moose Factory and James Bay settlements.

Yours very truly,

T.B.R. Westgate,

Secretary of the Commission.

Moose Factory Oct.24th 1940.

Mr.Thomas,
In Charge Ang,Res.School,
Moose Factory.

Dear Sir,

It has come to my attention that Clarence Corston is acting as Night Watchman at the school.

I do not approve of this man acting as Night Watchman, I cannot think that Mr.Thompson knew the man's history when he engaged him.,he was in a hospital for the insane for about two years and at the present time I do not consider his mentality any too staple.

I will sign the voucher for his October pay with a note enclosed informing the Department of my action,if you still keep him as Night Watchman after October 31st I will not be held responsible for his actions as Night Watchman and will not sign any voucher for his wages.

Yours truly,

W.L.Tyrer
Indian Agent.

Mr.Hoey,

This man wanted his pay as soon as he topped work and as the Mission had no money I paid him,so will you please send the cheque made out to me this month.

Yours truly,

W.L.Tyrer

Mr.Hoey,

I am sure you can understand why I could not have this man acting as Nightwatchman-If anything happened at the school I am sure we could not explain why this man was working as Nightwatchman.

Ottawa, November 8th, 1940.

Dear Sir:

I have your recent letter with reference to the employment of Clarence Corston as night watchman at the Moose Fort Residential School. I understand from your remarks that Mr. Corston was employed for only one month. If he is still employed at the school, you should advise me immediately.

Yours truly,

H. A. Hoey,
Supt. of Welfare & Training.

R. A. Hoey, Esq.,
Supt. of Welfare & Training,
Indian Affairs Branch,
Department of Mines & Resources,
OTTAWA, Ont.

Dear Mr. Hoey:-

During my interview with you on the 9th instant I mentioned the urgent need of a mechanical washing machine for our school at Moose Factory, and it is my recollection that I promised to submit a request to you for some help in securing this very necessary item of equipment. The smaller washers which have been in use have been found to be inadequate, and the Principal (Rev. Gilbert Thompson, B.A.) has submitted to our Commission the following recommendation:-

The J. H. Connor & Sons Ltd., Ottawa, are willing to supply a "No.1 E.W. Wood Tub Washer with counter shaft, electric motor and wringer. Capacity 36", length over all 69", height over all 66". Price $610.00."

Mr. Thompson states that "This is the smallest machine we could get if we are expected to work economically."

While I am deeply conscious of the financial difficulties confronting your Department at the present time, I am regrettably obliged to state that the Government's decision to reduce the pupilage at the Indian Residential Schools to 92.84% from January 1st of last year, has made it impossible for our Society to meet

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 2)
PUBLIC ARCHIVES CANADA
ARCHIVES PUBLIQUES CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

all essential requirements such as this item of equipment out of their present income. Our difficulty has been further increased by the fact that the Society was obliged to install, at very great expense, a septic tank at this school and also to enlarge the intake pipe in connection with the water supply.

Should your Department be unable to meet the total cost of the washing machine recommended by Mr. Thompson, I would earnestly hope that you may be able to make a generous grant towards the cost of the same.

In the list of sums provided in your Estimates for the current fiscal year, and as submitted in Departmental letter of June 30th last #160-2, I note that the sum of $300 is included for general repairs and painting at this school. I had hoped that some of this amount might still be available for the purchase of the washing machine, but the Principal wrote to me in August to say that a large part of this amount had already been used, and that the painting was essential to preserve the fabric of the main school building from deteriorating.

A similar washing machine will be required for our Aklavik School but owing to lack of transportation consideration of this need may be deferred until next year.

Very kind regards,

Faithfully yours,

T B R Westgate

Secretary of the Commission.

Ottawa,
October 29, 1941.

Reverend Sir:

I am in receipt of your letter of the 17th instant with reference to a request that you have received for a new washing machine for the Moose Fort Residential School.

As you were previously advised, an amount of $300.00 was included in the current year's appropriation for repairs, improvements and purchase of new equipment at the Moose Fort School. We have had no communication from the Principal with regard to the expenditure which he advises you he has incurred. Consequently the $300.00 is still available. If you so desire I am prepared to recommend to the Minister that this amount be allowed to your Society toward the cost of the washing machine. I regret, however, that we cannot allow any larger amount than $300.00.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Sir:

Referring to your letter of the 29th October, No. 44-6-5 re Moose Fort Residential School.

Enclosed herewith please find receipted accounts in triplicate for $312.75 and $146.66 -- $459.41, from the T. Eaton Co. Ltd., and the Sherwin-Williams Co. respectively.

May I request that cheque for $300.00 be sent to the Commission at your convenience, to reimburse them to that extent for the amount expended?

Yours faithfully,

Assistant Secretary-Treasurer,
Indian & Eskimo Residential School Commission,
M.S.C.C.

Dear Sir:

I have your letter of the 20th instant with reference to the request of the Principal of the Moose Fort Residential School for a hand spraying machine to apply whitewash on the barn.

This is a Church-owned school and each year we provide a certain amount for repairs, improvements and purchase of new material. The amount provided in the current year's appropriation has now been expended and consequently no further expenditures can be made.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

THE INDIAN AND ESKIMO RESIDENTIAL SCHOOL COMMISSION
THE MISSIONARY SOCIETY OF THE CHURCH OF ENGLAND IN CANADA

THE REVEREND,
GILBERT THOMPSON, B.A., L.Th.,
PRINCIPAL.

BISHOP HORDEN MEMORIAL
INDIAN RESIDENTIAL SCHOOL,
MOOSE FACTORY, ONTARIO.

Feb'y 10/42.

Department of Mines & Resources
Indian Affairs Branch
FEB 14 1942
RECEIVED

The Secretary,
Indian Affairs Branch,
Dept. Mines & Resources,
Ottawa.

Dear Sir;

Herewith, please find vouchers made out for the services of a nightwatchman at this school for the months of November and January.

I have received a cheque for the month of December, but to the best of my knowledge I have not received a cheque for the month of November.

I would be much obliged if you would check up on this for me.

Thanking you, I am,

Yours truly,

Gilbert Thompson

Dear Sir: Re: Stables at Moose Residential School.

With further reference to whitewashing the above stables regularly - Mr. Thompson, the Principal, has again requested a hand spraying machine.

Could this be purchased from the current year's appropriation for this school?

Yours truly,

Dr. T.J. Orford.

MAY 9
REGISTERED

Dear Sir:

For some time I have been attempting to obtain specifications for a suitable chlorinator for the drinking water supply at the Moose Residential School.

Due to the set up of the pumping system, it appears that a pressure type of injector will be required. Three firms have submitted replies to my inquiries - two of whom require further information which is being supplied.

Enclosed is the letter and folder supplied by the Arthur S. Leitch Company Ltd., of Toronto. The equipment illustrated appears to be that required.

I presume the Department will undertake the cost of equipment - probably out of funds set aside yearly for additions, improvements, etc. There is a real need for this installation for there is no doubt that pollution of the Moose River will increase from year to year.

Will you kindly return the enclosure to me after your perusal of same.

Yours truly,

T. J. Orford.

AIR MAIL

June 2nd, 1942.

Dear Sir,-

Re: Water Supply, - Moose Fort Indian
Residential School

The Indian Affairs Branch has asked this Service to prepare specifications for a chlorinating unit for your school, but before doing so we should have certain information regarding the conditions under which the equipment will have to operate. This information should include the source of supply, its distance from the school, and bacteriological analyses of the water; also the type and capacity of the pumping unit, whether it is located in the school or in a separate pump house, and whether it is driven by a gasoline engine or an electric motor. It will also be necessary to know the voltage of the electric current available, if any, and if it is alternating current the frequency should be stated. The number of persons served should be given.

Kindly forward this information to the undersigned as soon as possible, so that the necessary specifications may be prepared.

Yours faithfully,

T. S. Mills,
Chief Engineer.

10 JUL 1942

Dear Mr. Phelan:

I have just received your letter of the 1st inst. 775-0-5, being a reply to a letter addressed to you from this office on the 24th ult. regarding payment of the sum of $300.00 for expenditures incurred at our Fort George School.

Your opinion that this account was settled by your cheque 62659 for $300.00 issued on March 4th last, is not correct, as the voucher which accompanied that cheque clearly states that it was for "Supplies purchased for the Moose Fort Residential School". That cheque was issued in response to the request embodied in our letter of December 22nd last. That is the only cheque we have received, and I will be obliged if you will give the earliest attention you possibly can to the request embodied in our letter of the 24th ult. for the $300.00 due in connection with our Fort George School.

Yours very truly,

T B R Westgate

Secretary of the Commission.

44-6-5

Ottawa, July 9, 1942.

Dear Doctor Westgate:

With reference to your letter of the 6th instant, the information given in my letter of July first was correct.

I note that you refer to your letter of December 22, with which you enclosed accounts for supplies purchased at the Moose Fort Residential School. When these accounts reached the Department there was only $284.30 available from the amount provided in the 1941-42 appropriation for expenditures at the Moose Fort School. Consequently, we could only send a cheque for this sum instead of for the $300.00 previously mentioned. No doubt, you have received the latter cheque.

Yours very truly,

Philip Phelan,
Chief, Training Division.

Memorandum:

Mr. Phelan.

In reply to your memorandum of the 18th instant, regarding chlorination unit for the Moose Fort Residential School, I may say that the excerpt of Dr. Orford's letter of May the 5th, 1942, does not supply the information requested in my memorandum of the 14th instant. My instructions to obtain a complete report on the necessity for the installation and to secure concrete evidence of contamination of the Moose Fort water supply were based upon information which was submitted by Departmental technical staff, and which reads in part as follows:-

"However, before any further action is taken towards purchasing this equipment we would strongly recommend that some concrete evidence be submitted showing the source of supply (Moose river) to be contaminated. Samples of water should be forwarded here for bacteriological analysis, if such analyses have not already been made, and a sketch showing the location of the intake in relation to any sewer outlets or other possible sources of contamination should be submitted. The locality is remote from any large centres of population and it seems most unlikely that a river of this size would be sufficiently contaminated to require chlorination except under unusual local conditions. If such conditions do obtain, the Department should be informed of them."

Will you please arrange to secure from Dr. Orford the desired information and samples of water or analysis of same.

H.J. DAVIDSON

EAP

Dear Sir:

In your letter of May 5 you requested that a chlorinator be secured for the Moose Fort Indian Residential School. The request together with the information you forwarded was submitted to our Purchasing Branch and has also been considered by the Departmental technical staff.

The technical staff has expressed the following opinion:

"However, before any further action is taken towards purchasing this equipment we would strongly recommend that some concrete evidence be submitted showing the source of supply (Moose River) to be contaminated. Samples of water should be forwarded here for bacteriological analysis, if such analyses have not already been made, and a sketch showing the location of the intake in relation to any sewer outlets or other possible sources of contamination should be submitted. The locality is remote from any large centres of population and it seems most unlikely that a river of this size would be sufficiently contaminated to require chlorination except under unusual local conditions. If such conditions do obtain, the Department should be informed of them."

It would be appreciated if you would forward the desired information and samples of water for analysis of same.

Yours truly,

Philip Phelan,
Chief, Training Division.

I received a letter under date of January 10th, 1942, from W.N. Turpel, M.D., D.P.H., Division of Epidemiology, Department of Health, Ontario from which I quote /

> "Dr. Berry, the Director of the Sanitary Engineering Division also suggests that you instal a small hypochlorinator machine on your pumping system, which will ensure a safe water supply to the school"

The following is quoted from a letter dated February 5th, from Dr. P.E. Moore -

> "I believe that there is sufficient endemic typhoid in the North to make it advisable to vaccinate the children in the Residential school. I believe that a small chlorinating machine such as you suggest should be installed."

The following is quoted from a letter dated February 9th, received from Mr. Hugh McIntyre, Provincial Sanitary Inspector:

> "I think you have very good grounds for suspecting this source of supply for drinking water (Moose River) in view of the fact that all the sewage from Timmins, Iriquois Falls, Cochrane, Smoothrock Falls, Kapuskasing and Hearst goes into its tributaries. No doubt some considerable distance separates you from these sources of pollution but such steady and long continued pollution is bound to tell in the end, especially as the discharge of paper mill waste tends to kill off fish in these rivers. My opinion is that the river water should not be used unless boiled or chlorinated. I always understood the river water at Moose Factory is brackish, especially at high tide."

The following is quoted from a letter received from Dr. Moore dated February 11th:

AUG 19

Dear Sir:

Re: Chlorinator for Moose Factory Indian Residential School - Your letter of July 22nd, File 44-6-5

On November 18th, 1941, a school girl developed symptoms referable to a diagnosis of Typhoid Fever. There had been no known contact and possible sources of carrier infection were investigated without result. Diagnosis was positively confirmed by Widal reaction of blood sample sent to Ontario Department of Health.

Water sample taken from the school tap at that time and sent to the Ontario Department of Health was classified as "D" with a count of colon bacilli found in 1 c.c.

I received a letter under date of December 22nd., 1941, from Mr. Hugh McIntyre, Provincial Sanitary Inspector at Kirkland Lake, from which I quote -

"The samples of water which you have had tested give very poor returns ----------I may say the Mattagami River (a tributary of the Moose) has been found to be constantly infected by Typhoid as far North as Smoothrock Falls, and there is a possibility of infection occasionally from the Moose River water in consequence. Such water should not be drunk at any time without boiling."

N. A. Hoey, Esq.,
Supt. Welfare & Training,
Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa, Ontario.

Dear Mr. Hoey:

After receiving your letter of June 30th last, No.160-2, in which you advised that a grant of $500.00 was available for repairs, improvements, etc. at our Moose Factory School, I wrote to the Principal requesting a list of repairs etc. to be undertaken, also a list of the materials required to complete the same. Enclosed herewith is a copy of his reply, and I will be obliged if you will let me know at your earliest convenience if the grant of $500.00 (less the $25.00 already expended) may be used in providing the Septic tank suggested.

No order should be given for any of the materials listed, until further notice, as the total cost will greatly exceed the grant from your Department, and we must know how this is to be provided.

It will be a help to us in deciding whether the building of the tank is to be undertaken or not, if we know whether the grant (now $475.00) can be applied towards this purpose.

Yours very truly,

T. B. R. Westgate

Secretary of the Commission.

Re: Repairs, Moose Factory
Indian Residential School.

Dear Doctor Westgate:

I have for acknowledgment your letter of the 20th instant and also copy of a communication received by you from the Principal of the Moose Factory Residential School, sent forward therewith.

It has occurred to me that it might be advisable for you to send forward a list of the supplies needed for the construction of a septic tank at the school, to a value of approximately $500.00. These supplies in our case will have to be purchased in the regular way through our Purchasing Division. I am anxious that you should carefully note this fact because we have been reminded recently that owing to priority ratings all purchases must be made by our purchasing agent. It is just possible that difficulty may be experienced in securing a number of the articles included in the list supplied by Mr. Thompson.

Yours very truly,

H. A. Hoey,
Supt. of Welfare & Training.

Supt. Welfare & Training,
Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa, Ontario.

Dear Mr. Hoey:

I am writing for the specific purpose of soliciting your help in enabling our Commission to retain at their Moose Factory School the services of Mr. John H. Long, the Engineer. In a letter just received from him he states that he had received a notice to report for medical examination and military training, and while he felt doubtful about being accepted for active service, there was a possibility that he might be taken for some form of service.

The Reverend Principal Thompson of our Moose Factory School, when writing to me in this connexion, stated that Dr. Orford had examined Mr. Long, and he thought that "due to the foot defect he would probably be put in category "C"."

As our Commission, since Canada entered into war, has released approximately fifty staff agents, or nearly one-third of all of their school staffs, they felt that in this way they have made a valuable contribution to the war effort. The finding of other men and women to take their place has imposed a very heavy strain on our Commission and especially on our office staff, and at the present time we have important staff vacancies which we are most anxious to fill. Half of the men who are engineers at our schools have enlisted, and if Mr. Long is taken away for any reason whatever, it may be months before we are able to secure anyone else to take his place. Principal Thompson is relying on him to supervise the installation of the septic tank referred to in your letter of August 24th last, #44-6-5, and I can assure you that any help you may be able to give us in arranging for Mr. Long to remain where he is will be fully appreciated.

Yours very truly,

T B R Westgate

TBRW:A. Secretary of the Commission.

Re: Engineer, Moose Fort
Residential School.

Dear Doctor Westgate:

I have for acknowledgment your letter of the 3rd instant, in which you solicit our help in retaining the engineer at the above-noted school.

You will be interested to learn that a number of somewhat similar requests have reached this Branch since the outbreak of war. I regret to state, however, that under existing regulations it is not possible for the officials of this Branch to intervene, either directly or indirectly, in such matters. We have been informed that no exceptions can be made in regard to men called up for military training. It is just possible, of course, that in the case of Mr. Long his physical disabilities will be such that he will experience little difficulty in securing a release. In any event, we are powerless to take any action in cases of this nature.

Yours very truly,

R. A. Hoey,
Supt. of Welfare & Training.

Dear Mr. Hoey;

Mr. Testrake has forwarded me a copy of your letter to him under the date of Aug. 24th., relative to the installation of a septic tank and flush toilet system. As a result I am submitting herewith a copy of the estimate submitted by the George Taylor Hdw. Co., Cochrane, Ont. I am deleting the cement and one or two other items in order to keep within the $600.00 to be sanctioned for this work this year. It is now too late to commence cement work outside this year. If we can get the necessary inside installation done during the winter months we would be free then to continue with the outside work next year if approval were given.

W&T JUNIOR TESTER

Chlorine feed rates are usually adjusted so that there is a slight excess of chlorine remaining after treatment is completed. This excess is referred to as "Residual Chlorine" and can be readily measured to determine that the correct amount of chlorine has been added.

When a chlorine feed rate produces a residual higher than required, chlorine is being wasted and, of course, when the residual is less than that required, the desired results will not be obtained. In the interests of economy and proper chlorination, it is essential to adjust chlorine feed rates accordingly

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 2)

Proper adjustment of chlorination to meet the seasonal changes in chlorine requirement therefore, demands a simple method of determining chlorine residual quickly and with laboratory accuracy

Because it is simple, easily and quickly performed and because it requires no special chemical or technical training, the ortho-tolidin color comparison test is widely used for this purpose Ortho-tolidin when added to water containing residual chlorine will develop a greenish yellow or orange color. The intensity of the color developed varies with the amount of residual chlorine present

To meet the demand for an accurate, permanently reliable, yet inexpensive device for this color test, the W&T Junior Tester is of particular advantage where chlorination will be confined to narrow residual limits and where requirements do not warrant the purchase of standards for a complete range as furnished with the W&T Comparator

This apparatus is furnished with either of two sets of standards. For drinking water chlorination it is customary to use the standards which show residuals of 0 1 parts per million and 0 3 parts per million For swimming pools and applications where higher residuals are usually in order, a set of color standards for 0.2 p.p m. and 0 5 p p.m. is furnished. With either set of standards, it is an easy matter to interpolate the results of any test

Description

Consisting of a housing which is firmly supported on a broad base, the Tester is made of moulded plastic material which is durable, resistant to corrosion and not affected by either acids or alkalis Two rectangular sample tubes fit into the housing one for the sample being tested and the other for an untreated sample. By this means natural color and turbidity in the water are automatically compensated for and a true reading of residual is obtained. An even diffusion of light over the samples is assured by milk glass set in the back of the case Non-fading, accurate color standards are built into the front of the case with the numbers which indicate the value of each standard. The standards are made of a carefully colored and accurately calibrated glass, permanently maintaining their reliability

Operating Procedure

Clean both tubes and fill to 10 cc. mark with water to be tested

To one tube containing sample of water, add 0 5 cc of ortho-tolidin reagent, mix thoroughly and place in center compartment of test kit. Allow maximum color to develop,—which usually takes from 5 to 10 minutes

Compare developed color in center tube with glass color standards by placing untreated sample tube first in left hand compartment and then in right hand compartment of test kit. Residual values must be estimated if the developed color lies between the two color standards

General

Square sample tubes provided with this Tester eliminate shadow interference and all color standards are calibrated for the 13 m m. depth of liquid and the quantities of water and reagent as indicated It is essential that the correct sample tubes and color standards are used at all times with this kit

Before taking readings be sure that the glass color standards, the sample tubes and the frosted glass in the back of the case are clean

Never test samples that have stood in sunlight as the color developed by ortho-tolidin will fade

CONVENIENCE

Represented in 32 convenient cities, a nationwide organization of Wallace & Tiernan specialists in sanitary and industrial chlorination are ready to be of service They are prepared to offer advice on any phase of the application of chlorine for any purpose. Feel free to call on them or to write direct

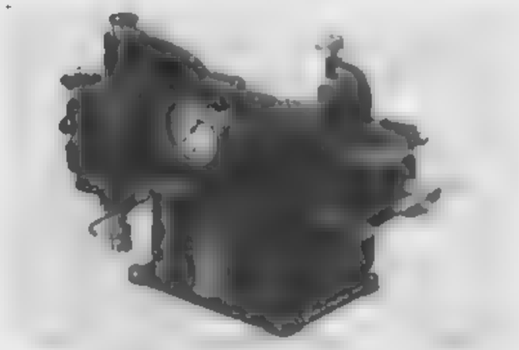
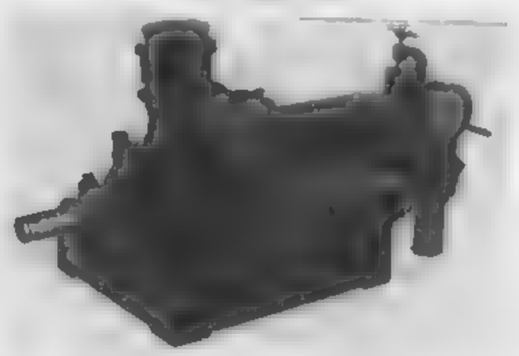
W&T Hypochlorinator—Manual Control, Electric Motor Drive.



W &T Hypochlorinator—Manual Control, Water Motor Drive.



W &T Hypochlorinator—Automatic Control, Water Motor Drive.

THE W&T HYPOCHLORINATOR

Chlorination of the small water supply, either public or private, where chlorine requirements are small and supervision limited, presents a distinct problem in the field of sanitation. Today, more than 85% of the country's domestic water supply is chlorinated but, in many instances, smaller supplies have been neglected due to the lack of suitable equipment. The W & T Hypochlorinator has been specifically designed to meet this need. Small in size, easily installed and requiring a minimum of operating supervision, it offers for the small supply the efficient protection of chlorination at the lowest possible cost.

How the W&T Hypochlorinator Operates

The Hypochlorinator consists essentially of a diaphragm pump constructed of corrosion resistant material and so designed that the rate of chlorine application may be easily adjusted to properly chlorinate the water flowing through a pipe line. The fundamental operating principle is outstanding from the standpoint of design and is exclusive with W & T Hypochlorinators. It consists in the use of a *balanced diaphragm* with a single suction valve and single discharge valve, solution being drawn into the diaphragm chamber on the suction stroke and forced out to the point of application on the discharge stroke. On the delivery side of the diaphragm the pressure is the same as that at the point of application. On the reverse side of the diaphragm, water under full main pressure is allowed to flow into the diaphragm chamber through a suitable control or balancing valve which confines this water and balances the diaphragm between equal pressures. Pumping is accomplished by application of an intermittent impulse which causes the diaphragm to reciprocate in a manner similar to a pump piston. This principle of operation gives extraordinarily long diaphragm life because of minimum strain on the diaphragm and, in addition, allows the pump to deliver a uniform volume of solution regardless of the water pressure encountered. Control of the pump may be effected either with a small electric motor or specially designed water driven element depending upon existing conditions at the point of application. Manual or semi-automatic (automatic start and stop) operation can be used on either electric or water driven type and a third type, water driven and meter controlled, will automatically proportion the rate of chlorine application to the water flow. Hence the W & T Hypochlorinator is readily adaptable to any small water supply whether it be a steady flow, a pumped supply with automatic start and stop, or a variable flow gravity supply

INSTALLATION DIAGRAM
ELECTRICALLY OPERATED HYPOCHLORINATOR
WALLACE & TIERNAN

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 2)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Electrically Operated Hypochlorinator

The Electrically Operated Hypochlorinator is particularly adaptable for use on small pumped water supplies operated either manually or by automatic start and stop of the pumping unit. The equipment is operated by water under pressure equal to or greater than that into which the chlorine solution is applied and operation is directed by means of a small electric motor. Since water pressure furnishes the major part of the power needed to operate the Hypochlorinator, the electric power required is greatly reduced and the small electric motor used consumes no more than 40 watts—at ordinary rates, a cost for electricity averaging not over 5c. a day. Waste water is also reduced to a minimum and averages no more than a quarter of a gallon per minute.

Rate of chlorine application may be varied by changing the length of the pumping stroke or by the choice of either of two operating speeds, the total capacity range of the apparatus being 36 to 1. Motor and gears are entirely enclosed and operate in an oil bath—hence there is no lubrication problem.

The Electrically Operated Hypochlorinator is designed to operate on any water pressure from 5 lbs. to 125 lbs. per square inch. For pressures below 5 pounds per square inch or where negative pressure exists at the point of application, a special electrically operated unit has been designed which operates entirely on electric power and has no water connections or fittings.

Water Operated Hypochlorinator

The Water Operated Hypochlorinator uses only water pressure for operation, one flow being used to operate the balanced diaphragm and another flow controlling the operation. Since it is entirely independent of electric or external mechanical power it is particularly well adapted for emergency work, for standby or duplicate installation, or for any installation requiring a steady rate of chlorination. The equipment is operated by water under pressure equal to or greater than that into which the chlorine solution is applied, the minimum water pressure being 10 pounds per square inch and the maximum 125 pounds per square inch. By using the pilot principle of design wherein minute mechanical forces are able to operate the equipment with small quantities of water, the amount of waste water is reduced to a minimum and averages not more than one-half gallon per minute. Variation in rate of chlorine application is accomplished by changing the number of pumping strokes per minute and gives a 12 to 1 range. An important advantage of the W & T Water Operated Hypochlorinator lies in the fact that the suction stroke is extremely rapid, requiring only a small percentage of the running time and hence the rate of chlorine application is remarkably steady

Automatic Hypochlorinator

Because of wide flow variations on small gravity water supplies, an automatic meter driven chlorinator of small capacity has long been in demand. The W & T Automatic Hypochlorinator fulfills the requirements for this type of installation in all respects. Operation is similar to the Manual Water Operated Hypochlorinator but the rate of pumping and hence the rate of chlorine application is directly controlled by a water meter installed in the main water line. Any type of meter in which a shaft turns in direct ratio to the flow of water through the meter may be used, and the chlorine applied will be at all times proportional to the water flow. Variation in treatment is accomplished by varying the length of stroke, for which purpose a control handle and dial are provided on the equipment. The accuracy of the W & T Automatic Hypochlorinator when used with small water meters is outstanding and is due to the important and exclusive principle of design wherein small mechanical power is required to activate the balanced diaphragm pump an advantage found only in W & T equipment.

Short Specifications for W&T Hypochlorinator

TYPE: The Chlorinator shall be a Manual or Automatic Control Operated Hypochlorinator designed to feed Electrically or Water sterilizing solution in the form of hypochlorite for treating a flow of to gallons per minute in a main under a pressure of pounds per square inch. The Chlorinator shall be capable of operating successfully against a main pressure as high as 125 pounds per square inch.

CAPACITY AND MEASUREMENT: The Chlorinator shall have a capacity of pounds of chlorine per 24 hours when continuously using solution of 1% strength. The [illegible] shall be such that it will not be necessary to change the strength of the hypochlorite solution. The [illegible] shall be of the positive displacement type, shall be driven by means of a diaphragm pumping unit.

DIAPHRAGM: The Chlorinator shall be equipped with a fabric reinforced hypochlorite resistant diaphragm ¼" O D and 3/16" effective diameter preformed to a proper up shape to insure freedom from strain. The diaphragm shall be balanced by means of water pressure on both sides and with adequate provision to offer [illegible] pounds per square inch differential to strain and insure accuracy of measurement over all operating conditions. The manufacturer shall state at the time of bidding the [illegible] which the solution shall be delivered to the point of application, namely from pounds to pounds per square inch.

METHOD OF CONTROL: (A) **Manual Electrical Control.** The Chlorinator shall be actuated by water [illegible] equal to or greater than that existing at the point of application and [illegible] shall be controlled by an electric motor through a suitable gear reduction.

Adjustment of the length of pumping stroke shall be accomplished by changing the position of the driving arm along the stroke adjustment [illegible] read directly proportional to the pumpage in gallons per [illegible] hour. The [illegible] of adjustment shall range from the Hypochlorinator from maximum to minimum [illegible].

B **Manual Water Control.** The Chlorinator shall be actuated and controlled by water pressure [illegible] are equal to or greater than that existing at the point of application [illegible] pressure [illegible] of water pressure [illegible] pounds per square inch. Not more than [illegible] pounds per square inch. The length of pumping stroke shall be [illegible] and the frequency of strokes shall be adjustable over a range of [illegible] to. The frequency of pumping stroke shall be regulated by adjustment of the Flow Controller Valve which admits water to the power diaphragm chamber. The sterilizing solution shall be delivered to the point of application during at least 80% of the time and the Chlorinator shall be capable of being started and stopped by merely turning on and off the water supply.

(C) Automatic Control: The Chlorinator shall be actuated by water under pressure equal to or greater than that existing at the point of application and shall function satisfactorily with an operating pressure as low as 10 pounds per square inch. Not more than 0.5 of a gallon of water per minute shall be required to [illegible] the apparatus.

The operation of the Chlorinator shall be controlled by means of a water meter of the type in which an element revolves in direct ratio to the water flow so that the feed of sterilizing solution is in direct proportion to the flow of water.

SPARE PARTS: There shall be furnished with each Chlorinator in addition to the necessary solution [illegible] set of assorted gaskets, a one piece all [illegible] diaphragm and a strainer assembly constructed of fine silver wire for use in the end of the suction line.

SUPERVISION OF INSTALLATION: The Chlorinator shall be installed under the direct supervision of a factory trained [illegible] of the manufacturer who shall maintain adequate service facilities and [illegible] stock of repair parts which is not over miles from the point of installation.

At Your Service

Wallace & Tiernan equipment is manufactured in Canada, the United States and England. Due to superior design and workmanship, it has enjoyed world-wide leadership since earliest days. This assures you of the services of a large staff of chlorination specialists, ready to deal with your problems in water, sewage or swimming pool purification. Over 20,000 installations of W & T equipment have been made to date, over 1,000 of which are in Canada.

Estimates on equipment suitable for your conditions will gladly be furnished on request.

Mr. H. J. Davidson, Purchasing Agent,
Department of Mines and Resources,
Ottawa, Canada.

Subject: Requisition 43,405-15-2
Chlorination - Moose Fort, Ontario
Water Supply

Dear Sir:

In accordance with your letter of Oct. 14th, we are pleased to quote below on Hypochlorinating equipment which will feed at a constant rate dosage but will automatically stop and start in synchronism with pump operation. Our quotation also includes all accessories as mentioned in your specifications.

On one Water Motor Operated Type HWM Hypochlorinator, together with solenoid water valve, 30 gallon solution container and Ortho Tolidin Testing Outfit, we are pleased to quote, subject to the terms noted below, (FOUR HUNDRED AND NINETY-FIVE DOLLARS).....$495.00 f.o.b. your nearest rail point, sales tax included.

This particular type of Hypochlorinator, as described by the attached Technical Publication No. 178, has the particular advantage of allowing for installation either in the pump pit or on the pump discharge line as it enters the building housing the pressure storage tank.

Placing the facilities of this organization entirely at your disposal, we are,

Very truly yours,
WALLACE & TIERNAN LIMITED.

J. B. Kinney,
Manager.

JBK:RT.
Enclosure.
Copy - Dr. Moore, Department of Mines and Resources,
Indian Affairs Branch, Booth Building, Ottawa.

This quotation is subject to thirty days acceptance and to our usual terms of payment: net cash thirty days from date of invoice; title to remain in us until the equipment is paid for in full.

Wallace & Tiernan Ltd. warrant for a period of one year after shipment that the apparatus shipped, of our manufacture, is free from defects in workmanship and materials, but its liability is limited to the replacement f. o. b. Toronto, of the defective parts thereof.

Ottawa,
December 21, 1942.

Reverend Sir:

With reference to your letter of October 8, requesting hardware and other supplies for the Moose Fort School, an order was placed with The George Taylor Hardware Company, Cochrane, Ont., and a copy of the order was forwarded to you on October 29. Practically all the articles you requested were ordered, with the exception of the automatic flush tank for urinals. This was quoted at a price of $84.80 and if it had been supplied would have brought the total above the amount specifically allowed in the current year's appropriation. The item was, therefore, deleted. I am now in receipt of the attached account from the firm and, if you have received all the articles listed, you should certify the account and return it to this office in order that payment may be made. Your prompt attention would be appreciated.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Subject: Moose Fort Indian Residential School
Water Chlorination

Dear Sir:

In reply to your letter of Jan. 11th, we would advise that we expect to have a representative in Ottawa not later than the week of Jan. 25th and possibly before. We will be pleased to call on you at that time, and trust that this itinerary will be early enough to serve your purpose.

Assuring you of our desire to cooperate in the best possible manner, we are,

Very truly yours,
WALLACE & TIERNAN LIMITED.

Memorandum:

THE PURCHASING AGENT

The Schools Branch has had some correspondence with you regarding the chlorinator for the Moose Fort Indian Residential School water supply. A representative of Wallace & Tiernan, Ltd., Toronto, called here today and was seen by Mr. Phelan and myself. I believe that Wallace and Tiernan supply the majority of chlorinating apparatuses that are recommended by various Public Health officials. They are recognized specialists in this field. The outfit that they quoted on in their letter to you of October 19, of which I received a copy, would be the chlorinator that I would recommend for this school. The price quoted was $495.00 F.O.B. Moosonee.

I am not quite sure whether it would be necessary to have a man go from Toronto to install it, but rather think that with suitable instructions, someone at Moose Factory would be able to make the installation. This Branch has forwarded previous evidence as to the necessity of putting in this chlorinator as the river water is unsafe to drink and on reports from the Department of Health, Toronto, has been graded unfit for human consumption.

P. E. Moore, M.D., D.P.H.
Acting Superintendent of Medical Services

Memorandum:

DEPARTMENTAL PURCHASING AGENT

Re: Chlorinating Plant, Moose Fort
Indian Residential School.

In memorandum of October 29, 1942, you were requested to take no further action with reference to the purchase of the above in view of the fact that we had already expended the major portion of the amount provided in the current year's appropriation for repairs, improvements and purchase of new material at the above-mentioned school.

Additional information received regarding the necessity for a chlorinating plant at this school is reflected in Dr. Moore's memorandum of January 26 in which he strongly recommends the immediate purchase of this equipment.

In our current year's appropriation there is an amount of $1000.00 for maintenance of equipment at church-owned residential schools. It has not been found necessary to expend any of this amount and, if the purchase of the chlorinating plant is approved, it will no doubt be possible to transfer sufficient funds from the amount mentioned to the Moose Fort School in order to provide the sum of $498.00 which is the cost of the chlorinating plant.

R.A. Hoey,
Supt. of Welfare & Training.

Ottawa,
February 1, 1943.

Reverend Sir:

I have your letter of the 26th ultimo, enclosing invoice from the George Taylor Hardware Company. This account is being passed for payment. With reference to the additional amount which you consider will be required, you should write to me again early in May. At that time I will likely be aware of the amount allowed in the appropriation for the fiscal year 1943-44 for repairs and improvements at the Moose Fort School.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Ottawa,
February 4, 1943.

Dr. T.J. Orford, Indian Agent, Moose Factory, Ont.

As you know, the Moose Fort Residential School is a Church-owned building and we provide specific amounts for such buildings in our appropriation and are not allowed to exceed them. Other supplies purchased for the Moose Fort School during the past few months have practically exhausted the amount specifically provided and, as a consequence, we did not have funds for the chlorinating unit which you have recommended. However, we now find that we can transfer funds from another appropriation where the money was not required and consequently we have made further inquiries and are practically ready to make the purchase.

The information that we have received indicates that electric power is available and is 110 volt direct current. Is this information correct? If not, let me know the strength of the electric power available. It is very important that we should have specific information on this point as it affects the type of chlorinating unit which we will purchase.

R.A. Hoey,
Supt. of Welfare & Training.

FEB 26 1943

PLEASE QUOTE FILE 43405-15-2 Ont.

OTTAWA February 1, 1943.

Memorandum:

Mr. Hoey.

We have your memorandum of the 30th ultimo, regarding proposed purchase of Chlorinating Plant for the Moose Fort Church of England Indian Residential School. On the 29th of October last, approval was granted for the purchase of this equipment from the Paterson Engineering Company of Canada, Ltd., Toronto, at a price of $326.00 f.o.b. Moosonee, Ont.

It is noted that you now recommend the purchase of the higher priced equipment offered by Wallace and Tiernan, Ltd., Toronto, at $495.00. If the Wilson DES-0 Pulsafeeder offered by the Paterson Company is not considered satisfactory, will you please advise in what respect it does not conform to the specifications prepared by the Surveys and Engineering Branch, or in what respects the Wallace and Tiernan product is sufficiently superior to warrant a difference of $169.00.

I enclose herewith our complete file on this subject for your assistance. Please return same with your reply.

H. J. Davidson.

February 23, 1943.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL

The undersigned has the honour to report:

THAT the appropriation for the fiscal year 1942-43, Vote No. 167, Indian Affairs Branch, Mines and Resources, provides an amount of $1000.00 for maintenance of equipment at Church-owned Indian residential schools;

THAT part of the above amount is required for the purchase of a chlorinating plant at the Moose Fort Church of England Indian Residential School at a cost of $386.00;

THAT, as this building is Church-owned, the purchase of new equipment constitutes a grant and, therefore, the approval of Your Excellency in Council is desirable.

The undersigned, therefore, recommends that approval be given for the expenditure at the above Indian residential school of the sum of $326.00, the same to be chargeable to Vote No. 167, 1942-43, Indian Affairs Branch, Mines and Resources.

Respectfully submitted,

Minister of Mines and Resources.

1. Dr. Wilson
2 pcs

Ottawa,
February 23, 1943.

Memorandum:

DEPUTY MINISTER

I enclose Memorandum to Council in connection with an amount of $326.00 required for the purchase of a chlorinating plant for the Moose Fort Indian Residential School.

Dr. Orford, Indian Agent, James Bay Indian Agency, and Dr. P.E. Moore, Acting Superintendent of Medical Services, recommend that a chlorinating plant be supplied immediately for the Moose Fort Indian Residential School, as the river water is unsafe to drink and reports received from the Department of Health, Toronto, indicate that this water has been graded unfit for human consumption.

In Vote 167, 1942-43, there is an amount of $1000.00 for maintenance of equipment at Church-owned Indian residential schools. It has not been found necessary to expend any of this amount. The sum provided in the current year's appropriation for repairs, improvements and purchase of new equipment at the Moose Fort Residential School has already been expended and consequently we are requesting authority to use an amount of $326.00 from the item "Maintenance of Equipment" for the purchase of the new chlorinating plant.

Director.

OTTAWA March 4, 1943.

Gentlemen,-

Attention Mr. Keith Mercer, Mgr.

We note from your letter of the 3rd instant, that to obtain delivery of the Wilson DES-O Pulsa feeder chlorinating unit for Moose Factory Indian Residential School covered by our purchase order #15134, you require a priority rating of AA3. Our experience has been that it is virtually impossible to secure such a high rating unless the end use of the equipment has a definite relation to the war effort. In this connection I may state that one of your competitors offered to supply a suitable chlorinating outfit if we could procure a priority rating of A-1-J or better.

In view of the above, will you please advise if it is not possible to obtain the required equipment with a lower rating than AA3. Otherwise we may be obliged to consider cancellation of our order.

You state in your tender of Sept. 10, 1942, that the unit is constructed of 60% Canadian goods. Would it not be possible for you to obtain the parts made in U.S.A. by means of a P.R.P. application.

Yours very truly,

H.J.Davidson

Subject: Moose Fort Indian Residential School
Water Chlorination

Dear Sir:

Following our letter of Jan. 14th replying to yours of Jan. 11th, the writer had the pleasure around the first of February of further discussing Hypochlorinators with Dr. Moore and your Mr. Phelan.

At that time U.S. priority ratings were required from purchasers of equipment but the situation has now changed and we as a Canadian manufacturer operating under the Controlled Materials Plan, may ship to essential users without the necessity of obtaining priority ratings.

It was my understanding at the time of our discussion referred to above that we would probably be favoured with a purchase order covering one of our Hypochlorinators as quoted on by our letter of Oct. 19, 1942.

May we assure you of our desire to be of the best possible service.

Very truly yours,
WALLACE & TIERNAN LIMITED.

PLEASE QUOTE
FILE 43,405-15-2
Ont.

OTTAWA March 9, 1943.

Dear Sirs,-

We have your letter of the 5th instant, outlining the high type of priority required to enable us to obtain delivery and importation of the type DMS-O pulsafeeder chlorinating unit covered by purchase order No. 15134 which we mailed you on the 1st instant. As the delivery promised is not satisfactory and as it will be impossible for us to obtain the priority asked for, please be advised that purchase order No. 15134 is hereby cancelled.

Yours very truly,

J.H.Davidson

41-6-5

March 18, 1943.

TO HIS EXCELLENCY

THE GOVERNOR GENERAL IN COUNCIL

The undersigned has the honour to report:

THAT the appropriation for the fiscal year 1942-43, Vote No. 167, Indian Affairs Branch, Mines and Resources, provides an amount of $1000.00 for maintenance of equipment at Church-owned Indian residential schools;

THAT part of the above amount is required for the purchase of a chlorinating plant at the Moose Fort Church of England Indian Residential School at a cost of $495.00;

THAT P.C. No. 81/1950 of March 13, 1943, authorized an expenditure of $326.00 and consequently an additional amount of $169.00 is required;

THAT, as this building is Church-owned, the purchase of new equipment constitutes a grant and, therefore, the approval of Your Excellency in Council is desirable.

The undersigned, therefore, recommends that approval be given for the expenditure at the above Indian residential school of an additional sum of $169.00, the same to be chargeable to Vote No. 167, 1942-43, Indian Affairs Branch, Mines and Resources.

Respectfully submitted,

Minister of Mines and Resources.

Ottawa,
March 18, 1943.

Memorandum:

[redacted]

I enclose Memorandum to Council in connection with an additional amount of $169.00 required for the purchase of the chlorinating plant for the Moose Fort Indian Residential School.

The reason for purchasing this plant at the present time was explained to you in my memorandum of February 23 last. At that time the Purchasing Branch considered that a suitable plant could be secured for $326.00. Subsequently it was found that this particular plant could not be secured without a very high priority. It was, therefore, decided to purchase a plant at a cost of $495.00. P.C. No. 81/1950 of March 13, 1943, only provided $326.00 and the additional amount of $169.00 is required.

Director.

Ottawa,
April 6, 1943.

Gentlemen:

Re: Purchase Order 17063,
dated March 9, 1942.

The above ordered a chlorinator for the Moose Fort Indian Residential School. I should appreciate your advising if you have shipped this equipment and, if so, the date on which it left Toronto. In the event of your having shipped it, please let me know on what date you forwarded the account to Dr. Orford. Funds for payment for this machine were provided in our last fiscal year's appropriation and, as the books will close in a few days, we are anxious to obtain the account as soon as possible.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Mr. R. A. Hoey,
Supt. Welfare & Training,
Dept. Mines & Resources,
Indian Affairs Branch,
Ottawa.

Dear Mr. Hoey;

With reference to your letter 44-6-5 you advised me to write you again with regard to the balance of materials needed to instal the septic tank and flush toilet system for this school.

I have been held up somewhat due to the fact that the mill at Moose River Crossing has recently changed hands and some delay was experienced in obtaining an estimate from them of the lumber needed for cribbing for the tank.

I trust that you will find the enclosed in order and will see fit to let us have the materials so that we can go ahead with the installation.

Thanking you in anticipation, I am,

Yours sincerely

Gilbert Thompson

44-6-5

Ottawa,
July 3, 1943.

Reverend Sir:

I have your letter of the 22nd ultimo, enclosing list of materials needed to install the septic tank and flush toilet system at the Moose Fort Residential School. In the current year's appropriation it was only found possible to include an amount of $500.00 for repairs, improvements and purchase of new equipment at the Moose Fort School and, as this is a Church-owned school, we are only allowed to expend the amount specifically provided. We have already purchased equipment for the installation of a chlorinator at a cost of $43.00 and this leaves a balance of $457.00 available. As this is all we can spend, we are requesting the Departmental Purchasing Agent to order the 200 bags of cement and the 400' of 6" vitrified tile. The school management will have to be responsible for the balance of the material.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

I am in receipt of your invoice No. T. 76167 of June 18, covering the cost of supplies shipped to the Moose Fort Residential School for installing a chlorinator.

One item on the account is a charge of $2.43 for freight. It will be necessary for us to have a receipt from the railway company for this amount before payment of this item can be made. It would be appreciated if you would forward it to me.

Yours truly,

Philip Phelan,
Chief, Training Division.

Ottawa,
August 5, 1943.

Dr. T.J. Orford, Indian Agent, Moose Factory, Ont.

I have your requisition of the 31st ultimo for 10 bags of lime for the Moose Fort Residential School. In the current year's appropriation an amount of $500.00 was provided for repairs and improvements at this school and we have already expended an amount of $460.52. If we can secure the lime for the balance remaining in the current year's appropriation, we will do so.

R.A. Hoey,
Supt. of Welfare & Training.

AUG 9 194

Dear Sir;

I am enclosing herewith the invoices from the George Taylor Hdw. Co., for cement and vitrified tile ordered through you.

You will note that due to the fact that a carload lot was being shipped into Moosonee there is a saving of $66.00 freight on the cement.

In you letter of July 3rd. #44-6-5 you stated that a balance of $457.00 was available. The present invoice absorbs $351. 32 leaving a balance of $105.67.

Would it be possible for you order the following for us from the George Taylor Hdw. Co., Cochrane, Ont.

1	#6201 Urinal Stall	54.00
2	663 Bottom Supply regulator	1.64
1	H661 Automatic Syphon	8.25
1	H493 Wall supply loose key	3.53
1	H702 Flush Pipe Assbly	6.37
		73.79

For your information I might say that the school management are supplying the other items on the original requisition.

Thanking you in anticipation. I am,

Yours truly,

Gilbert Thompson

EX'D
A

Reverend Sir:

With reference to your letter of the 28th ultimo, the Department approves the purchase of one bubbler drinking fountain at a cost of $9.88 for the Moose Fort Residential School. There is not sufficient unused balance in the current year's appropriation to permit us authorizing the purchase of two fountains.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

EX'D.

OCT 25 194

Dear Mr. Hoey;

Your letter 44-6-5 to hand relative to the supplying of one bubbler drinking fountain at a cost of $9.88 for this school.

Thankyou very much for approving of the same. I gather from your letter that you are leaving it up to me to place the order. As a result I am today placing an order with the George Taylor Hardware Co., Cochrane for the same.

I trust this action will meet with your approval.

Yours sincerely,

G. Thompson

Ottawa,
February 25, 1944.

Reverend Sir:

I have your letter of the 16th instant, enclosing invoice covering the cost of the drinking fountain purchased from the George Taylor Hardware Limited. This account included an item of 23¢ for prepaid express. As no receipt was attached from the express company, payment of this small amount could not be made. I should, therefore, appreciate it if you would arrange to forward 23¢ to the Taylor Hardware Company. We are forwarding them a cheque for $12.35.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

The Bishop Horden Mem. School,
Moose Factory, Ont.
May 30, 44

The Secretary,
Indian Affairs Branch,
Dept. Mines & Resources,
Ottawa.

Dear Sir;

I am returning the cheque for $40.00 made out to me, to cover salary for night watchman at this school for the month of April.

Since I was to be away from here from the middle of May Apr. to the middle of May I made out the requisition before leaving and left it for the Doctor-Indian Agent to sign at the end of the month.

Our night nightwatchman left us unexpectedly on Apr. 20th. and hence we are not entitled to the full $40.00. We should be entitled to $26.75.

I would be much obliged if you would send me a cheque for $~~26.75~~ $26.75 to cover this item.

Thanking you, I am,

Yours truly,

G. Thompson

Attention: Treasury Office.

My voucher number 972, 29/4/44/, in favor of Rev. G. Thompson was for $40.00 in payment of nightwatchman for the Moose Factory Residential School.

Mr. Thompson advises me that the man was on duty for only 20 days in April. The voucher therefor should have been for 2/3 of $40.00; $26,66,

Mr. Thompson has returned the cheque for $40.00 to Ottawa. Will you kindly make the necessary alteration and advise.

Yours

Thos Orford

Welfare and Training 44
to note

File

Ottawa, July 24, 1944.

Mr. Edmonds, of the Public Health Engineering Division, Department of Pensions and National Health, phoned to say that his Branch had been advised that difficulty was being experienced with water supply at the Moose Fort School and that he was proceeding on other business to the area in question tonight, and that he would be prepared to make an inspection and investigation if we so desired.

This was later confirmed by a further telephone call from Mr. G. H. Ferguson, Chief of the Public Health Engineering Division, who added that his department would be glad of the opportunity to perform this service without any cost to us. After consultation with Mr. Phelan, Mr. Ferguson was requested to have Mr. Edmonds go ahead as above mentioned, and instructions have been given accordingly.

A report will be submitted to us in due course. Mr. Edmonds, on arrival at Moose Factory is to get in touch with Dr. Orford and Rev. Gilbert Thompson. Mr. Ferguson added that chlorination places should be inspected by a qualified person about every six months.

ADDRESS ALL COMMUNICATIONS TO THE SECRETARY OF THE COMMISSION
REV. H. A. ALDERWOOD, D.D.

TELEPHONE 94 812

38-43 THE BIBLE HOUSE
184 ALEXANDER AVE. EAST
WINNIPEG, MAN

December 11, 1944.

Attention Mr. R.A. Hoey

Indian Affairs Branch,
Department of Mines & Resources,
OTTAWA, Ont.

Dear Mr. Hoey:-

With further reference to your letter of September 27th last #160-2 advising us of the amounts available for repairs, and purchase of new equipment for various schools.

Mr. Thompson in a letter dated November 3rd advised us as follows:-

> "One of our most urgent requirements at this time is a new set of lighting batteries. You may recall that I have written about this point before. Our batteries will not hold up for any length of time which means our Delco has to run longer hours and thus consumes more gas, etc. I wrote R.G. Stevens asking him to quote me on a new set of batteries which he says have a little larger capacity than our present set and which he thinks would be better for us since our load has increased somewhat. This set he quotes at $799.50 F.O.B. Moosonee. The set he recommends are KXG-17 batteries".

In your letter referred to above you advised the the sum of $500.00 was available and the Commission have instructed me to ask if the Department will secure the batteries Mr. Thompson requests, and allow the Commission to pay the balance, in order that the most necessary item of equipment may be supplied. If it is more convenient the Commission can purchase the batteries and present a request for a refund of $500.00 from the Department.

I shall be glad to hear from you and to know if the Department will approve this arrangement.

Yours truly,

WS*

Assistant Secretary-Treasurer.

Memorandum:

DEPUTY MINISTER

Re: Moose Fort Indian Residential School

The above-mentioned Church-owned school is operated under the auspices of the M.S.C.C. I have just received a letter from the Secretary of the M.S.C.C. stating that a new set of batteries is required and that these can be secured at a cost of $799.50, f.o.b. Moosonee.

In the current year's appropriation we provided an amount of $500 for repairs, improvements and purchase of new equipment at this school. We have already expended $37.50, leaving an unexpended balance of $462.50. The Secretary of the M.S.C.C. requests that we allow this amount toward the cost of the batteries. They will purchase the batteries themselves and submit a receipted account before receiving our allowance.

I should appreciate your authority to handle this matter in the manner suggested above.

Acting Director.

Ottawa, December 20, 1944.

Dear Doctor Alderwood:

I have your letter of the 11th instant, with reference to the necessity of securing new batteries for the Moose Fort Residential School.

As you state in your letter, an amount of $500.00 was provided in the current year's appropriation for repairs, improvements and the purchase of new equipment at this school. In October we had a letter from the Principal, stating that he needed two large clocks for the classrooms and had been unable to secure them. We purchased these at a cost of $37.50. This leaves an unexpended balance of $462.50. The Deputy Minister has approved allowing this amount towards the cost of batteries and, consequently, when you purchase the new batteries mentioned in your letter of the 11th instant, you should obtain a receipted account and forward it to this office, and the $462.50 will be refunded to your Commission.

Yours sincerely,

Philip Phelan,
Chief, Training Division.

Reverend H. A. Alderwood, D.D.,
Secretary, Indian & Eskimo
Residential School Commission, M.S.C.C.,

Reverend Sir:

Re: Purchase Order No. 27216.

This order was placed on October 18, 1944, with John Round & Son, Montreal, and a copy of the order was forwarded to you on October 20. It covered two large clocks. As yet we have not received the account.

Re: Purchase Order No. 28294.

This covered desks ordered from the Vilas Furniture Company, Cowansville, Que. The account has not yet reached us.

If the above items have been received, you should certify the accounts and forward them to this office immediately, as we desire to make payment from this year's appropriation. If you have not received them, please let me know.

Yours very truly,

Philip Phelan,
Chief, Training Division.

44 6 0

Dear Sir;

Re;Purchase Order # 27216

Two clocks were received from Cassidy's Ltd., Montreal. These arrived in Nov. However one of the clocks would not run upon receipt, so I returned the same. In Jan. I received the clock back again, and it is now alright. Unfortunately I have mislaid the invoice and thus have not been able to certify same for you.

Re; Purchase Order #28294. 44 6 0

Nothing has been received on this order as yet. In fact to the best of my knowledge nothing was requested by this school in the way of desks during the past year.

Yours sincerely,

G. Thompson

Re: Purchase Order No. 27216.

Dear Sir:

On October 18, 1944, the above order, covering two clocks, was forwarded to you. I am advised by the Principal of the Moose Fort Indian Residential School that these clocks were received from Cassidy's Limited, Montreal. The Principal also states that he has received the invoice but has mislaid it. It would be appreciated if you would send another copy of the invoice to this office, in order that we can arrange to issue cheque.

Yours truly,

Philip Phelan,
Chief, Training Division.

Re: Purchase Order No. [redacted].

The above was issued in favour of John Hound & Son, Limited, Montreal, for two clocks for the Moose Fort Indian Residential School. We recently wrote the Principal, asking him if he had received the clocks and, if so, to forward the account for payment. He stated that he had received the clocks from Cassidy's, Limited, Montreal, but had mislaid the account. We [redacted] wrote to Hound & Son, asking them to forward us another copy of the account. Today, I am in receipt of the attached letter and account from Cassidy's, Limited, Montreal. You will note the clocks are invoiced at the same price as stated on your purchase order. We will have to have your approval to pay Cassidy's, Limited, before the Treasury Branch will honour the account.

Philip Phelan,
Chief, Training Division.

Gentlemen,-

On October, 1944, we mailed you Purchase Order No. 27218 for two clocks for Moose Fort Indian Residential School. The clocks were received in good order, but have been invoiced by Cassidy's Limited, 51 St. Paul Street, West, Montreal.

Will you please advise by return mail if it will be in order to issue cheque in payment in favour of Cassidy's Ltd. If not, will you kindly send us a quadruplicate set of invoices on your own bill heads.

Yours very truly,

Departmental Purchasing Agent.

BISHOP HORDEN MEMORIAL INDIAN RESIDENTIAL SCHOOL

The Venerable
Archdeacon H.G. Cook,
Principal.

Moose Factory,
Ontario.

July 25th., 1945.

The Indian Agent,

Moose Factory, Ont.,

Department of Resources
JUL 30 1945
REGISTERED

Dear Dr. Orford:-

By all appearances the present accommodation for school children in the Residential School is not going to be suffuchent for our needs this coming term. The children of the village are coming to school in increasing numbers and we have decided that it will be necessary to re-open the building known as the old day school. This building can be converted , easily, into an adequate school but desks and a few furnighings are needed. I have enclosed a formal requisition which I hope meets with your approval. If you think fit it would be of considerable help if you could requisition for enough wall board to cover the ceiling. The building at present is of the very high roof variety and would take a lot of fuel to heat properly. The size of the roof or ceiling surface would be 45' by 30' and a sufficient number of 2by 4's to be used for studding, would be needed also.

Your early attention to this matter would be appreciated as time for school-reopening is not far distant.

Yours faithfully,

Henry G Cook

Ottawa, August 1st, 1945.

Dr. T.J. Orford, Indian Agent, Moose Factory via
Moosonee, Ontario.

I am in receipt of Reverend Cook's letter of July 25th and your requisition of July 24th requesting additional desks, etc. for the Moose Fort School. In view of the very small attendance at this school in the past it is difficult for us to understand why such a large number is expected for the coming year. Are the new pupils entering as Residential school pupils or are they simply coming as day school pupils? As you know arrangements have been previously completed for the operation of a day school for the summer months only. When replying you might let me know the number and type of desks at present in this school.

Philip Phelan,
Chief, Training Division.

P
Y

for P.Phelan, Esq.

Letter to Dr. Orford from Archdeacon Cook, dated Sept. 12th, 45 at Moose F.

Dear Dr. Orford

I am now in a position to give you the information asked by Mr. Phelan in his letter to you of August first.

At the moment there are eighty children in residence at the Horden School. From the village each day an additional fifty come in for classes. This latter increase is a direct result of the family allowance policy of compulsory school attendance.

We are using now two class rooms with the following desk installed.

Globe #2 size	28 desks
Globe #3 size	34 desks
Globe #5 size	30 desks

92

This gives us a total of ninety-two desks.

It is our wish to open another class-room to accomodate the increased registration. This increase was anticipated some months ago in our requisition of July 24th.

Yours faithfully,

(sgd.) Henry G. Cook

Ottawa, September 24, 1945.

Dear Dr. Orford:

With reference to your letter of the 13th instant and also Venerable Archdeacon Cook's letter of July 25, we are ordering the following for the Moose Fort School:-

18 single school desks, small,
18 " " " , medium,
6 " " " , large.

The information given regarding the desks is very indefinite, but as desks are made at the present time in only three sizes, we are ordering them as stated above. A teacher's desk and chair are also being ordered.

You may purchase locally the wallboard and lumber required.

Yours very truly,

Philip Phelan,
Chief, Training Division.

[redacted]

Re: Moose Fort Indian Residential School.
James Bay Agency.

Attached are the following accounts incurred by the Missionary Society of the Church of England in connection with the above mentioned school:

Mainguys Limited	$1637.53
Hill-Clark-Francis	113.22
John W. Fogg	44.28
George Taylor Hardware Limited	42.20
	$1,837.23

In the appropriation for the current fiscal year, Vote 183, an amount of $2,000.00 was included to assist the M.E.C.C. in providing a new power house at the Moose Fort Indian Residential School. This is a church owned school and Doctor Alderwood, Secretary of the M.E.C.C. has submitted the attached accounts and requests that they be paid from the provided funds as mentioned above. I would appreciate it if you would authorise the issuance of the necessary Purchase Orders.

Dear Mr. Phelan:

Re: Furnaces,
Bishop Horden Memorial School, Moose Factory

In the course of a recent conversation with you I understood that you have an item of $500.00 in your estimates for this year for miscellaneous services at the above school.

We recently supplied 5 new furnaces to that school and I enclose receipted invoices, in triplicate, of the Beach Foundry Limited covering these furnaces, grates, firebrick lining and freight, and totalling $919.15.

It will be appreciated if you can reimburse us to the extent of the $500.00 mentioned in the first paragraph.

Yours truly,

G. R. Turner

Bishop Horden Memorial School
Moose Factory, Ont.

As you are aware, following the typhoid epidemic at the above school in the fall of 1947, Mr. A. H. Perry, Supervising Engineer, Department of National Health and Welfare, carried out a thorough investigation of conditions there and submitted a comprehensive report. I quote from this report as follows:

" Improvements - Sewerage Systems, Anglican Mission

The present system of sewage disposal is entirely unsatisfactory and ever present menace to the safety of the Moose River water as well as creating a public health nuisance and menace from flies, etc. to the Indian tenting on camp ground in front of the Mission.

With the proposed construction of a new hospital imminent it would appear advisable to construct a small sewage treatment plant capable of handling the sewage from the hospital and other immediate buildings, as well as from the Anglican Mission. An Imhoff tank design would be recommended with proper disposal of the effluent away from the river and such as not to endanger the safety of the under-ground water. "

I saw in the local papers a few days ago that the construction of a new hospital at Moose Factory is now assured and that building operations are to start during the coming spring. I understand that this new hospital will be located on property immediately adjacent to the Bishop Horden Memorial School.

In view of the foregoing, it is requested that action be taken, as recommended by Mr. A. H. Perry, to carry the sewage from the Bishop Horden Memorial School to the sewage disposal plant provided for the new hospital.

May I suggest that approval of this request may be facilitated by the fact that we have been advised by your Deputy Minister, under date of 16th January, 1948, that provision for the purchase of this School has been made in the estimates submitted by your Department for 1948-49.

May we be advised, please, at your earliest convenience, of the action taken on this request regarding disposal of sewage from our school.

Yours sincerely,

G. R. Turner
for Acting Superintendent.

Memorandum:

[redacted]

You will recall that Mr. Perry, of the Department of National Health and Welfare, recommended that a common sewage disposal system be used by the Moose Fort Residential School and your new Hospital at Moose Factory.

It is our intention, if funds are provided, to purchase this school from the M. S. C. C. Therefore, we are concerned over the provision of an adequate sewage disposal system. Would it be possible to install a sewage disposal system at the hospital, which would also look after our school needs.

I would appreciate your referring this matter to your engineers, if you concur in such action.

Bernard F. Neary,
Supt. of Welfare & Training.

Mr. Neary

re: Sewage Disposal System, Moose Factory

I think it would be quite possible to arrange to have the sewage from the Moose Fort Residential School disposed of through the sewage system to be installed for the hospital. We would expect the Indian Affairs Branch to finance this, plus any additional costs involved through any larger system needed.

I will bring this to the attention of the Department of Public Works to find out just what would be involved.

attention:
Mr. Gardner

Ottawa, Ontario
January 29, 1948

Dear Mr. Brault:

The Indian Affairs Branch has requested that we give consideration to allowing the sewage from the Indian Residential School at Moose Factory to be disposed of through the sewage disposal system of the hospital.

Mr. A. H. Perry of the Public Health Engineering Branch inspected the present sewage disposal system in the residential school last year when there was an outbreak of typhoid fever and made this recommendation.

We would expect the department of Mines and Resources to be responsible for any additional costs involved. It may also be possible to request Indian Affairs Branch to bear a share of the costs of the power house construction. Possibly next year's Estimates will be soon enough to ask them for funds regarding this.

Yours very truly,

EX'D.

March 5, 1948

Dear Archdeacon Cook:-

We have your letter of the 2nd instant with reference to requests that you have made for equipment and supplies for the Moose Fort School.

As you know, this is a church-owned school and consequently we are only able to expend the amount of money which we actually provided. An amount of $500. was provided in the current year's appropriation for repairs and improvements and purchase of new equipment at this school and we paid you this amount as part payment on the furnace which you bought.

In view of your requests of January 28th and February 6th, we have applied for a transfer of $1,000. from the amount provided in the current year's appropriation for Whitefish Lake C.E. Residential School and which amount was not expended. We hope to receive this transfer and when we do we will have funds to pay for the laundry extractor and any balance available out of the thousand dollars will be expended in purchasing paint.

Yours sincerely,

Bernard F. Neary
Superintendent of Education.

Dear Colonel Neary, Re: your letter 44-6-5 (E.1)

Thank you for the information of your letter dated March 23rd in which you state that the Department will arrange for the sewage disposal at the Moose Fort Residential School when the new hospital is erected at Moosonee.

You mention "Moosonee" but I presume you mean "Moose Factory". Moosonee is on the mainland some three to four miles removed from Moose Factory.

Thank you for your help in having this matter arranged and it will be a boon to the school.

Yours faithfully,

Henry G. Cook

Purchase Order No. 30922

Gentlemen:

We are advised by Mr. Herbert Taylor, principal of the Moose Fort Indian Residential School that the paint ordered on the above order has not yet reached the school.

We are anxious to have the paint at the earliest possible date as the children are absent from school on holidays and the staff wishes to have the painting done during the holiday period.

Please let me know when shipment will be made.

Yours sincerely,

Bernard F. Neary
Superintendent of Education.

Colonel B. F. Neary,
Superintendent of Education,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ontario.

Dear Colonel Neary, re: Moose Fort Residential School

Some months ago an order was supposed to have been placed for an extractor for the school at Moose Factory. About mid-April, this Administration was informed that due to an oversight the placing of the order had been overlooked but that the matter would be rectified. In checking with our Principal, we find that, although he has received a copy of the Purchase Order, no delivery of the extractor has been made as yet.

Would you please do what you can to have this piece of laundry equipment delivered to the school as soon as possible? Its installation before cold weather sets in would do much to overcome inadequate drying space in the laundry.

Yours faithfully,

Henry G. Cook

Superintendent.

Gentlemen:

Re: Purchase Order 29502 - April 30,1948.

The above covered an extractor for the Moose Fort Indian Residential School and there is a notation on the order to the effect that delivery was required in two weeks. We are just advised by the principal of the Moose Fort School that this extractor has not yet arrived.

Please let me know at once when you expect to ship it.

Yours sincerely,

Bernard J. Neary
Superintendent of Education.

Attention: Mr. Bernard F. Neary,
Re: Your file 44-6-5 (E.1)

Gentlemen:

In reply to your letter of July 16th with reference to the above, be advised that we have run into some difficulty in the procurement of a 1-1/2 H.P., 115 V., D. C. motor which is to be applied to the Extractor for the Moose Fort Indian Residential School. This is the reason that the machine was not shipped in two weeks as specified.

The Extractor itself is completely built, and we are waiting on the motor. We have our special procurement officer working on this particular item, and we expect to have this motor in our possession in the next day or two, in which case the machine will be immediately despatched to the School.

Yours truly,

Dear Colonel Neary:

Purchases for Church-owned Schools
Paint, etc. for Bishop Horden
Memorial School, Moose Factory, Ont.

On 6th February, 1948, I wrote you giving particulars of [illegible] materials required for repairs at the above school. Included in the list was the following item:

"(d) Attic Insulation

70 Insulation Batts, 15" x 24" x 2" thick"

I am informed by the Principal of this school that, as at 2nd August, only four of these insulation batts had been received instead of the 70 requested.

Will you please have the supply of the remaining 66 insulation batts expedited so that they can be installed before cold weather sets in and advise me as to when the Principal may expect to receive them.

Yours truly,

Henry G Cook

Dear Colonel Neary:

Departmental Estimates, 1949-50
Bishop Horden Memorial School,
Moose Factory, Ont.

It will be appreciated if provision is made in your Departmental Estimates, 1949-50, for the undermentioned services at Bishop Horden Memorial School, Moose Factory, Ont. While this school is still "Church-owned", provision for its purchase by the Dominion Government has been made, I understand, in estimates already voted for the current fiscal year.

(a) Walk-in refrigerator The present equipment is too small for actual needs	???
(b) Connection of the School water supply and sewage systems to the water supply and sewage systems being provided for the new hospital which is to be located on land adjacent to the School property.	???
(c) Installation of a second bathroom and toilet for staff At present there is only ONE bathroom and toilet for use by all staff members, both male and female	???
(d) Fire Escape from Girls' Dormitory and hall containing staff bedrooms (Timber construction)	100.00
(e) 3,200 square feet of insulation batts, 15" x 24" x 2" thick For insulation of attic, thereby effecting economy in fuel consumption.	200.00

Mr. J.J. Allan,
Superintendent,
Indian Agency,
Moose Factory, via Moosonee, Ont.

The Superintendent of the M.S.C.C. has requested that we include in our appropriation for the fiscal year 1949-50, the following amounts for improvements at the Moose Fort Residential School:

(a) Walk-in refrigerator
The present equipment is too small for actual needs. $.....

(b) Connection of the school water supply and sewage systems to the water supply and sewage systems being provided for the new hospital which is to be located on land adjacent to the school property $.....

(c) Installation of a second bathroom and toilet for staff $.....
At present there is only one bathroom and toilet for use by all staff members, both male and female.

(d) Fire escape and Girls' Dormitory and hall containing staff bedrooms (Timber Construction) $100.00

(e) 3,200 square fee of insulation batts, 15" x 24" x 2" thick $200.00
For insulation of attic, thereby effecting economy in fuel consumption.

FILE: Est.1948-49

18th September, 1948.

Colonel B.F.Neary,
Superintendent of Education,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ontario.

Dear Colonel Neary:

Re: Labour for Painting
Bishop Horden Memorial School,
Moose Factory, Ont.

In April last you advised me that the sum of $1,000.00 is provided in your Departmental Estimates, 1948-1949, for "General Repairs" at the above-named school.

You have provided a quantity of paint for this school from your 1947-1948 appropriations and the painting of the buildings has proceeded during the past few months.

I enclose a certified paylist showing the amount expended by the Indian School Administration on labour for this painting in July, August and September of this year. The actual signatures of the men employed, acknowledging the receipt of the amount paid in each case, appear on this paylist which totals $821.40.

I shall be glad to receive from you a cheque for $821.40 to reimburse us for this outlay as early as convenient.

Yours truly,

Henry G Cook.

Rev. Canon H.G. Cook,
M.S.C.C.,
102 Bank Street,
Ottawa, Ontario.

Dear Canon Cook:

We have your letter of the 18th instant enclosing pay list for labour for painting at the Moose Fort Residential School.

I regret that the amount provided for the Moose Fort Residential School in the current year's appropriation has already been over-expended, and we have been obliged to transfer funds from another school to provide for the over-expenditure.

The following statement will explain the matter:

Amount provided in appropriation $1,000.00

Expenditures:

Sports Equipment ...	$ 66.55
Extractor	675.00
Paint	400.20
Bricks	130.46
	$1,272.21

Yours sincerely,

Bernard F. Neary

Ottawa, Ontario.

Dear Colonel Neary:

1948-49 Appropriation
Moose Factory Anglican Indian
Residential School

I have your 44-6-5(E.1) dated 24th September, 1948, advising me that you have no funds for paying the accounts for labour on painting forwarded you with my letter of 18th September, 1948, because you have already over-expended the $1000.00 provided in this year's estimates on sports equipment, extractor, paint and bricks.

I must say that this has come as a most unwelcome surprise because in your 44-6-5(E.1) of 5th March, 1948, you informed me that you were endeavouring to arrange for the transfer of $1000.00 from an unexpended 1947-48 appropriation at Whitefish Lake to Moose Factory to pay for the extractor and for as much paint as the balance would permit.

In your 160-2 (W.T.1) of 16th January 1948, you advised me that the sum of $2661.27 remained unexpended in your 1947-48 appropriations for Anglican Church-owned Schools- Fort George 366.14, Wabasca 483.61, Whitefish Lake 1,211.52 and Carcross 600.00, but against this was an over-expenditure of $240.17 at Aklavik. This left a net uncommitted balance at that date of $2421.10 and you will recollect that arrangements were made with you to expend this on the undermentioned Schools as follows:

Carcross
- Kerosene refrigerator
- Storm Sash

Wabasca
- Kitchen range
- Sports Equipment

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 3)
PUBLIC ARCHIVES

www.collectionscanada.gc.ca

Colonel B.F. Neary

Sept. 27,1948

Moose Factory
[illegible]
[illegible] materials
Bricks, cement and lime
Extractor

I understand that the refrigerator and storm sash for Carcross cost $425.00 and $260.00 respectively. I have no figures on your expenditure for the range and sports equipment for Wabasca, but allowing a reasonable amount for this, it would seem to me that there should have been a substantial balance in the 1947-48 appropriations (after the expenditures were made at Carcross and Wabasca) to apply towards the requirements at Moose Factory which you now tell me are being, or have been, paid from 1948-49 appropriations.

In order that I may have details for our records, will you please advise me on what the balance of $2421.10 mentioned in your 160-2 (WT1) of 16th Jan. 1948, was expended.

Yours sincerely,

Henry G Cook.

OFFICE OF THE DEPUTY MINISTER
OTTAWA

October 26, 1948.

Dear Mr. Neary,-

I am returning, herewith, blue prints forwarded by you to this office of the Indian School at Moose Factory, Ontario. The inspection and appraisal of these buildings have been carried out by an official of this Branch, and a report as to the value of the buildings, etc. has been forwarded to the Deputy Minister of the Department of Mines & Resources, in accordance with his request dated May 3, 1948.

For your information, I enclose a copy of the appraisal and letter addressed to the Deputy Minister.

Yours very truly,

Enc.

for E. P. Murphy,
Deputy Minister.

EAG:AM

October 26, 1948.

Dear Mr. Keenleyside,-

Please refer to your letter, dated May 3, in which you ask that an inspection and appraisal of the buildings at Moose Factory Indian School be made by a representative of the Chief Architect's Branch of this Department. Such inspection has now been carried out and, for your information, I enclose photographs of the buildings which it is understood your Department wishes to purchase from the Missionary Society of the Church of England in Canada. These photographs are marked on the back as to the name of the building shown on the photograph. I also enclose copy of the appraisal value of the buildings as they stand, and an estimate of the cost of repairs which will be necessary to be carried out to each building.

Your attention is drawn to the following: the well and pump house which supply water to these buildings also supply water to other buildings which your Department does not propose to purchase; the electrical plant supplies power to the various buildings, also supplies power to other buildings in the area which your Department is not proposing to purchase. This is drawn to your attention so that you will be able to make arrangements for the continued operation of both the pump house equipment and electrical generating equipment, and that the costs of supplying power to buildings other than those which you may eventually own can be adjusted.

At present the new Indian Hospital under construction at Moose Factory is being designed so that it will have its own water system and sewage disposal plant, as well as an electrical power generating plant. Indication has been given by

..... 2

O t t a w a, Ontario.

Dear Mr. Murphy:

I have for acknowledgment your letter of October 26 concerning an inspection and appraisal of the buildings of the Moose Factory Indian Residential School.

The attached appraisal values and photographs will be of great assistance in negotiations with the Missionary Society of the Church of England in Canada for the purchase of these buildings.

Your comments concerning the pump-house and electrical plant have been noted and we will ask for the necessary adjustments when dealing with these two matters.

In view of your recommendation dealing with the electrical power generating plant of the new Indian Hospital, we will approach the Department of National Health and Welfare concerning the supply of power to the school buildings.

Your co-operation in this survey and your advice concerning the provision of electricity are sincerely appreciated.

Yours very truly,

Deputy Minister.

www.collectionscanada.gc.ca

does not propose to purchase; the electrical plant supplies power to the various buildings, also supplies power to other buildings in the area which your Department is not proposing to purchase. This is drawn to your attention so that you will be able to make arrangements for the continued operation of both the pump house equipment and electrical generating equipment, and that the costs of supplying power to buildings other than those which you may eventually own can be adjusted.

"At present the new Indian Hospital under construction at Moose Factory is being designed so that it will have its own water system and sewage disposal plant, as well as an electrical power generating plant. Indication has been given by the Indian Health Services Branch of the Department of National Health & Welfare that when the hospital water system and electrical power system go into operation, it may be necessary to provide services to other buildings than the immediate hospital group. You may find it more convenient to obtain power for the school buildings from the hospital supply than operating a separate unit as is done at present."

I would welcome an opportunity of discussing these two matters with you as it is our intention to approach the Director of the Indian Health Services with regard to the provision of electricity from the hospital buildings.

Sincerely yours,

Bernard F. Neary,
Superintendent of Education.

Ottawa, November 1, 1948.

Memorandum:

DOCTOR P. E. MOORE,
Director of Indian Health Services,
Booth Building, Ottawa, Ontario.

Moose Fort Indian Residential School.

We have now received a report concerning the inspection and appraisal made by the Department of Public Works concerning the above school which we intend to purchase from the M. S. C. C. The Deputy Minister of Public Works has made the following comments in connection with the provision of electrical power for our school:

"Your attention is drawn to the following: The well and pump house which supply water to these buildings also supply water to other buildings which your Department does not propose to purchase; the electrical plant supplies power to the various buildings, also supplies power to other buildings in the area which your Department is not proposing to purchase. This is drawn to your attention so that you will be able to make arrangements for the continued operation of both the pump house equipment and electrical generating equipment, and that the costs of supplying power to buildings other than those which you may eventually own can be adjusted.

"At present the new Indian Hospital under construction at Moose Factory is being designed so that it will have its own water system and sewage disposal plant, as well as an electrical power generating plant. Indication has been given by the Indian Health Services Branch of the Department of National Health and Welfare that when the hospital water system and electrical power system go into operation, it may be necessary to provide services to other buildings than the immediate hospital group. You may find it more convenient to obtain power for the school buildings

NOV 2 [illegible]
P.M.
REGISTERED

Dear Mr. Murphy:

I have for acknowledgment your letter of October 26 concerning an inspection and appraisal of the buildings of the Moose Factory Indian Residential School.

The attached appraisal values and photographs will be of great assistance in negotiations with the Missionary Society of the Church of England in Canada for the purchase of these buildings.

Your comments concerning the pump-house and electrical plant have been noted and we will ask for the necessary adjustments when dealing with these two matters.

In view of your recommendation dealing with the electrical power generating plant of the new Indian Hospital, we will approach the Department of National Health and Welfare concerning the supply of power to the school buildings.

Your co-operation in this survey and your advice concerning the provision of electricity are sincerely appreciated.

Yours very truly,

for Deputy Minister.

RECEIVED

Attention Col. . eary,
Re: Estimates oose Fort
Indi n esi ti l School.

Replying to your File 44-3-5 of ept.
ed. in connection with appropri tio s for the fiscal year 1949-50, for improvements to oose Fort esi ti l School.

A short time a_o I made a survey of this School, along with Mr. Monette of the Public Works Dept., nd although this was only a superficial survey I would esitate to quote an estimate as to what the cost of mprovements, etc., would be were the Department to take over this chool. This building is of frame structure, set up on mud sills and will require a considera le amount to repair and renovate. In making a fair guess Mr. Monette claims that this would require more than Thirty Thousand ollars, and if the school is being taken over by the Depart- ent, I would suggest that extensive repairs and alterations e held until that time.

(a) alk-in refrigerator
Insta t on of wa k-i refri eration would cost approximately .....$2,500.
as this would require freezing and deoderizing unit, also cork board insulation and tar composition. The location as to where this unit will be placed and the position of same will depend largely upon the insulation costs.

ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

(b) Water Supply

The School is situated a considerable distance from hospital Site and water pipes would have to be sunk at least six feet to be clear of the frost. It would require a six inch water main and may have to be fitted with pump to hold pressure. With the installation of water system consider that would have to be given to the setting up of plugging fire equipment at strategic points along with the necessary equipment.

(b) Sewage System

Plumbing system throughout School is in very poor condition and to do a proper job it may be necessary to rip this out and reinstall, which no doubt would be a costly business. To connect sewage with hospital system would require a 10" or 12" main of vitrified tile and may involve the installation of thrasher pump. I hesitate to make an estimate on the installation of both the water and sewage systems but feel that this would cost at least .....$15,000.

(c) Bathroom for Staff

The installation of a three piece bathroom, with floor added, would cost approximately ... $ 250. assuming, of course, that this can be set up adjacent to the present bathroom.

(d) Fire Escape

It would not be advisable to have a fire escape of timber construction unless it were of the chute type. Letal stairs would be more appropriate and would cost very little more. An allowance of $200. Two Hundred Dollars should be made for this.

(e) Insulation of Attic

Amount of Two Hundred Dollars quoted for insulating $200. attic would be about enough for area required.

(f) Interior Painting

Estimate of Two Hundred Dollars ..... $600. would barely cover materials for this and it is suggested that another Four Hundred Dollars be added for labor. $400.

NOV 15
RECEIVED

Attention Col. B. Leary
Re: Estimates 1949-50
Vote 516 - Schools

In the past few months I have had Moose Fort School under close observation and find that the boys are apparently running loose owing to the lack of proper educational facilities. This school has over 91 residential pupils and 35 day pupils.

I have discussed this situation with Mr. Taylor and he advises that he has neither the staff nor the school rooms to accommodate the number of pupils on a full time basis. Nearly all the children are on half day basis and I understand that this has been the practice for several years.

During my recent survey of the James Bay ands I had several complaints from the Indians claiming that their children were not receiving sufficient education for the time that they are spending at Moose Factory. The fault in this case does not lie with Mr. Taylor but is merely a case of overcrowding.

You will notice that in my Estimates I have made an allowance of Twenty Thousand Dollars for a Day School which would be incorporated with the set-up of new Indian Village which I hope to have under way next summer. The problem at Moose Fort School is that we have over 35 pupils of non-indian status and it would seem next to

impossible to eliminate these children from the privileges extended to the Indian. It has occured to me that if we were to establish a day school on the Island we might be able to arrange a reciprocal agreement with the Provincial Government to take care of the Indian children which is about an equal amount to the Moosonee side and we could provide for the white children at this end in our School.

Re: Purchase Order 29502.

The above was issued for $675.00 and account dated May 4, 1948, received from J.H. Connor & Son total $720.90. This amount includes $45.90 for tax.

As we only have $675.00 specifically provided in Vote 517 for this particular school, we are paying that amount to the firm and transfer should be made later of an amount of $45.90 in order that we can pay the balance of their account.

Moose Fort Indian Residential School -
Power Supply.

Dear Sir:

I regret the delay in answering your letter of January 13 but it has been necessary to have considerable correspondence to settle this matter. We have now established that power is obtained at the present time for the electric lights from a 6 horse power 4 kilowatt machine. I am advised that at least twice this electrical output would be used if a further source of power were made available from the Indian hospital.

Sincerely yours,

Bernard F. Neary,
Superintendent of Education.

February 25, 1949.

Memo to the Chief Architect:

Re: Moose Factory, Ontario - Indian Residential School - Power Supply -

Having further reference to the request of November 22, 1948, from the Department of Mines and Resources, Indian Affairs Branch for advice as to the probable capital expenditure required to make electrical services available to the Moose Factory Indian Residential School, they have now informed that they require at least 8 Kilowatt of power.

In estimating the above expenditure, it is considered fair and reasonable to base figures on a minimum installation which would be required to supply both hospital and school. The cost of building and of boilers is not included, it being assumed as a proper charge in total to the hospital. The cost of standby equipment is not included. Since it is assumed the school loads will not be of a nature requiring continuous service.

(1)	Capacity of initial installation of generating plant to suit maximum demand of hospital.	200 K.W.
(2)	Capacity required by School -	10 K.W.
	Proportion of (2) to (1) .05 or 5 percent	
(3)	Cost of steam turbine equipment and two 100 K.W. generators for normal operation -	$43,070.04
(4)	Proportion of (3) chargeable to School $\frac{5}{100}$ x 43,070.04 =	2,153.50
(5)	In addition there will be distribution line and transformer required to connect school to the generating plant.	
(6)	Estimated school share of cost of (5) -	$ 600.00
(7)	Total Capital Expenditure -	$2,753.50
	Chargeable to School (4) and (6).	

It is suggested that energy supplied to the school be metered and suitable energy charges determined to cover proportionate costs of operation and maintenance of the generating and distributing equipment as chargeable to the school.

It is recommended that arrangements be completed with Department of Mines and Resources to have the school load connected to the generating plant of the hospital by reason of the following considerations:

.....2

Indian Affairs, (RG 10, Volume 6203, file 467-5, part 3)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

(1) The school is located in close proximity to the hospital and it seems desirable to reduce duplication of equipment as well as staff required to operate and maintain the equipment.

(2) The estimated amount chargeable to the school is less than a separate and suitable generating plant with a building to house it, would cost.

JGLW:MC

J. Sterling,
Supv. Electrical Engineer.

General Secretary, Missionary Society,
The Church of England in Canada,
604 Jarvis Street,
Toronto 2, Ontario.

Purchase of Moose Fort Residential School.

Dear Canon Dixon:

You will recall our previous correspondence with regard to the purchase of the above school and attached property. We have now received from the Department of Public Works an evaluation of the buildings at this school and list them hereunder with estimated values:

School:			
	222,950 c. ft. at 50¢	$111,475.00	
	Depreciation at 25% for 11 years	27,868.75	
		83,607.25	
	Repairs to Building: Plumbing and Heating, Electrical, Painting, Repair of Basement Floor and Joists	10 000.00	73,607.25
Employees' Residence:			
	20 x 24 x 14 6770 c.ft. at 50¢	3,360.00	
	Depreciation - 25%	840.00	
		2,520.00	
	Repair to floor and joist. Painting outside walls	1,000.00	1,520.00

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 3)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Stables:

36,000 c. ft. at 40¢	$ 14,400.00	
Depreciation at 25%	3,600.00	
	10,800.00	
Repairs to straighten building and repair floor and doors, etc.	4,000.00	$ 6,800.00
Pump House with Pump, say		1,000.00
Store House, Say		2,500.00
		85,427.25

Hospital:

30,000 c. ft. at 60¢	18,000.00	
Depreciation 25%	4,500.00	
	13,500.00	
Repairs	1,500.00	12,000.00

We understand that some of the above buildings will be required by you still for missionary use. Therefore, we would appreciate an indication from you as to which of the above buildings you wish to have included in the sale and also whether you consider the above prices acceptable to your organization.

It will also be necessary to arrive at a valuation for the furniture and equipment in the buildings and the property on which they are located. Therefore, I would ask that your Principal would prepare an inventory at this school listing the types of equipment and the value set thereon.

With regard to the land, it will be necessary for you to produce the usual proof of ownership so that the transfer

can be arranged. You should also indicate the value set by you on this property.

In a covering letter the Deputy Minister of Public Works makes the following observations about the buildings:

"Your attention is drawn to the following: The well and pump house which supply water to these buildings also supply water to other buildings which your Department does not propose to purchase; the electrical plant supplies power to the various buildings, also supplies power to other buildings in the area which your Department is not proposing to purchase. This is drawn to your attention so that you will be able to make arrangements for the continued operation of both the pump house equipment and electrical generating equipment, and that the costs of supplying power to buildings other than those which you may eventually own can be adjusted."

Yours sincerely,

Director.

Re: Moose Factory, Indian
Residential School -
- Electrical -

Dear Sir:-

Please refer to your letter of February 14th and previous correspondence on the question of electric power for above school.

Regarding your share of capital cost involved to supply such service our Engineers have submitted a report, copy of which is enclosed. You will note that the said cost is computed by taking 5% of the cost of the main hospital generating equipment and adding the total cost of the necessary line from the hospital to the school, the resulting figure being $2,753.50.

Trusting this is the information you require.

Yours truly,

C/ Gustave Brault,
Chief Architect.

Chief, Education Division:

Moose Fort Residential School - Purchase of Equipment:

The fire which destroyed the local Nursing Station on Saturday night makes the school's X-ray equipment for the time being a more desirable acquisition, as it will probably be necessary to make an early beginning on the work of duplicating the films and records which were lost in the fire.

In default of any other place to house this equipment it will probably have to remain at the school. Dependable current will have to be supplied. This may require early attention to the present electricity plant.

Moose Factory, Ont.,
March 15, 1949.

Superintendent of Education:

2653

Moose Fort Residential School:

As of noon to-day seventy pupils were confined to bed with influenza. Some of the staff are affected and off duty. Classroom activities have been suspended. There are numerous cases of the ailment in the non-school population. The fire last Saturday destroyed a large part of the drugs necessary for treatment, but emergency supplies have been obtained.

The lay-out of the school does not lend itself to convenient isolation and care of the sick.

To begin with, the dormitories are populated well beyond the limit indicated in Departmental regulations. In the girls' dormitory there is one basin with taps and one flush toilet. In the boys' dormitory there was a like installation, but the toilet has been out of order for a long time.

Food has to be carried from the basement kitchen up two stories, and there is not, of course, a supply of trays adequate for such an emergency with the natural result that there is a good deal of inconvenience and considerable mess.

The situation affords a pathetic contrast with the infirmary at Prince Albert which has flexible accommodation for both sexes, adequate plumbing, and a convenient dispensary; also equipment and other provision for serving food at the proper temperature.

It has been in my mind for some time to recommend that the Moose Fort Residential School restrict its activities to those of a hostel, and that a separate building be provided for classroom purposes and recreational, physical and vocational training. There is a growing population on this island, both Indian and non-Indian, which already overtaxes the day school accommodation which the Moose Fort building can provide. Additional dormitory space is needed in the residential school where one dormitory has been converted into a third sub-standard classroom. It should be restored to its original function. Other uses could well be found for the two actual classrooms if a building of adequate size were available for school and community purposes.

Ottawa, March 30, 1949.

MEMOIR FOR THE CLERK OF THE PRIVY COUNCIL.

Authority for the purchase of the Moose Fort Indian Residential School buildings from the Missionary Society of the Church of England in Canada.

Two extra copies of Order-in-Council are required.

THAT, [illegible] in the Estimates [illegible] this Department (Vote Number 218) are the following sums for the purchase from the Missionary Society of the Church of England in Canada, of the church-owned Residential Schools listed hereunder:

Moose Fort Residential School	$49,000.00
Fort George Residential School	33,000.00
Cecrerons [illegible]dential School	30,000.00

THAT these buildings have been evaluated by the Department of Public Works and that the following value has been set on one of these schools:

Moose Fort Residential School	$85,426.25

THAT we are still in correspondence with the Missionary Society of the Church of England in Canada concerning the other schools and the equipment and furniture [illegible] all three schools;

THAT further funds as required to complete the purchase of the Fort George and Cecrerons Church of England Residential Schools will be requested for our 1949/50 Supplementary Estimates.

The undersigned, therefore, has the honour to recommend that authority be granted for the purchase of the [illegible] Fort Residential School buildings from the Missionary [illegible] of the Church of England in Canada at the appraised [illegible] $85,426.25.

Respectfully submitted,

Minister of Mines and Resources.

28th March, 1949.

Major D. M. Mackay, Director,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ontario.

Dear Major Mackay:-

Re: Purchase of Moose Factory Residential School.

Your letter of the 23rd March re the above subject has just reached me.

I note that you give an estimated valuation of $85,426.25 for the following buildings:

School.
Employees' Residence.
Stables.
Pump House with pump.
Store House.

I am to say that my Society accepts this estimate.

We wish to retain the building now being used as the Hospital.

The valuation of the furniture and equipment in the buildings has already been submitted to Colonel Neary.

Enclosed are Certificates of Search as to Title for parcels 1652 and 1653 on Moose Island. I am not sure in which of these parcels the above mentioned buildings are situated. The value of the actual land occupied is now under consideration.

With reference to the concluding paragraph of your letter re the power and water supply for those buildings which we shall retain, we feel that the cost of this continued service could readily be adjusted on the spot.

Memo:
1652 contains 113.14 acres
1653 contains 5½
LAD K.
1652 [illegible]
which they hold [illegible]

Yours sincerely,

L. A. Dixon.

SUPERINTENDENT OF EDUCATION:

Purchase of Land at Moose Fort:

Reference is to your memorandum of April 1st and to Canon Dixon's letter of March 28.

It appears that the Canon should get further information concerning this land and his legal position as a would-be vendor.

Parcel 1653 is a "God's Half Acre" on which stands the parish church. I have been told that this church is not for sale.

Parcel 1652 takes in 113.14 acres and contains the buildings and grounds in which this Department is interested. It also contains the ground upon which National Health and Welfare are building a large hospital. Our agencies division wants a piece of land for an office.

The title (such as it is) to the land is vested in the Bishop of Moosonee, but title is forfeited if he tries to sell it or convey it. It perplexes me to understand how the M.S.C.C. can assume the role of vendor. The Hudson's Bay Company has reserved that right, and until negotiations between the Government and the Hudson's Bay Company are completed we shall be unable to find a legal vendor for the part of parcel 1653 which this Branch should acquire.

It might be as well to tell Canon Dixon that the M.S.C.C. need not expect any compensation for the land and that, therefore, they need not give further attention to its value.

FILE 27044-7 (R2)

OTTAWA, 12 April, 1949

Memorandum:

B. F. Neary, Superintendent of Education.

Re: Moose Factory Island.

This will confirm Mr. Clark's recent enquiry as to the status of Moose Factory Island and the lands thereon which the Bishop of Moosonee is to receive from the Hudson's Bay Company.

As we advised you verbally, the matter of the transfer of portions of the Island to both this Department and the Bishop of Moosonee by the Hudson's Bay Company is being held up pending the registration of the survey plan and although the original plan was forwarded to the said Company last January for certification as to ownership, it has not been returned by the Company, and insofar as we are aware, has not been registered. Until registration is effected, it is not possible for the Hudson's Bay Company to register the proposed conveyances to this Department and to the Bishop of Moosonee, and we are therefore in the position of awaiting action by the said Company.

Mr. Clark was particularly concerned as to whether the lands to be conveyed to the Bishop of Moosonee would be subject to a condition preventing the said Bishop from disposing of any part thereof without the consent of the Hudson's Bay Company. It was pointed out to him that in all likelihood, such a condition would be attached to the grant but that we had no definite knowledge of this, nor would have, as the point in question concerned only the Hudson's Bay Company and the Bishop of Moosonee. It is my understanding that you are anxious to acquire for school purposes a small portion of the land which will be conveyed to the Bishop of Moosonee, and if this is correct certainly any negotiations between yourself and the Bishop of Moosonee should receive the approval of the Hudson's Bay Company.

Indian Affairs. (RG 10, Volume 6203, file 407-5, part 3)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

As any transfer of part of the Bishop of Moosonee's land would require further survey work to determine the exact boundaries, I would suggest that your proposed transaction be kept separate and apart from the present transaction where we are acquiring a large portion of the Island. By that, I mean that if this proposed acquisition of further land was to be dealt with in the series of conveyances presently under consideration, it would mean more survey work this summer and would require the preparation of a new plan to take the place of that presently being considered for registration.

J. Allan,
Superintendent,
Reserves and Trusts.

Re: Moose Fort Residential School

Dear Mr. Sutherland:

We have been negotiating with the Missionary Society of the Church of England in Canada for the purchase of the Moose Fort Residential School.

We have been advised that the matter of the transfer of portions of Moose Factory Island to both this Department and the Bishop of Moosonee by the Hudson's Bay Company is being held up pending the registration of the survey plan. Until registration is effected, it is not possible for this Department to process the purchase of this school.

It would be appreciated if we could be advised as to the present standing of this registration.

Sincerely yours,

Bernard F. Neary,
Superintendent of Indian Education.

Attention Col. Jones

I have recently received a number of original copies of hymns addressed to Bishop Horden Memorial School, Moose Factory, which have been certified correct by J.E. Taylor, translator.

As there was only one copy of each hymn, and as the original, I was wondering if there would any objection in proceeding as usual and if so to know if there is any person who might claim ownership to the sheet to this office. I notice that one covers 3 hymns and is partially torn at the top as a result of the passing of the "Adventure". Others are for food stores received and sausage and also one barrel of wash [illegible] pound. Will you please advise if there has been any change in procedure and I would appreciate having your advice or direction in this matter.

V/9 P.C. 2270

PRIVY COUNCIL

Certified to be a true copy of a Minute of a Meeting of the Committee of the Privy Council, approved by His Excellency the Governor General on the 9 MAY 1949

Department of Mines & Resources
OTTAWA
MAY 12 P.M
DEPUTY MINISTER

The Committee of the Privy Council have had before them a report dated 30th March, 1949, from the Minister of Mines and Resources, representing:

THAT, included in the Main 1948-49 Estimates of this Department (Vote Number 218) are the following sums for the purchase from the Missionary Society of the Church of England in Canada, of the church-owned Residential Schools listed hereunder:

Moose Fort Residential School.....	$49,000.00
Fort George Residential School.....	33,000.00
Carcross Residential School.....	30,000.00

THAT these buildings have been evaluated by the Department of Public Works and that the following value has been set on one of these schools:

Moose Fort Residential School.....	$85,426.25

THAT correspondence is still being carried on with the Missionary Society of the Church of England in Canada concerning the other schools and the equipment and furniture in all three schools;

THAT further funds as required to complete the purchase of the Fort George and Carcross Church of England Residential Schools will be requested in the 1949-50 Supplementary Estimates of the Department of Mines and Resources.

The Committee therefore advise that recommendation of the Minister of Mines and Resources, advise that authority be granted for the purchase of the Moose Fort Residential School buildings from the Missionary Society of the Church of England in Canada at the appraised value of $85,426.25.

Clerk of the Privy Council.

Dear Colonel Neary:

Services for inclusion in
1950-51 Departmental Estimates
Bishop Horden Anglican Indian School
Moose Factory, Ontario

In reply to our request for a list of required services at the above School recommended for inclusion in your 1950-51 Estimates, the Principal has written as follows:

"I am in receipt of Circular #44 re services for inclusion in departmental estimates 1950-51. I have previously mentioned this matter to Mr. Allen, the superintendent of the James Bay Indian Agency, and he suggested that no estimates be sent in this year as the whole school would be remodeled once the Government purchases the School."

May I have your comments on the observations of your Mr. Allen so that, if necessary, I may issue further instructions to the Principal of the above School.

Yours faithfully,

Henry G. Cook.

Moose Factory, Ont.,
February 27, 1949.

Superintendent of Education,
Indian Affairs Branch:

Moose Fort Indian Residential School-
Purchase of Furnishings and Equipment:

Herewith is submitted a copy of the inventory of articles offered for sale with the prices for items as tentatively agreed upon by the Principal, the local Archdeacon, the Agency Superintendent (Mr. J.S. Allan) and myself. Mr. Allan, however, was not present for the evaluating of the farm machinery and horses which are offered without, apparently, barns or buildings to house them, and their utility is on that account, at least, open to question.

Similarly, as there is little prospect of resuming the keeping of milch cows, certain items of dairy equipment appear to be surplus to requirements here.

The power plant has, I understand, already been appraised by a representative of the Department of Public Works. From what I know of electric batteries I would judge that some cells are about ready to collapse and that all will require early replacement.

The value set on the boat M.S. "Adventure" might well be the subject of further negotiation.

The X-ray equipment will likely become unnecessary here when the hospital presently underconstruction nearby is ready to function.

A copy of this memorandum is being furnished to Mr. Supt. Allan together with a copy of the inventory (as amended to Feb. 26th). The Principal has a copy of the inventory.

C.A.F. Clark

C.A.F. Clark

Archdeacon Clarke told me that the Church is to retain title to the barns. C.A.F.C.

Memorandum:

MR. L. BROWN

[redacted]

I understand that there is still some doubt as to the ownership of Plot 1652 on which is situated the Moose Fort Indian Residential School.

It is our intention to proceed with the purchase of this school, and wonder whether we can make any statement to the Departmental Solicitor concerning the purchase of the property.

Bernard F. Neary,
Supt. of Indian Education

Dear Canon Cook:

Re: Moose Fort Indian Residential School

With reference to your letter of August 31st regarding the above school, negotiations are still in progress with reference to the purchase, as the land situation is still obscure.

Under the circumstances, it might be advisable for you to submit for our information, the amount you would like to have receive consideration when we are preparing the Estimates for the fiscal year 1949-50.

Sincerely yours,

Philip Phelan,
PP/3T Chief, Education Division

Memorandum:

MR. BROWN

Moose Fort Residential School

Please find hereunder marked as flag 1 my letter of April 22nd to Mr. Sutherland of the Hudson's Bay Company.

To date we have no reply from Mr. Swartman as posted on our files. Have you heard from him in any way?

We are rather concerned about the purchase of this school as it is now available and we wish to pay the property and buildings before the end of this fiscal year.

Bernard F. Neary,
Supt. of Indian Education.

(2704-7) -5

Ottawa, October 26, 1949.

Mr. R. H. Cheshire,
General Manager, Fur Trade Department,
Hudson's Bay Company,
Hudson's Bay House,
Main Street, Winnipeg, Manitoba.

Moose Factory -

Dear Mr. Cheshire:

I understand that Mr. Brown of the Reserves and Trusts Division of this Department discussed recently with Mr. Wilmot of your company our proposals with regard to Moose Factory Island.

Mr. Brown has advised me that apparently you were not aware that the Department intended to purchase the Moose Fort Indian Residential School from the Missionary Society of the Church of England in Canada. In order to clarify our plans in this regard, I am sending you a copy of a letter sent to your company on April 22, 1949. On the enclosed plan of Moose Factory Island we have indicated approximately that portion of parcel 4 which it is considered will be essential to the operation of the school. It is our understanding that the Anglican Church authorities of the Missionary Society are quite prepared to transfer the use of this area and it is suggested that such transfer could be carried out with the various transfers which will be necessary in the change of ownership of various portions of the island. In your letter of February 6, 1948, you outlined briefly the various proposals as regards transfers of various parcels and in "(a)" you stated that you would request the Bishop of Moosonee to transfer to you the parcel of 113.14 acres excepting parcel 4. It is suggested that if you agree to the proposal that the Missionary Society sell these school buildings and give up its use to the land required for the operation of such school, that "a" above would be amended by the Bishop of Moosonee transferring to the Hudson's Bay Company the parcel of 113.14 acres excepting thereout only that portion

of parcel 4 which the school or Society would be retaining after selling the school to this Department.

As your company has not expressed its approval of the intention of the Missionary Society to transfer the school and required lands to this Department, I shall be very pleased to learn whether the company has any objection to the proposal and if not whether you consider the transfer of the land could be carried out as above suggested. It is of course understood that before any actual transfer of the land could be made we would have parcel 4 subdivided to show the respective portions which would be transferred to this Department and retained by the Missionary Society.

Moose Fort Residential School- Water Supply:

Moose Factory Hospital

This aerial view of Moose Factory Island on the Moose River a few miles from James Bay [illegible] the construction site of the new $2,000,000 [illegible] with the buildings of the historic [illegible] in the background. Moose Factory is one of the oldest settlements in Ontario, dating back to 1673. The hospital, being built by the federal government, will serve about 900 Indians who live in the James Bay area hunting and trapping. Tuberculosis has been a great killer in that region, and one of the aims of the new hospital will be to reduce the tragic TB toll among the Indians.

This picture gives a better idea of the distances if it becomes necessary to get water from the hospital plant.

I think you will find a report about water for this school on one of the DAY school files.

The building with the red mark is the main school building. The shore line to the right is just a little out of the picture.

This was an accumulation of fecal matter that has been deposited at the top of the river bank less than 20 feet away from the river right in the vicinity of the intake. This condition was discovered by the medical officer and subsequently rectified but illustrates the hazards to which surface sources of water supply are usually exposed.

The placement of a water supply intake in this area in relation to points of sewage discharge is of no value due to the action of the tides which reverse the flow of the river. Although the Island is twelve miles from James Bay the effect of the tide is felt safar as Rabbit Portage, another twenty mile upstream from Moose Factory. The salt water content of the river is very slight and the effect of an incoming tide is to back up the fresh water and cause a reversal of flow. Thus, it would be quite impossible to locate a water intake upstream from any sewer outfalls.

The range of the diurnal tides is from 5 to 7 feet but this may vary considerably depending on the velocity and direction of the wind. As stated previously the Mission's water intake is located in a creek-channel with reverse flows induced by either the wind or the tide or a combination of both.

BACTERIOLOGICAL ANALYSIS OF WATER

In checking through the local files of the Indian Agent only a few copies of laboratory reports could be found covering bacteriological analyses of the river water and other sources. However, other correspondence in the files revealed that other specimens had been obtained from time to time and reference was made to the high incidence of fecal contamination usually prevalent in the Moose River water.

A number of water specimens from various sources were collected by the undersigned at the time of visit and the laboratory report on these are appended to this memorandum.

SEWAGE DISPOSAL - ANGLICAN SCHOOL

Surrounding the school building are four septic tanks. One concrete tank serving four (4) flush toilets, one steel tank serving one (1) flush toilet, one steel tank serving two (2) flush toilets and one concrete tank serving the small hospital all discharge to a common point. Laundry, sink and bathtub wastes by-pass the septic tanks and also discharge to a common point.

The arrangement to dispose of the septic tank effluents and other liquid wastes one formerly a four inch sewer composed of unglazed field tile which was laid for a distance of approximately 2,000 feet into a shallow depression in the bush east of the school. Apparently this sewer was not laid in a straight line or with sufficient grade. In any event, it soon became plugged and rendered useless. In the late fall of 1946, most of the tile was dug up and reclaimed. It was then laid in the opposite direction, easterly towards the river and now discharges just under the river bank in front of the school creating a foulness and nuisance. The effluent finds its way into a low swampy area where it mingles with the overflow from a small pond and discharges into the Moose River at a point which is only 950 feet from the water supply intake.

Thus, sewage may readily reach the water supply intake. The facts that the water supply system was being inadequately treated by chlorination, that the sewer outfall location had been changed within the past year and that the outbreak of disease had begun during this time, progressing to a total of ten cases, all combine to throw suspicion on the water supply and indicate it to be the mode of transmission of the infective organism. So far, the epidemiological work conducted has not detected an actual typhoid carrier although it is probable that a carrier has been present.

IMPROVEMENTS WATER SUPPLY ON ISLAND -

In connection with the proposed construction of an Indian Hospital (120) beds preliminary work in regard to determining availability of water supply has already been done by Public Works. Mr. Manchester, District Engineer of Public Works, found that a water table existed on the Island at a distance of about 6.2 feet below the surface and that there appeared to be little danger of contamination from the river water. One test well was put down in the new hospital site but no pumping tests have yet been run nor has the work progressed far enough to have analyses made.

A new well is being dug beside the pumphouse for an alternative source of supply for the school. Also a new well is being dug by the Indian Agent, which will have a small pumping system with a public tap from which Indians may draw water.

With ground water available it would appear advisable to abandon the Moose River as a source of drinking and culinary water for the Island.

Until pumping tests are run on individual wells it is not possible to say whether sufficient water would be available for all purposes. It may be that a separate system from the river for fire protection and possibly laundering, would be required.

Whether the developed wells would require treatment to render the water safe for drinking purposes could only be determined after a series of analyses, both chemical and bacteriological.

IMPROVEMENTS - SEWERAGE SYSTEMS, ANGLICAN MISSION

The present system of sewage disposal is entirely unsatisfactory and ever present menace to the safety of the Moose River water as well as creating a public health nuisance and menace from flies, etc. to the Indian tenting on camp ground in front of the Mission.

With the proposed construction of a new hospital imminent it would appear advisable to construct a small sewage treatment plant capable of handling the sewage from the hospital and other immediate buildings, as well as from the Anglican Mission. An Imhoff tank design would be recommended with proper disposal of the effluent away from the river and such as not to endanger the safety of the under-ground water.

GENERAL SANITATION OF SETTLEMENT

The general sanitation is very poor. Accumulations of garbage, tin cans and rubbish, litter the banks in front of the settlement and are very common around most of the Indian houses. This condition creates excellent fly-breeding facilities with their attendant public health menace. There should be some type of garbage collection system but as this is unorganized territory in the Province of Ontario the supervision of these matters would come under the Ontario Health Department.

The absence of sewage disposal facilities for the bulk of the Indian houses has been referred to previously. It is understood that the Hudson's Bay Company is proceeding with the installation of a pumped water supply system, septic tanks, and a tile disposal field. The latter would be an improvement although pit privies, if properly maintained would be sufficient in most cases where there is no piped water under pressure available.

WATER SUPPLY RECOMMENDATIONS

1. It is recommended that the Moose River, in view of the sewage contamination known to exist, be discontinued as a source of drinking and culinary water supply for the Anglican School and that under-ground water in which a shallow well is now being dug be used for this purpose.

continued.....

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Indian Affairs. (RG 10, Volume 6203, file 467-5, part 3)

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

2. Whether chlorination of the ground water from the well would be advisable or not can only be determined after a series of bacteriological analyses.

3. For the present it is [redacted] that all [redacted] this river for drinking purposes [redacted] be boiled before use.

4. The river water could be used for fire protection purposes in the event there is not enough water available from the well for all purposes. Adequate precautions would have to be taken to prevent cross-connection and two physically separate water systems would be required.

5. The existing hypochlorinator could be adapted to treat water from the new well, if required. Piping for the water operating connection to the hypochlorinator should be changed and made direct from the pressure [redacted] of the tank. The other defects pointed out in the section dealing with the water supply, should be corrected.

[redacted]

1. If the principle is followed of prohibiting the use of the [redacted] River for drinking purposes, raw or treated, and using developed ground water and wells on the Island, then sewage could be run into the river. However, this proposal would require the approval of the Ontario Health Department.

2. It is recommended that some treatment of the sewage be carried out. A single sewage treatment plant to take care of the new hospital as well as the Anglican Mission could be located in a central area. The type of treatment plant could be similar to the Rideau Health and Occupational Center (D.V.A.), near Ottawa, employing an Imhoff tank, sludge drying beds and chlorination of the effluent. The latter could be disposed of into the Moose River without nuisance.

[redacted] - Typhoid Fever Epidemic -
Church of England Mission,

The operator stated that the residual chlorine was measured only once a month. The river water contains a high amount of color together with organic matter and may have a relatively high and seasonal variation owing to increased vegetation coming down following spring break up. Also there may be local variations due to contamination from sewage getting into the river above the intake. Consequently the chlorine added to the water should be tested daily for free chlorine and a continuous daily record maintained.

The comparator supplied with the hypochlorinator for testing free chlorine is of a type which is difficult for even experienced operators to read. It had not been used for some time as it was covered with dust. The operator had been using a clean test tube in making the test.It is quite possible that a false reading may have been taken on the occasions when the tests were made, due to two causes. First the orthotolidine reagent being used was over three years old and had become discolored. This solution rapidly deteriorates after it has been prepared and should be renewed every 6 to 12 months. The river water is highly coloured and these two conditions may combine to give a color reaction even when no free chlorine is present. A bottle of freshly prepared orthotolidine was left with the operator.

The chlorine solution used to feed the hypochlorinator was being made from chloride of lime which is very unstable. As this compound contains at best from 25 to 33% free chlorine, the precipitate of small particles of inert powder frequently plug the orifice of the chlorinator thus interfering with its proper functioning. It was recommended, that a liquid solution of sodium hypochlorite be ordered, then watered down to the desired strength of approximately 0.5% for use with the chlorinator.

It may therefore be concluded that inadequate and ineffective chlorination has been provided, during the past year at least, owing to the inherent defects of the installation and misleading tests on the efficiency of treatment, as described above. This has resulted in the school authorities being misled and living under a sense of false security in believing that the water supply was being adequately safeguarded against contamination by means of the chlorination apparatus installed.

GENERAL SOURCES OF SEWAGE POLLUTION - MOOSE RIVER -

The Moose River drains a considerable area receiving the dis[redacted] Abitibi, Mattagami and other larger rivers. It is probable that co[redacted] pollution enters the river and various tributaries. The pulp and [redacted] Kapuskasing is known to discharge sewage and industrial wastes into [redacted] River. Closer at hand are a number of small lumber camps upstream fr[redacted] which may introduce both fecal matter and garbage into the river. Thi[redacted] pollution would be such as to render the river water unsafe for dr[redacted] [redacted].

SPECIFIC SOURCES OF SEWAGE POLLUTION - MOOSE RIVER

The closest and most serious source of sewage pollution affecting the of the school's supply is the drainage from the Mission's sewerage system be described in more detail later. Septic tank effluent finds its way into river only 590 feet from the water supply intake.

Deposits of garbage, tin cans, debris and refuse were [redacted] river bank fronting the settlement and are illustrated in [redacted] It was also noted that the majority of the Indian dwellings we[redacted] privies or other means of sewage disposal. Consequently the [redacted] include fecal matter.

Department of Indian Affairs

Dear Sir:-

I beg respectfully to bring the following case to your notice.

Lousia Wascowin, who has been paid under No. 71 Moose Factory has lately died leaving to our care her son (Rederic) aged about five years. The child has no relations that we can discover and the father is unknown.

We earnestly request that permission be given us to enter this child at the Bearding School, or failin-g that, that some provision be made to support him. With thanks in anticipation I have the honour to remain,

Your Obedient Servant.

J. Hay Mowat Brown

Ottawa, August 25, 1916.

Rev. Sir,-

I have to acknowledge the receipt of your letter of the 4th instant in which you inform the Department that Louisa Wascowin of the Moose Factory Band has lately died and left a child of five years of age in your care.

In reply I beg to say that, under the exceptional circumstances in this case, the Department will agree to this boy being admitted to the Moose Fort Boarding School as a grant earning pupil. If he is in excess of the number for which a per capita grant is allowed your school, viz.- twenty-five, the Department will pay the grant for him as a supernumerary pupil at the same rate as is allowed for the other pupils. It is to be distinctly understood, however, that this boy is to replace at the first opportunity a regular grant earning pupil. You will, therefore, be good enough to enter his name on your quarterly returns with a note that he is a supernumerary grant earning pupil.

Your obedient servant,

Asst. Deputy and Secretary.

Rev. W. Haythornthwaite,
Principal

Diocese of Moosonee

JOHN G. ANDERSON
BISHOP

Bishopthorpe
COCHRANE, ONT. Oct. 24th 1921

The Secretary
Department of Indian Affairs
Ottawa, Canada.

Dear Sir. I have the pleasure of forwarding the Moose Fort Boarding School returns for the September quarter and also the application forms of two boys and two girls duly executed. Willie and Minnie Isaac's were accepted by Mr. Cooney at Attawapiscat & have already been reported upon. Gilbert Faries and Lucie Corbett are new arrivals. I enclose their medical certificates.
I regret to say that Mr. Cuffin efforts that he was obliged to allow the two Indians, Faries and Arthur Wesley, to leave the school. They cried so much and acted so noisily when their parents came to visit them that he could do nothing else. Fortunately the above new pupils applied & were admitted, so that the full number of pupils remains.

Yours sincerely
J. Chas. Moosonee

Ottawa, November 4, 1921.

Right Reverend Sir,-

I have to acknowledge the receipt of your letter of the 24th ultimo, enclosing the September quarter return of the Moose Fort Boarding School.

In reply I beg to say that, the Department approves of the admission of the fourteen children who have entered the school during the September quarter.

The grant for the September quarter is being paid on an average attendance of 19.25 pupils and amounts to $974.06, a cheque for which amount is being forwarded to the Royal Trust Company, Montreal.

I have the honour to be,

Right Revprend Sir,

Your obedient servant

Russell T. Ferrier,
Supt. of Indian Education.

The Secretary
Department of Indian Affairs
Ottawa, Canada.

Dear Sir. Enclose an application just received from the Rev. John D. Griffin, Principal pro-tem of the Moose Fort Boarding School. As you know, it is not possible to have a medical examination at this time, there being no Doctor near. It is understood in these cases that the Principal use his own judgment as to whether he considers the applicant healthy or not and that the said applicant be examined on the first opportunity by a duly qualified medical man. Mr. Griffin guarantees his boy quite healthy with no signs of disease. It is interesting to note that his boy's brother was one of the earliest pupils of this School. Evidently the family is satisfied and wishes the boy to do the same. The writer has used and writes very good letters.

Name in English and in fact can speak a good letter.
I said that I have the wrong name of the teacher of the Albany Day School. I confused the names of the sisters. I had a letter from Mr Parker and incidentally he mentioned the name of his daughter who was teaching the Day School, Miss Emily and not Diana Mabey. Emily makes the connection as you recall.

Yours sincerely
John G. Moosonee

Ottawa. March 7, 1922.

Right Reverend Sir,-

I have to acknowledge the receipt of your letter of the 3rd instant, enclosing an application for the admission of James Chum to the Moose Fort Boarding School.

In reply I beg to say that the admission of this boy is approved and you may inform the principal accordingly.

The Department has noted that the name of the teacher at Albany River is Emily Wesley.

I have the honour to be,

Right Reverend Sir,

Your obedient servant,

Russell T. Ferrier

Russell T. Ferrier,

44-6-10.

OTTAWA, September 7, 1922.

Rev. Sir -

The June quarter return of the Moose Fort Indian Boarding School shows that two pupils, viz: No. 1, John Carpenter and No. 02, Barbara Pants are too old to attend classes.

John Carpenter is nearly 16 years of age, and has been in the school ever since he was a child. We understand that his time is entirely employed in outside work. The Department has been paying the per capita grant for him for a number of years, and we are now of the opinion that this boy could very well receive his discharge and earn his own living outside. We will not pay the school any further per capita grant for him after the end of the present quarter, ending September 30, 1922. You should either grant his discharge or, if he is needed at the school, arrange to pay him for his services and leave his name off the returns after the end of the present quarter.

Pupil No. 02, Barbara Pants, is 16 years of age. This girl has now reached the age limit for discharge, and the grant will not be continued for her after the end of the present quarter, viz: September 30, 1922.

It is also noted by the return that Pupil No. 011, Louisa Allen, does not attend classes. This girl is stated on the return to be 16 years of age. If she is receiving no instruction she should also be discharged. The Department cannot pay grant for pupils who do not receive regular instruction.

You will please note the Department's decision regarding the first two named pupils and we will be pleased to hear from you regarding the case of Louisa Allen.

Your obedient servant,

J. D. McLean,
Asst. Deputy & Secretary.

44-6-10

Ottawa, October 26, 1923.

Reverend Sir,-

I have to acknowledge the receipt of the September quarter return of the Moose Fort Residential School.

It is noted that Winnie Isserhoff, pupil No. 017, entered the school July 19th. Please furnish the Department with the names of the parents of this girl and state as to what band of Indians they belong.

For your guidance in preparing your returns in future, I would point out that each pupil when entering the school should be given a new number which should be retained during the period of residence. It appears from your letter that when a pupil leaves the school, his or her number is given to some other pupil. This should not be done in future, as, if so, it is extremely difficult to properly check the return.

As you are aware, the policy of the Department is that only Indian children be admitted as grant earning pupils to Indian residential schools. As far as possible applications for the admission of new pupils should be submitted each year to the paying officer for his approval.

Your obedient servant,

Russell T. Fervier,
Supt. of Indian Education.

Ottawa, January 30, 1924.

Reverend Sir,-

I have to acknowledge the receipt of the December quarter return of the Moose Fort Residential School.

It is noted that the register numbers of the pupils have been changed. As a result it was difficult to properly check the return.

In this connection I would refer you to official letter of August 26th, last, in which you were informed that each pupil, when entering the school, should be given a new number which should be retained during the period of residence. When a pupil is discharged, his or her number should be dropped and should not be given to any other pupil.

I trust that, in future, you will carry out these instructions.

Your obedient servant,

Russell T. Ferrier

Russell T. Ferrier, Esq. M.A.
Superintendent of Indian Education,
Ottawa, Ont.

Dear Mr. Ferrier:-

During my recent visit to our Society's school at Moose Fort the Principal drew my attention to the advisability of having the following pupils at this institution removed either to the Chapleau School or to the new School about to be opened at Sioux Lookout.

(a) Gilbert Faries, admitted August 28.1921 born March 26.1916. Registered No 4.
(b) Daisy Faries, admitted April 4.1925, born May 18.1918. Registered No. 018.
(c) Roderick McDonald, admitted July 2.1922, born Nov. 25.1915, Registered No. 8.

The Mother of Gilbert and Daisy Faries, the Principal informs me, is a very immoral woman, having at least four illegitimate children, but she expressed the desire the last time the Principal saw her, that these two children should be moved to either one or the other of the above institutions.

With regard to Roderick McDonald, the teacher at our Moose Fort School, Mr Waller, is strongly of the opinion that he will develop into a splendid man and may bring great credit to his race if offered better educational facilities than Moose Fort possesses.

Both he and the Principal were strongly of the opinion that all the three above children should be moved to one of the larger schools and I now write to recommend that they be transfered to the new school at Sioux Lookout. As Canon and Mrs Griffin will be leaving Moose Fort early in August and proceeding first to Saskatoon on furlough before going to Ireland they would be able to escort these children

Russell T. Ferrier, Esq., M.A.

all the way to Sioux Lookout where they would be received by the new Principal, the Rev. J. F. J. Marshall, who will be in residence from the 1st of July.

As the cost of transferring these children would be borne by our Society, provided your Department continues to pay the per capita grant during the period they are en route, I trust that their transfer may be sanctioned.

Believe me, with kind regards,

Yours very truly,

T. B. R. Westgate

re

Charlie MOOSE- Truant from Anglican Mission school,- Moose Factory, Ont. (Indian).

1st Report. Sir:-

I have the honor to report that on the 18th inst, Mr Sam Waller teacher from the Anglican Mission school complained to me that the above boy had been playing truant from school for a number of weeks, he asked me if I would get him to attend more regularly, he said the boy would not take any notice of him.

On the 18th inst I saw the above boy and told him that he must go to school regularly, he told me that in future he would; I have since seen Mr Waller and he stated that the boy has attended school ever since I asked him to.

Mr Waller also stated that there was no truant officer appointed here at Moose Factory, and also that now I had spoken to one boy, the other absentees had returned; he thanked me for the assistance.

The Secretary,
The Department of Indian Affairs,
Ottawa, Canada.

Dear Sir:-

I enclose herewith a self-explanatory letter just received from Mrs. Maggrah, the Head Matron at our Moose Fort School, and will be obliged if you will let me know if your Department will agree to the transfer of the pupil in question, namely, Nellie Allisarpia, to the Shingwauk Home. The transfer could not be effected before navigation opens in the Spring.

With regard to the transportation expenses of this pupil, I may state that a friend of Mrs. Maggrah living at Dorchester, Massachusetts, has agreed to be responsible for part of the same.

It seems to me that we should make a special effort to save this child from the horrors of the life she will be forced to live if handed over to her mother, and if the transfer as suggested above does not appeal to you, I shall be very deeply obliged for any suggestion you may make in this important matter.

Believe me, Sir,

Yours very truly,

Field Secretary, M.S.C.C.

Dec. 18/26.

The Secretary, M.S.C.C.,
Winnipeg, Man.

Dear Sir:-

Re Nellie Allisappie

I am enclosing copy of letter from Miss Dorey, a young lady in the States who is very much interested in the above named pupil.

Nellie has been in the School since 1921 and has made great progress in her work, both domestic and school work, always standing at the head of her class. Her mother wants to take her out in the spring and has been writing to her with that in view and as she is a woman who lives an immoral life I want to do everything in my power to have Nellie sent to another school where she can secure a broader education and, if possible, avoid such a life.

I have written to Bishop Anderson to discourage the mother coming here (she is at present living in Cochran) as she stated in one of her letters to Nellie that she would see the Bishop and ask for Nellie in the spring. I also wrote to Miss Dorey stating that I was taking the matter up with you and that you would either write direct or through me which ever you thought best. In the meantime I shall be glad if you will advise me in the matter. Nellie is very anxious to go to another school and Mr. Magrab and myself thought that Shingwauk would be more desirable than Chapleau on account of placing a greater distance between the mother and child, thus avoiding any influence to turn Nellie to the lower life.

We shall be glad to do everything in our power re this case.

Yours sincerely,

Matron.

Dear Sir:

Regarding Philip Sutherland.

Philip was born 25th Sept. 1913 - was admitted into this school 1st June 1924 - in good health.

Philips father informed me that he placed him in this school for three years & that Rev. Canon Griffin the then Principal agreed to that arrangement - I explained to him, the ruling of the Indian department regarding pupils under 18 years of age. I also told him I would refer the matter to you before I could accede to his request

If the parents take their children without the permission of the Principal, what course would you advise to take!

Your obedient servant
John A. Maggrath

Ottawa, March 10th, 1927.

Reverend Sir,-

I beg to acknowledge receipt of your letter of the 22nd ultimo, in which you advise that you have received an application for the discharge of Philip Sutherland, No. 14, from the Moose Fort Residential School. In reply I beg to say that, while the Indian Act only gives authority for retaining a pupil in the school until he reaches his sixteenth birthday, the Department is willing to pay grant for pupils in residential schools until they reach the age of eighteen years, as it is felt that it is in the best interests of both the school management and the children themselves to remain until that age. This is especially true in the case of girls, and the Principal and others interested in Indian education are expected to make every reasonable endeavour to this end.

I note, from your letter, that the father of Philip Sutherland states that the previous principal, Rev. Canon Griffin, promised to keep this boy in the Moose Factory School for three years only. If you feel that this promise was made, it might be well to carry it out in order that there might be no ill feeling engendered against the school. No such promises should, however, be made to Indian parents in the future.

Your obedient servant,

Russell T. Ferrier

APR 5 1928
RECORDS

Indian Residential School
Moose Factory, Ont.
Via Island Falls.
March 1st. 1928.

The Secretary
Dept. of Indian Affairs
Ottawa, Ont.

Dear Sir:-

On February 17th, 1928, Maggie Rickard, aged 13 last July Number 027 was given a bunch of keys by the Matron to unlock a door in the next room, which she did but also ran up to the dormitory and unlocked the door that separates the girls dormitory from the boys. The Matron found the door unlocked shortly after the girls had gone to bed. Maggie denied that she unlocked it. She denied again the next morning until other girls were called then she admitted that she unlocked the door intending after the girls had gone to sleep to go into the boys' room. To avoid misunderstanding I asked the father and mother with Rev. Mr. Mark as interpreter to comeand see and hear for themselves. The mother came alone and after seeing the place and hearing the confession she took her daughter home without my permission, although I assured her as far as I knew the Indian Department would advise dismissal of the girl. At present there is no magistrate and no policeman in the place. Owing to mail service I have not been able to write before.

I am now writing for advice regarding Maggie. I would recommend her dismissal, but something should be done to prevent the parents taking their children from the school without permission. I am informed it has been a common practice in the past.

I might say regarding Maggie Rickard that she was admitted to school last June, that she was always a dull and indolent girl.

I remain,

Your obedient servant,

John A. Maggrath

Principal.

"O" Div. Ref. 5a-D.I.A./4-30 - Truants from day school, Moose Factory, Ont.

The Commissioner,
R.C.M. Police,
OTTAWA.

Forwarded for your information.

With regard to truants who do not come under the Indian Act, these of course fall under the requirements of the Provincial School Attendance Act but as there is no means of enforcing this in Moose Factory I am instructing Constable Covell that his action in warning the half-breed children to attend school is quite in order and that he should follow this up when occasion affords with tact with a view to having the parents see that their children attend school.

C. L. Jennings, Supt.
Commanding "O" Division.

"O" Division. Western Ontario District Moose Factory Detachment.

Moose Factory 4th November. 1929.

The Officer Commanding,
R. C. M. Police,
Toronto, Ontario.

Sir,

Re: Truants from day school. Moose Factory, Ont.
Sec. 10, S.S.4, Indian Act.

I have the honour to report that on the morning of the 30th October.1929. I received a note from S.Waller.Principal of the Indian Residential School and Day School for Indian and white children,to the effect that some of the day pupils were attending school in a very haphazard manner.

I made a roundup of the offenders and interviewed their parents. The parents I found had a very strange attitude towards their children with regard to school attendance. If the child said he did not want to go that was all there was to it. They would not force the child or strap the child but were perfectly willing for me to strap the child.If they did it their child would hate them. I informed them that I had no intention of strapping their children,and that they were the offenders and not the children. I explained the contents of Sec. 10 S.S.4 of the Indian Act to them,and have posted a notice explaining it fully,in the H.B.Co.store.

I have not made seperate cases of these offenders as the laxity was pretty general,and parents very ignorant. The parents of the next offender however will receive the usual three days notice. Some of the offenders are half breed children and do not come under the Indian Act. These have been warned in a similar manner,as I have no knowledge of the Provincial Law in this respect.

I have the honour to be,
Sir,
Your obedient servant,

Dear Sir:

I am writing you to know what disposition we can make of two children, girls 9 & 11 years old. Their mother died Feb 19th and as the father (Alex Delaisappi No 174. Muncey Band) is in no position to provide for or to look after them, I had to provide a temporary home for them.

The Mission here has agreed to accept them, with your permission, I may state both boys are under reputation age. In answering this letter kindly communicate with the Mission authorities as I may be in Albany at that time. At present time the mission has a full quota but they can always make room for an extra

Ottawa, April 22nd, 1930.

Reverend Sir:-

I beg to acknowledge receipt of your letter of the 24th ultimo, enclosing application and certificate of health for the admission of Harry Gilbert Alisappi to the Moose Fort Residential School. In reply I beg to say that his admission is approved.

With reference to the other child, age three years, Dr. Hamilton wrote the Department on February 20th last and we understood from that letter that you were willing to accept this child and official letter of the 5th ultimo was, therefore, directed to you. It is now noted that you consider him too young and that he should be left with his grandfather until Dr. Hamilton returns and is able to make definite arrangements for the child's care.

Admissions and discharges of the Moose Fort Residential School should be reported on enclosed forms when forwarding the quarterly return.

It is noted that Hilda Jeffreys died on the 17th and that Barbara Eshum was admitted on February [redacted]

Your obedient servant.

[redacted]

Robert F. Fowler.
Supt. of Indian Education.

DEPT OF INDIAN AFFAIRS
FEB 16

WINNIPEG, MAN. February 13, 1931.

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

I shall be obliged if you will furnish me with an expression of your wish with regard to the boy Walter Richard of Albany who has been in attendance at our Moose Factory School and is now eighteen years of age. The Principal states that he talked this matter over with the Indian Agent, and was advised by him to have the boy returned to his home at Albany. The boy states that there is"absolutely nothing for him at Albany and wishes to stay here at Moose." When the Indian Agent left Moose for Albany on January 16th., the Principal asked him to take Walter with him, but he refused to do so. The Principal then approached the Revillon Freres about transportation, but that would mean a delay until navigation opens in the spring, and it would involve a cost of $25.00 as the boy would have to travel as a passenger, and his ticket would cost that sum. The Principal wrote to the father last autumn and asked him to come and take his son away, but the father did not come nor did he acknowledge the receipt of the Principal's letter.

As the boy is now eighteen years of age, it seems to me that the best thing to be done is to allow him to stay at the Moose Factory School, as a grant-earning pupil, until such time as he is able to secure some employment in the spring or early summer. The Principal is of the opinion that he could secure employment in the construction of the T. & N.O. Ry., and I beg to recommend that this arrangement be adopted. If you wish him returned to Albany, will your Department meet the cost of transportation? A definite ruling from your Department will be duly appreciated.

Your obedient servant,

T. B. Westgate

Ottawa, February 16th, 1931.

Reverend Sir,-

With reference to your letter of the 13th instant, I beg to say that the Department approves of Walter Richard remaining as a grant-earning pupil at the Moose Fort Indian Residential School until spring or early summer. It is noted that he will likely be able to secure employment at that time and he can then be discharged from the school.

Your obedient servant,

Russell T. Ferrier.

INDIAN AFFAIRS
JUN 15 1931
RECORDS

The Secretary,
The Department of Indian Affairs,
Ottawa, Ont.

Dear Sir:-

The following is an extract from a letter written on May 30th. 1931 by the Rev. P. A. Northam, our Church's missionary at St. Paul's Mission, Albany, James Bay, to the Rev. J. Blackburn, Principal of our Moose Factory School, and just received here:-

> "The Revillon Power boat and two scows leave here next week for Moose. I am seising the opportunity to send over to Moose three or perhaps four children. It is an emergency case. One of our families here had a very unfortunate time. The mother and three big boys died and the father and the remaining five children were found in a starving condition by the man's brother. The woman had been dead nearly a month and the boys for a couple of weeks. The bodies were unburied as the survivors had little strength to do anything. As soon as the news was brought in here food was sent out to them, and arrangements were made to get them in by canoe as soon as a canoe could be taken along the coast. The children have picked up wonderfully, but the father is in poor shape. He will be unable to look after his little girls and a boy of about seven. The oldest girl is about 12 years.
> I do not know if you have any vacancies in the school, but I feel sure that, in a case of emergency, you will do your best and accommodate them in some way until such times as you are likely to have older children leaving the School. You may rest content that this is a real case for special effort otherwise I would not be sending them to you without first having made arrangements to do so with you. "

In view of the painfully distressing circumstances set forth in this communication, I do not see that Mr. Northam could have taken any other action than the one, nor do I see that the Principal of our Moose Factory School can do otherwise than receive the children mentioned when they arrive, and admit them to our school as grant-earning pupils. The Principal states that clothing will be required at once for these children, and requests authority to buy it locally. This authority is being granted, with a request that the account be kept separate, and forwarded to me for submission to your Department. I shall be obliged, therefore, if you will approve the admission of these children to our school, and meet the cost of clothing and transportation when the accounts are submitted.

Your obedient servant,

T.B.R. Westgate

Ottawa, June 16th, 1931.

Reverend Sir,-

I beg to acknowledge the receipt of your letter of the 11th instant, with reference to three or four children whom it has been found necessary to send to the Moose Fort Indian Residential School.

In reply I beg to say that, in view of the circumstances, their admission is approved and grant will be allowed for them. When forwarding his June quarter return, the Principal should give full information regarding these children on the admission and discharge form which accompanies the return.

It is noted that it was found necessary to purchase some clothing for them and, as it is presumed that only the clothing absolutely required was secured, payment for same will be made upon receipt from you of a properly certified account, in duplicate.

Your obedient servant,

Russell T. Ferrier.

IN YOUR REPLY REFER TO NO 6.2.2

Ref. Your File 404-1

Dear Sir:

ACCOUNT - MOOSE FACTORY POST - $21.60

Reference your letter of January 27, 1932, we enclose herewith copy of account in duplicate.

We may state that our reason for transferring the amount from the Indian Residential Schools Commission Account is the following paragraph quoted from their letter of Oct. 13, 1931.

"Cheques to cover two of the Accounts have already doubtless reached you, one for $21.60 from the Dept. of Indian Affairs....."

From the above quoted lines we presumed that the account had been forwarded to you.

We regret we are unable to furnish fuller details on the invoice, but no doubt if these are required, the Indian Residential Schools Commission, Bible House, Winnipeg, would gladly supply same.

Yours faithfully,
For the Hudson's Bay Company,

Fur Trade Controller.

EXD.

Ottawa, February 10, 1932.

Rev. Sir:

The Department has received the enclosed account from the Hudson's Bay Company, Moose Factory Post. You will note that the account is certified correct by the Principal of the Moose Factory Indian Residential School. It is considered that this covers supplies obtained for the school and that the same is a charge against the school funds. I may add that the Department has no knowledge of the nature of the services covered by this account. I shall be pleased if you will take this matter up with the Hudson's Bay Company, Winnipeg.

Your obedient servant,

A. F. MacKenzie,
Secretary.

Sir:

I have the honour to refer to your letter No.44-6-5 of the 10th instant re Hudson's Bay Company account against our Moose Factory School.

In this connection permit me to point out that under authority granted in your letter No.44-6-10 of the 16th June last and the final paragraph, the clothing covered by the certified invoice enclosed was duly authorized.

The Hudson's Bay Company,Winnipeg, recently drew the Commission's attention to the fact that this account was still outstanding although it was forwarded to your Department under cover of the Commission's letter of the 8th of September last,together with one for $ 4.34 for Messrs. Revillon Freres. Possibly the Departmental cheque was sent to the Fur Trade Department Hudson's Bay Company,Winnipeg and they have not yet been able to advise their Manager at Moose Factory.

If,by any chance the cheque has not yet gone forward may I request that it issue in due course.

I have the honour to be
Sir
Your obedient servant,

Post Haven:

In further reference to your letter of the 4th instant, your No. 622, regarding the account for $21.60 from your Moose Factory Post, I have to say that it is now found this account was forwarded to the Department by the Missionary Society of the Church of England in Canada, Winnipeg, on the 8th of September, last, and a cheque in payment, to the amount of $21.40, was sent to The Manager, Hudson's Bay Company, Moose Factory, Via Cochrane, Ont., on September 14th, last. Two dresses at $1.19 each were supplied, a total of $2.38, while in the account the charge was $2.58, which accounts for the deduction of 20 cents in the account as rendered.

Your obedient servant,

J. D. McKenzie,
Secretary.

44-6-10

Ottawa, March 5th, 1932.

Sir,-

The Department is in receipt of the account which you recently submitted for payment of $75.00 to Revillon Freres in connection with the transportation of the Wynne children to the Moose Fort Indian Residential School. I understand that this expenditure was incurred previous to your appointment and, also, that it was a rather special case. Under these circumstances, the account is being paid. I would point out, however, that, in future, you should not authorize any expenditure for transportation to and from the Moose Fort or Albany Residential Schools without first receiving specific authority from the Department.

In the case of these two schools, it is considered that the parents should be able to arrange for the transportation of their children to and from the school without cost either to the Department or the school authorities.

Your obedient servant,

Russell T. Ferrier.
Supt. of Indian Education.

Ottawa, October 16, 1933.

Sir:

I have your letter of the 10th instant, with reference to Clarence Mark.

This boy was allowed home on holidays from the Chapleau Residential School and should have returned to that school. However, it is noted that he can be accommodated at the Moose Factory School, and in order to save any expense in sending him back to Chapleau, the Department has decided to approve his admission to the Moose Factory School. You may so inform the Principal.

Your obedient servant,

J. D. Sutherland,
Acting Supt. of Indian Education.

Ottawa, April 26, 1934.

Reverend Sir:

The March quarter return of the Moose Fort Residential School has reached the Department. In the preparation of the return, I would direct your special attention to the instructions contained on the back page of each quarterly return. These instructions should be followed out when you are preparing the quarterly return.

The names of the pupils should be entered in numerical order - the names of the boys on one or more pages and the names of the girls on separate pages.

When a pupil enters the school for the first time, a new register number should be given. This number should be retained during the whole period of residence and the number should be dropped when the pupil is discharged.

On future returns, Clarence Mark should be shewn as No. 46 and James Quaschekan as No. 26. These were the numbers given these pupils and must be retained.

Emma Cheechee should be shewn on future returns as No. 056, as she is a new pupil who entered the school for the first time during the March quarter. The usual application form and certificate of health should also be forwarded for this girl, through the office of Mr. Agent Tyrer.

Your obedient servant,

J. D. Sutherland,
Acting Supt. of Indian Education.

Department of Indian Affairs,
Ottawa.

Dear Sir,

In reply to your letter of Oct 9th No-44-6-10. Re Daisy Kaposheshesit or (Capisisit).

This child is one that school life does not seem to agree with-she has not gained very much in weight during the past year was never contented at the school,and her gums got very soft,so I recommended to the Principal that she be allowed to go home for a year,she lives at Rupert's House.I could find no T.B.,in fact she was fit in every way except her ~~xxx~~ gums and appeared undernurished.Her Parents were willing and anxious to have her back with them.

I hope the above meets with your approval.

Yours truly,

W.L.Tyrer

Nov. 19/34

J.D. Sutherland Esq,
Acting Supt. of Ind. Affairs,
Ottawa,

Dear Sir;

Your letter of Oct. 24th, addressed to Indian Agent, Dr. W. L. Tyrer has been handed on to me, and as a result I am sending you a corrected copy of the Discharge and Admission of Pupils for the July/Sept. Quarter. I regret very much the oversight of the discharge of M. Allesappie, and trust that you will find this in order.

Yours sincerely,

(Rev) Gilbert Thompson
Principal.

Ottawa, January 14, 1935.

Sir,

The Department is in receipt of the December quarter return of the Moose Fort Indian Residential School. Please inform the Principal that the discharge of Mary Jeffries is approved, (No. 022).

When forwarding the September quarter return, the Principal requested the discharge of pupil No. 052, and the return stated that she had been discharged on August 17th, on account of her health. The name of this girl is included on the December quarter return and grant requested for her for the full quarter, or 92 days.

Please advise me if this girl is still in the school or if a mistake was made in placing her name on the December return.

Your obedient servant,

J. D. Sutherland,
Acting Supt. of Indian Education.

Honourable and Dear Sir;

Herewith I recommend that one, Minnie Wynne, of Albany Ont. School Register # 038. Treaty #491 be allowed toremain in our school at Moose Factory until she reaches the age of 18yrs. She was sixteen on May 18th. of this year. She is an orphan. Her guardian is the Principal of the school. I have mentioned the above girl to the local Dr. -Indian Agent, and he is of the opinion that it would be the best thing to keep her in the school for another two years.

Trusting that you will approve of such a move. I am,

Yours sincerely,
Rev Gilbert Thompson
Principal.

DEPT. OF INDIAN AFFAIRS
SEP 24 1935
RECORDS

The Deputy Superintendent General
of Indian Affairs,
Ottawa Can.

Dear Sir;

Herewith please find five applications for admittance into the Moose Factory School. Four of the said applications have not been signed by the parent since at the time of taking in the children I did not have the necessary application forms, and by the time the forms arrived the parents had left for their respective homes. Dr. Tyrer advised me to send in the applications to you and explain the circumstances. If you desire the applications signed please return same and I will have the parents sign when they return next summer.

Yours sincerely,
Gilbert Plomb...
Principal.

Sir,-

The Department is in receipt of applications and certificates of health for the admission of the following children to the Moose Fort Indian Residential School:-

Katie Sutherland
Simeon Sutherland
Dorothy Stevens
Sinclair Cheechoo
Annie Cheechoo

Provided they are not in excess of the number for which grant is allowed, you may inform the Principal that the Department approves the admission of the above-mentioned children.

Your obedient servant,

Philip Phelan.

44-6-10

Ottawa, October 23rd, 1935.

Sir,-

The Department finds it necessary to send back the September quarter return of the Moose Fort Indian Residential School.

As you are aware, the Department allows grant for 43 days' holidays and, when preparing the September quarter return, the Principal should request payment, in the case of those pupils who were in the school on June 30th, for the exact number of days each pupil is in residence during the September quarter plus the 43 days' holidays for which grant is allowed.

It would appear from the return that the majority of the children who were in the school on June 30th were also in residence for 44 days during the September quarter. If this is correct, the Principal should have asked grant for 87 days for each of these children, viz., 44 days in residence plus 43 days' holiday leave. If, however, the children were only in residence for one (1) day during the September quarter, the return submitted by the Principal is correct. However, as there is some doubt in the matter and the Department wishes to pay the school the grant to which it is entitled, the return is being sent back in order that you may review it and, if corrections are necessary, you should have these made.

The grant requested for the new pupils who entered the school during the quarter is correct as it is apparent from the information given under the heading "Date of entrance to school" that the Principal has only requested grant for these new pupils from the date of entrance to September 30th.

Your obedient servant,

J. D. Sutherland.
Acting Supt. of Indian Education.

Mr. J. D. Sutherland,
Acting Supt., of Indian Educ.,
Dept. Mines & Resources,
Indian Affairs Branch,
Ottawa.

Dear Sir;

Herewith, I recommend that diplomas be issued in favour of the following persons who have attained the age limit of sixteen years, and who are to be discharged from this school at the close of the school term, on or about the thirtieth of June 1937.

Name	Age	School Register Number
Easter Mary Wesley	16	030
Minnie Wynne	17	038
Lydia Kapasheshesit	16	045
Hilda Gilpin	16	046

In the case of Minnie Wynne, an orphan, she was discharged on Sept. 24/36, after I had found a suitable ~~farx~~ home for her.

Trusting that your Department will see fit to issue diplomas in favour ~~of~~ the above pupils, I am,

Yours sincerely,

Principal.

Ottawa, October 19, 1937.

Dear Sir:

I have to acknowledge receipt of the September quarter return of the Moose Factory Indian Residential School.

Please inform the Principal that the admission of the following pupils is approved:

No. 064 - Louisa Williams
" 065 - Josephine B. Williams
" 066 - [redacted] Reuben
" 067 - Laura Cheechoo.

No application or certificate of health forms have yet been received for pupils Nos. 064, Louisa Williams, and 065, Josephine B. Williams. Please forward the necessary forms for these girls at the earliest possible date.

Yours truly,

R. A. Hoey,
Supt. of Welfare & Training.

Moose Factory Nov.13th

The Secretary,
Indian Affairs,

Dear Sir,

During this past summer there was a Fort MacKenzie Indian girl brought out from Great Whale River for treatment in Cochrane hoapital for dog bites,this girl is now ready for discharge from the hospital and as she will not be able to return to Great Whale River until next Aug. I am having her sent to Moose Factory and taken into the Ang.Res.School.

Her board there will be 50¢ a day.If you are able to do it,I think it would be best to admit her to the school under a grant.

Will you please inform me whether I am to admit her to the school or have her taken in as a boarder,in any advent she will attend the day school.

Yours truly,

W.L.Tyrer

Ottawa, November 30, 1937.

Dear Sir:-

The Department is in receipt of your letter of November 13th with reference to the Indian girl from Great Whale River. Please submit an application form for her admission to the Moose Fort School. This should contain full information regarding her and can be signed by yourself.

When this is received, it will be decided whether she can be admitted as a grant earning pupil or whether special allowance will have to be made for her.

Yours truly,

Philip Phelan,
Chief, Training Division.

Wynne #10

The Bishop Horden Mem. I. R. School,
Moose Factory, Ont.
Apr. 9/38.

Mr. R. A. Hoey,
Supt. of Welfare & Training,
Dept. Mines & Resources,
Indian Affairs Branch,
Ottawa.

Dear Sir;

I have in school a pupil, John Wynne #35, who is an orphan. He has attained the age limit of 16yrs, and should be discharged this summer. Up to the time of writing I have not been able to find a suitable home for him. I have talked the matter over with the local Indian Agent, Dr. Tyrer, and with his approval I am writing you for permission to keep him in the school until such time as I may be able to find a suitable home for the boy, or until he attains the age limit of 18yrs.

Will you kindly advise me if you will approve of the above policy?

Thanking you in anticipation, I am,

Yours sincerely,

Gilbert Thomson
Principal.

Ottawa,
April 22, 1938.

Reverend Sir:

In view of the information contained in your letter of the 9th instant the Department approves John Wynne, No. 35, remaining in the Moose Fort Indian Residential School during the academic year 1938-39, provided it is not possible to find a suitable home for him in the meantime. If he is still in the school at the end of June next application can then be made for his remaining for a further period and the matter will receive additional consideration at that time.

Yours truly,

Philip Phelan,
Chief, Training Division.

Ottawa,
April 22, 1938.

Dear Sir:

In your letter of November 26, 1937 you forwarded two application forms for the admission of Josephine Barbara and Louisa Williams to the Moose Factory Residential School. These applications were unsigned. I would appreciate receiving a letter from the mother stating the school in which she desires her two children educated.

Yours truly,

Philip Phelan,
Chief, Training Division.

OFFICE OF
INDIAN AGENT

Moose Factory May 12th 1938

[illegible]
[illegible] Div.

Dear Sir,

In reply to your letter of Apr. 25th 1938-No-44-6-10.

We had some Correspondence about this girl last fall-Your final letter was Nov.30th 1937-No-44-6-10.

This girl was taken to the hospital in Cochrane last fall by plane from Great Whale River for treatment for dog bits.After she got better it was not possible to send her home so we admitted her to the Res.School here on your authority.I explained to you that we would not be able to get the father's signiture.

I had intended to keep this girl in the school for another year at least,but will see the parents this summer-If you have to have the parents signiture will you please return the form to me and I will get it signed this August.

Yours truly,

W.L.Tyrer

DEPARTMENT OF INDIAN AFFAIRS
CANADA

OFFICE OF
INDIAN AGENT

44 6-10

Moose Factory May 4th 1938

Mr. Phelan
Indian Affairs,

Dear Sir,

In reply to your letter of April 22nd No-44-6-10.

When I visit Albany in July I will get the letter you ask for.

I might give you an outline of this case.

When I visited Albany last July, (Mrs Williams husband had died during the winter) the Old Williams people and their sons were making it very nasty for the young widow claiming she killed her husband and all that sort of thing and in general were interfering with her affairs and wanting to take the children away from her.

I had them all up before me and told them that it had to stop, that the mother was in full charge of the children, even after that one of the boys beat the woman up so I had them in again and warned them not to let it hapen again.

I understood at that time that the widow had been a Catholic before her marriage although she turned Protestant with her husband and had been so during their married life. It seemed to me that that was really the cause of a lot of the trouble-the Williams family thinking that now her husband was dead the widow was wanting to go back to the Catholic church and take the children with her-I told the Williams family that that was up to the mother.

I was very much surprised when she asked me to examine two of the children for the Moose school-as far as I know no presure was brought to bear on her, but of course in spite of my warnings the Williams family may have.

I had no forms with me so I examined the children and told the mother I would send the forms for her to sign when I got back to Moose.

The forms were made out and given to the H.B.C. to send up to the Ang Mission at Albany for her to sign but were overlooked in the mail and did not go, when I discovered they had missed the last fall mail I sent them in to you.

If in the meantime the widow has decided she wants to a catholic that is her privelege, but last summer her statement to me was that she was an Ang.

Ottawa,
May 18, 1938.

Dear Sir:

With reference to our letter of April 20 regarding certain application forms for children entering the Moose Fort Indian Residential School I wish to advise you that these have now been received.

I note the information contained in your letter of May 4 and when you visit Albany in July you should obtain from Mrs. Williams a statement setting forth the religious auspices under which she desires her children educated. In forwarding this statement you should certify on it that her decision has been reached without influence from any outside parties.

Youre truly,

Philip Phelan,
Chief, Training Division.

44-6-10

Ottawa, Ontario,
July 20, 1938.

Sir:

With reference to your letter of the 15th instant, you may inform the principal of the Moose Fort Residential School that the discharge of the following pupils is approved:

29 Harry Gilbert Allisappie
37 Cornelius Rickard
054 Mina Koostan

I am also in receipt of applications and certificates of health for admission of the following children to the school:

X	Malcolm Jonah		Sinclair McLeod
	Thomas Jolly		Jane GeorgeKiss
X	Samuel Chilton	X	Mary Shekabao
	George McLeod	X	Josephine McLeod
	Joseph Trapper	X	Annie Shekabao
	Eddie Esau		Louisa GeorgeKiss
	George Jolly		Kathleen Hester
X	Walter Katabatuk	X	Lily McLeod
X	John Blueboy	X	Angus Moses
	Sandy McLeod		

It is noted that these children come from Rupert's House where the Department allows a salary for a day school which is apparently operated throughout the academic year.

In the case of the pupils marked with an "X", it is noted that their parents are living. Is there any special reason why these children should receive institutional care? It is not the Department's practice to approve the admission of children to residential schools

from agencies where day schools are in operation, provided the parents are able to support the children and have them attend the day school. Please let me hear further from you regarding the children before whose name an "X" appears.

In the case of the others, it is noted that one or other of the parents is dead, and under these circumstances, it is quite possible that it would be in the best interest of these children to be placed in a residential school, and with this in mind, their admission to the Moose Fort Residential School is approved.

Yours very truly,

Philip Phelan

44-6-10

Ottawa, Ontario,
July 26, 1938.

Reverend Sir:

I am in receipt of your letter of the 20th instant, enclosing applications and certificates of health for the admission of children from Albany and Rupert's House to the Moose Fort Indian Residential School.

The remarks made in my letter of the 20th instant in connection with other applications apply also to the applications which you have just forwarded. In view of the fact that one or other of the parents in each case are stated to be dead, the admission of the following children is approved:

William Wesley	Katie Ruben
David Lazarus	John Lazarus
John Sutherland	Mary Sutherland
Daisy Ruben	Lawrence Lazarus
Rebecca Ruben	John Lazarus

With reference to the others; namely, Dorothy Faries, Bartholomew Mastootaway, Silas Wesley, Alexander Faries, Mary Elizabeth Kapuskeskit, Mina Ruben, it is noted that the parents are stated to be living. In view of the fact that the Department allows salary for Day School teachers both at Albany and Rupert's House, I would appreciate your advising if there are any special reasons why these children should receive institutional care. In this connection, I would refer you to the second last paragraph of my letter to you of the 20th instant.

Yours very truly,

Philip Phelan
Chief, Training Division

W. L. Tyrer, Esq.,
Indian Agent,
Moose Factory, Ont.

August 5th, 1938.

Dear Sir:

With reference to your letter of the 26th ultimo, the Department approves the admission of the following children to the Moose Fort Indian Residential School:

Harry Weakapenecappo
Harry Stockin
Elijah Shashonescum
Billy Cheeso
Willy Cheeso
George (Picatoa) Moses
Eddie Cheeso
Akel (Picatoa) Moses
Harry (Picatoa) Moses
Harriet Gilpin
[illegible] Mayappo
Margaret Gilpin
Minnie Mayappo
Lillian Gilpin

It is noted that all these children come from Eastmain. If the Indians at that point intend to send their children to the residential school, it is considered that there should be no necessity for operating a seasonal school at Eastmain.

In admitting the children to the Moose Fort

Dear Sir:

I am in receipt of applications and certificates of health for the admission of the following children to the Moose Fort Indian Residential School:

Georgina Weistche
Marian Wesley
Peter Mark Stewart

The two first named children come from places where Indian Day Schools are operated. Why can they not attend the Day School? Further consideration will be given to these two applications when your reply is received.

The admission of Peter Mark Stewart to Moose Fort School is approved.

Yours truly,

Philip Phelan,
Chief, Training Division.

Ottawa.

Dear Mr. Phelan;

Your letter of July 20th., to hand, re the admitting of certain children from Rupert's House.

I am forwarding copies of your letter to the Reverend, Canon S. Gould, M.D., D.C.L., General Secretary of the Missionary Society of the Church of England in Canada, and to Dr. T. B. R. Westgate, Secy., of our School Commission. They will no doubt take up the matter with you. In the meantime I will discuss the matter with Dr. MacGill, Director of Indian Affairs, upon his return from the East coast of James Bay. He, no doubt, will be able to advise me on the matter.

May I be allowed to say that the parents of these children are away from the post for approximately nine months of the year, hence they cannot get much training in the local day school.

Yours sincerely,

Rev Gilbert Thompson

Principal.

Dear Sir:-

The Principal of our Moose Factory School has furnished me with a copy of your letter of the 26th ult. (File No. not given) addressed to him, in which you authorize the discharge of three pupils, and request further information in connexion with the applications for admission to this School of nine children from Rupert's House. In your letter you ask if there is any special reason why these children should receive institutional care, and state that it is not your Department's practice to approve the admission to Residential Schools of children from Agencies where Day Schools are operated, provided the parents are able to support them and have them attend such Day Schools.

From a copy of the Principal's reply to your letter on the 9th instant, I learn that "the parents of these children are away from the post approximately nine months of the year", and consequently are unable to receive much training in the local Day School.

Moreover, as they are a handicap and anxiety to their parents when hunting and trapping, and are very liable to suffer severely from exposure and undernourishment during the long and trying season, it would be greatly to their advantage, as well as to that of their parents, if they were placed in a Residential School.

As "every post about the Bay" is reported to me to have its Day School supported by the Department and as the Principal of our Moose Factory School states that he does not admit to his School children of "parents who spend the year

RECEIVED

44-6-10

OFFICE OF THE INDIAN AGENT

CANADA
DEPARTMENT OF MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE FILE

Moose Factory Aug 24th 1938

Mr Phelan,

Dear Sir,

In reply to your letters of Aug 9th and Aug 5th Nos 44-6-10 and 44-6-10.

Aug 5th-I informed the teacher that was at East Main this year that it was very unlikely that the Department would send a teacher to East Main next year.The School at Moose understand that a grant will only be given for 100 pupils but I am examining all they take in-I beleive they expect to have 115 pupils.

Yours truly,

W.L.Tyrer

Aug 9th-It has been the polsey of the Department as far as I know to take in children of Indians that go away in the fall to hunt and stay out most of the time even if there is a day school at the Post-We have day schools at Moose,Albany and Fort George, yet we have always taken children into the schools from these places.

Yours truly,

W.L.Tyrer

44-6-10

Ottawa,
August 30, 1938.

Dear Sir:

With reference to your letter of the 24th instant the Department approves the admission to the Moose Fort Indian Residential School of the children mentioned in your letters of July 13, July 20, July 26 and August 23.

In the last paragraph of my letter of August 5 the following statement appeared: "In admitting the children to the Moose Fort School it should be understood that the Department can only allow a per capita grant of $100.00." This was a typographical error. It should have read: "The Department can only allow a per capita grant for 100 pupils."

Yours truly,

Philip Phelan,
Chief, Training Division.

W. L. Tyrer, Esq., M. D.,

Bishop Horden Memo
Moose Factory, Onta
May 24, 1939.

1939

Mr. J. D. Sutherland,
Acting Supt. of Indian Education,
Department of Mines and Resources,
Indian Affairs Branch,
Ottawa.

Dear Sir:

Herewith, I recommend that diplomas be issued in favour of the following persons who have attained the age limit of sixteen years, and who are to be discharged from this School at the close of the school term, on or about the thirtieth of June, 1939.

#028,	Minnie Hardisty,	age 16 years.
#047,	Louisa Gilpin,	age 16 years.
#066,	Kathleen Reuben,	age 16 years.
#39,	Allan Kapasheshit,	age 16 years.
#51,	Elijah Goodwin,	age 16 years.

3-6-34

At the same time that you forward the Diplomas, will you kindly forward Bibles and Hymn and Prayer Books for these prospective graduates?

Trusting that your Department will see fit to issue Diplomas in favour of the above pupils, I am

Yours sincerely,

Gilbert Thompso

R.A. Hoey, Esq.,
Supt. of Welfare & Training,
Indian Affairs Branch,
Dept. of Mines & Resources,
Ottawa, Ont.

Dear Mr. Hoey:-

Our Commission have received repeated requests for a number of the children at our Moose Factory School to be allowed to return to their homes during the summer holidays. As you will know, these children are recruited from various centres around the shores of James Bay, such as Albany, Rupert House and East Maine. The difficulty in acceding to their request lies in the lack of transportation during the holiday period.

So far as the children from Albany are concerned, it is the opinion of our Commission that the parents themselves might be able to spend part of the holiday period with their children at the school.

With regard to those from Rupert House and East Maine, it would seem that the only way for them to reach their homes and again return to the school would be for them to travel in the boat "Charles Stuart" which your Department has placed at the service of your local representative, Dr. Tyrer.

As I understand from the Rev. Principal Thompson that Dr. Tyrer will be paying treaty during that time at different centres around the Bay, I am writing for the specific purpose of ascertaining if you will grant him and the Principal authority for the children from these two centres to be taken home and brought back in the Government boat.

I commend this arrangement to your sympathetic

Ottawa,
April 12, 1940.

Reverend Sir:

I am in receipt of your letter of the 4th instant with reference to transporting children from the Moose Fort Residential School to their homes for holidays this summer.

The Department has no objection to children from this school going home for holidays provided the parents arrange for their transportation or the school management wishes to pay for it. The Department, however, will not have any funds available for such purpose.

Regarding your suggestion that arrangements be made to use the Departmental boat for transporting children from the Moose Fort School, I feel that this would be difficult to arrange to the mutual satisfaction of all parties concerned. Besides, if such permission were granted similar requests would likely be received from other schools in your locality as well as at other points throughout the Dominion.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Dear Sir,

In reply to your letter of April 19th 1940-No-44-6-10.

Re-Thos.Jolly-No-69 & Geo.McLeod No-71.

I beleive Mr.Thompson sent a list in by the mail leaving here April 25th of the pupils to be discharged this June, and two above boys were on that list.

Thos.Jolly has been in the hospital with pleurisy for the last couple of weeks but is being discharged this week.

George McLeod has been in the hospital ~~for~~ since Jan.16th he has active T.B.with pos sputum. He is improving and I expect to be able to return him to Rupert's House this summer.

PLEASE QUOTE FILE

Moose Factory Aug.6th 1940

Mr.Hoey,
Training.

Dear Sir,

The Ang.Mission at Moose Factory complain that I will not admit pupils to the Res. School at Moose Factory because the parents of the children live on the Island and can attend day school, yet the R.C.Mission take these children from Moose Factory into the R.C.Mission Res.School at Albany.

I have told the Ang.Mission at Moose Factory that I will not approve of the application,but that if the R.C.Mission want to keep these pupils at the Res.School at Albany without receiving a grant from the Department that there would be nothing I could do about it.

Please inform me as to your views on the matter as I will be going to Albany to examine the children the 1st of September.

Yours truly,

Ottawa,
August 16, 1940.

Dear Sir:

With reference to your letter of the 6th instant I may say that your action in insisting on Anglican parents who are able to do so sending their children to the Moose Factory Day School rather than the residential school is approved.

However, in the case of Catholic Indian children, if their parents wish to send them to the Albany Residential School the Department cannot see any reason why they should be prevented from doing so.

It has always been our practice throughout Canada to permit parents whose religion is different from the religion under which the day school is operated to send their children to the nearest residential school conducted under their own religious auspices.

Yours truly,

Philip Phelan,
Chief, Training Division.

DEC 23 1940
REGISTERED

Dear Dr. Moore;

I have just returned from my extended holiday, and upon my arrival I find that the two children who were to come to us from the Lady Minto Hospital have not arrived.

On checking up I find that Daisy Wynne has returned to her home in Moosonee, and I am wondering if that is according to your wishes or if you desire her to come into the school. I shall await your reply before approaching the family. I shall be glad to have this girl come into the school, al so the other girl as well if it is according to your wishes. I hve not been able to discover where the other girl is.

While we were in London we received the news of Dr. Tyrer's passing. It came to us as a shock, although we had known for some time that Dr. Tyrer was far from well.

If there is anything we can do to help carry on unitl a new agent arrives we shall be only too glad to do it. Please do not hesitate to call upon us.

May I take this opportunity of wishing you the Compliments of the Season.

Yours sincerely,

Gilbert Thompson

Ottawa, Ontario,
December 23, 1940.

Dear Doctor Brunet:

When I visited the Lady Minto Hospital at Cochrane in October, I believe there were two girls in the hospital, Daisy Wynne and Ellen Blacksmith, who, we thought, might be discharged to the Residential School at Moose Factory.

Daisy Wynne has been sent home, but I believe Ellen Blacksmith is still in hospital. If you think she is all right, we could arrange to have her given some special care in the School. I would be glad to hear from you on this subject.

Compliments of the Season.

Yours very truly,

P. E. Moore, M.D., D.P.H.,
Acting Superintendent of Medical Services.

E. E. Brunet, Esq., M.D.,

Copy on 51-44.

Ottawa, Ontario,
December 23, 1940.

Dear Mr. Thompson:

I have your letter of December 17. We were all greatly shocked at Doctor Tyrer's sudden death.

I do not know how soon we will be able to get a doctor up there to replace him. Your kind offer of assistance is greatly appreciated. I believe the Department has placed the R.C.M.P. Constable nominally in charge until a new Agent is appointed, but your kind cooperation will be appreciated.

I have written Miss Radland regarding some patients in the hospital. I believe Daisy Wynne would be much better in the School if you can arrange to get her in. If you are over your per capita grant, I will pay for her maintenance in the School from the Medical Vote.

The other girl was Ellen Blacksmith of Rupert's House. She, apparently, has been kept in the hospital at Cochrane. I shall write them regarding sending her to the School. If she is to be sent, we will let you know.

I would like to extend to you and your Staff Compliments of the Season.

Yours very truly,

P. E. Moore, M.D., D.P.H.,
Acting Superintendent of Medical Services.

OF THE MISSIONARY SOCIETY OF THE CHURCH OF ENGLAND IN CANADA

THE REVEREND,
GILBERT THOMPSON, B. A., L. Th.,
PRINCIPAL.

BISHOP HORDEN MEMORIAL
INDIAN RESIDENTIAL SCHOOL,
MOOSE FACTORY, ONTARIO

January 8, 1941.

The Secretary,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Canada.

Dear Sir:

Herewith please find, The Residential School quarterly Returns, for this school, for the quarter ending December 31st. 1940, together with the Day School Returns for the same period.

I am also enclosing one Application for Admission, for a boy admitted December 21st. Since we have no Agent would you please advise me, as to what proceedure, I should follow in sending in Applications, until such time, an Agent is appointed. In all probability, I shall not take in more than two orphans, whose Guardian has asked me to take them in, until such time as an Agent is appointed, since I already have a full quota for this year.

Awaiting your instructions, I am,

Yours sincerely,

Gilbert Thompson

INDIAN RESIDENTIAL SCHOOL.
MOOSE FACTORY, ONTARIO

April 26, 1941.

Department of Mines and Resources,
Indian Affairs Branch,
Ottawa, Canada.

Dear Sir:

Enclosed please find an Application for Admission, of a boy into this school. You will n te that the signature of the father is missing. It is impossible to get in touch with him at this time of the year.

The boy in question was placed in the school by his father July 21, 1938 and a proper complete application went in at that time. He was discharged from the school, July 6, 1940, having been transferred to a hospital with Pulmonary Tuberculosis. At that time the late Dr. Tyrer held no hope for his recovery.

You will note that Dr. Orford considers him sufficiently improved to allow him to leave the hospital and it is upon his approval that this boy has been placed back in the school.

Trusting this will meet with your approval. I am,

Yours sincerely,

Gilbert Thompson
Principal.

Reverend Sir:

With reference to your letter of the 26th instant the re-admission of Elijah Shashaweskum to the Moose Fort Indian Residential School is approved. In entering his name on the return he should be given the same number as was used when he was in the school previously. A note should appear opposite his name on the June quarter return giving the date and file number of this letter as authority for his re-admission.

Yours truly,

Philip Phelan,
Chief, Training Division.

AUG 20

The Secretary,
Dept. Mines and Resources,
Indian Affairs Branch,
Ottawa.

Dear Sir;

One of the pupils attending this school has successfully passed the Provincial Entrance Examinations, and is desirous of continuing with High School work. The person in question is, Andrew Faries. He is a boy of intelligence and ability, having passed his entrance at the age of 14yrs.

The nearest residential school offering possibilities for attendance at a High School is Chapleau.

I fully realize the need for strict economy during these trying times, and would therefore suggest that, with your approval we would be glad to take care of this pupil for the first year or two if arrangements could be made for him to enroll as a pupil with the Provincial Correspondence Department.

Trusting that the above suggestions will meet with your approval. I am,

Yours sincerely,

Gilbert Thompson

R.A. Hoey, Esq.,
Superintendent of Welfare & Training,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ont.

Dear Mr. Hoey:-

You will note from the following extract from a letter just received from the Rev. Gilbert Thompson, B.A., Principal of our Moose Factory School, that he desires some definite ruling with regard to circumstances under which Indian parents may have their children removed from a school into which they have duly admitted, and where they are expected to remain until they have attained the age limit for their discharge.

Mr. Thompson's letter was dated Moose Factory, Jan. 24th, and reads in part as follows:-

> "In this area parents apparently think they can take out their children whenever they please. The most recent instance occurred this week when the wife of Thomas Niekoshi asked for her children out of the school. She gave as her reason that since her husband had joined the army she needed the children home to help look after the smaller children while she helped her 16 yr. old boy to get wood. The two whom she wanted are girls, 12 yrs. and 14 yrs. respectively. I am fairly well convinced that the reason she gave was not the real one. I had a little trouble with the younger of the two girls and told her that if she could not behave better I would not let her stay in school. She went home and told her mother what I had said and her mother told her she would take her out of school. Before the mother came to see me she went to see the Agent telling him that she needed the girls home to help her and he said as far as he was concerned it would be alright for her to take them out, but that she had better come and see

www.collectionscanada.gc.ca

"me. I have let the children go since I could not see that I could do otherwise. Hence my reason for asking if there is any ruling on the matter. If there isn't would it be possible to obtain one from the Dept.?"

I happen to know Thomas Niekoshi and his wife, Clara, quite well. I also remember that, before our new and larger school was built at Moose Factory, some of their children were being educated in our Chapleau School. When the new school was ready at Moose Factory the two children that were at Chapleau were transferred to the Moose Factory School, and I learned from Mr. Thompson that these are the very children that the mother is now insisting on having at home with her. Mr. Thompson's statement that he is fairly well convinced the reason given by Mrs. Niekoshi for wanting the children home was not the real one seems to me to indicate that we would be justified in asking that the case be very carefully reconsidered by the Indian Agent, and an order given for the children to be returned to the school, should it be found that they were allowed to leave for reasons which are not in accordance with the facts.

Yours very truly,

T B R Westgate

TBRW*WS

Secretary of the Commission.

Ottawa,
February 7, 1942.

Dear Doctor Westgate:

I am in receipt of your letter of the 3rd instant with reference to the communication you have received from the Principal of the Moose Fort Indian Residential School. I am forwarding a copy of your letter to the Indian Agent and asking him for a report. On receipt of his reply you will be further advised.

In the meantime I may say that it has always been definitely understood that when a child is admitted to an Indian residential school such child should remain there until formally discharged by the Department. Such discharge is usually recommended either by the Principal or the Indian Agent and I believe, in most cases at least, both these officials concur before applying for discharges. With this in mind I am at a loss to understand why Mr. Thompson allowed the children to leave the school without making application to the Department.

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

Ottawa,
February 7, 1948.

Dear Sir:

I attach, for your information, a copy of a letter received from Rev. Dr. Westgate. This letter explains itself and I should appreciate having a report from you.

As a matter of fact the Principal of the Moose Fort Residential School had no right to allow the child to leave without having received formal permission from the Department. In this regard I would direct your attention to the first paragraph appearing on the application for admission f[illegible].

Yours truly,

R.A. Hoey,
Supt. of Welfare & Training.

PLEASE QUOTE
FILE SH-6

Moose Factory, Ont.,
February 17th. 1942.

FEB 21 1942

R.A. Hoey,
Supt. of Welfare and Training,
Indian Affairs Branch,
Dept. of Mines and Resources,
OTTAWA.

Dear Sir, Re: Your Letter Feb. 7th., File 44-6-10

I have noted the contents of your letter and that of Dr. Westgate, which you attached.

Mr. Thompson's comments were rather a surprise to me, as he remarks that apparently parents in this area think they can take out their children whenever they please. This is the first instance to my knowledge where I have, in mutual agreement with Mr. Thompson, sanctioned the removal of children from residence - although the R.C.M.Police and myself have been approached on other occasions to interfere.

Mrs. Nickoshi came to me complaining of treatment her children received at the school and demanded that they be allowed to go home and stay with her - also giving as an excuse that she needed the children to help her since her husband had joined the army. As the woman was quite hard to handle, I went to Mr. Thompson and discussed the matter with him and it seemed best to both of us to avoid further trouble by allowing the children to go out, provided they attended Day School. Mr. Thompson made the remark that he was not at all anxious for the children to return to Residential School, as he anticipated that if this was done their Mother would continue to be a source of trouble.

In future any complaints will be discussed with Mr. Thompson and both sides of the matter referred to you for decision.

Yours truly,

Thos. L. Orford

Dr. T.J. Orford.

INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE SH-6

Moose Factory, Ont.,
May 19th., 1942.

MAY 23 1942
INDIAN AFFAIRS BRANCH

Dear Sir:

A Moose Indian, Sam Cheena, has been persistently requesting that his daughter Agnes be allowed out of Residential School. He had complaints about her clothing but this was unfounded and he was easily convinced this was no reason for her discharge, but nevertheless, he still wants his daughter at home.

Under ordinary circumstances I would not consider recommending that this girl be discharged, but Sam Cheena is one of the most co-operative of the Band up tothe present time.

His daughter in any event would be discharged in 1943 as she will be sixteen years of age in September of that year and further her general physical condition is not good.

Under the circumstances would you consider giving approval for her discharge at the end of the present term.

Yours truly,

Thos. K. Orford

Dr. T.K. Orford.

Ottawa, July 9, 1942.

Reverend Sir:

The June quarter return of the Moose Fort Residential School has just been received, and it is found that it has not been prepared in accordance with the instructions.

The number of boys and girls should be shown at the bottom of each sheet of the return and grand total on the last page. This applies also to the columns for "Class". It is not necessary to total the ages, but the age of each pupil should be shown. The date of entrance of each pupil to the school should also be entered in the column for that purpose.

Your kind attention to the above details will be very much appreciated and will ensure the earlier payment of the per capita allowance.

Yours truly,

Philip Phelan,
Chief, Training Division.

OFFICE OF THE
INDIAN AGENT

CANADA

DEPARTMENT
OF
MINES AND RESOURCES
INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE SH-2

Moose Factory, Ont.,
November 5th., 1942.

NOV 11 194-

Dear Sir:

There are two children who did not return to Moose Residential school this year. They are with their parents at Island Falls Junction and at Kattice.

The parents in each case took their children home during the summer holidays with the expressed purpose of keeping them away from school.

Correspondence has been carried on with the parents advising them of the regulations concerning education and in both cases now they express willingness to have the children return to school but lack the funds for transportation.

Will you kindly advise me who would be responsible for expenses of the truant officer - Corporal W.G. Kerr - to return these children to school.

Yours truly,
Thos. T. Orford
Dr. T.J. Orford.

The Secretary,
Dept. of Mines & Resources,
Indian Affairs Branch,

Ottawa,
November 18, 1942.

Dear Sir:

With reference to your letter of the 5th instant, the Department will pay the transportation of the pupil of the Moose Fort Residential School who is residing at Island Falls Junction but who did not return on the expiry of the holidays.

We are not prepared to pay the transportation of the one residing at Mattice.

There is no necessity for sending anyone to bring the child to the school. Simply have the child placed on the train at Island Falls Junction in charge of the conductor and there is no doubt that the child will reach Moose Factory.

Yours truly,

Philip Phelan,
Chief, Training Division.

In reply to yours of January 18th., file 44-6-10 in reference to December quarter return of Moose Fort Residential School - pupils 0120 and 0125 have not returned to school following last summer holidays.

These are the two pupils about whom I enquired regarding transportation costs. You advised that pupils' 0125 fare from Mattice would not be paid by the Department but that the fare of pupil 0120 from Island Falls would be.

To date pupil 0120 has not returned and is presumably still in the bush with her relatives.

Will it be necessary to forward discharge forms for these two pupils.

Dr. T.J. Orford.

Ottawa,
April 28, 1943.

Dr. T.J. Orford, Indian Agent, Moose Factory, Ont.

With reference to the March quarter return of the Moose Fort Residential School, you may inform the Principal that the Department approves the discharge of the pupils numbered 0106 and 0147.

The December quarter return of this school showed Josephine Lazarus as pupil No. 0130. On the March quarter return there are two entries for the same girl; namely, 0130 and 0131. No grant is requested for the latter and it is presumed that there was a mistake in entering her name twice.

Pupils 0120, 0122 and 0125 are considered as discharged and their names should not appear on future returns.

DEC 6 194

Dear Sir;

In view of the fact that I acknowledged your letter in which you asked that the services of the R. C. M.P. be not used unless absolutely necessary I,feel it my duty to report to you that I have had occasion to call upon the services of the local R. C. M.P.

On the evening of Nov. 20th., between 6.30 p.m. and 7.30 p.m. two boys left the school grounds. I began searching for the same shortly afterwards. By 10.00p.m I could not locate these boys and knowing that they might have crossed the river, which crossing was precarious in the dark due to the fact that parts of the river were not yet frozen, I notified Cpl. W. Kerr of the R. C. M. P. Together we maue a further search that night. The following morning I went to Moosonee and discovered that it was possible the lads had slept in the deserted shack of the family of one lad. No one had seen the boys at Moosonee. That night the policeman and I went across to the shack in the hope that the lads would have returned there, but they were not there. The next morning the policeman took his dogs and went down the railroad track following up a lead that someone had seen two people walking on the track, who had later disappeared into the bush when sighting the on-comming man. The boys were well clothed, but not outfitted for severe weather. Before the policeman overtook them they had walked some 24 miles and had reached the camp of the parents of one of the boys. All returned the following Wed. night by train, including the parents of the one boy.(The other boy comes from East Main and has no parents).

Sometime on Thur. the parents of the one boy went to see Dr. Orford, the local Indian Agent, when they asked to take the child out of school giving as their reason,as far as I ascertained that day, that they were afraid the boy might run away again and get some other boy into a serious trouble. The boys gave as their reason for running away that some of the boys teased them. They are 13yrs and 14yrs of age. On the Thur. afternoon the policeman came with the parents and said the Indian Agent, Dr. Orford, had given permission for the parents to take their boy, Mathew Chum,#110 out of school, but before doing so the father was to punish his boy in front of the other children. The boy left that afternoon.

In a letter to Dr. Westgate from Mr. Hoey, #44-6-10 relative to the discharge of pupils Mr. Hoey writes in part.

The Secretary, Indian Affairs Branch — Dec.1/43

"In the meantime I may say that it has always been definitely understood that when a child is admitted to an Indian Residential School such a child should remain there until formally discharged by the Department ~~xxx.~~ I am at a loss to understand why Mr. Thompson allowed the children to leave the school without making application to the Department."

In the instance of this boy being taken out of school you will readily see that I had no opportunity of 'making application to the Department.' I was simply told that the parents were to take the boy out and they waited for him.

The whole incident does not help us in trying to make the people realize that once they have put their children in school they should leave them there until they are 16yrs of age. It will work the opposite. I anticipate other children leaving the school almost on any pretext and the possibility of the parents appearing to take their children out of school. Unless something definite is done about the matter I shall be at a loss to prevent them. I shall appreciate anything you might do to prevent such a situation.

Yours sincerely,

Gilbert Thompson

P.S. I am sending a copy to Dr. Alderwood for his information

44-6-10

Ottawa,
December 7, 1945.

Dr. T.J. Orford, Indian Agent, Moose Factory, Ont.

The Department is in receipt of a letter dated the 1st instant from the Principal of the Moose Fort Indian Residential School in which he reports that two boys truanted from the school and were eventually located. In the case of one of the boys, namely, Matthew Chum, the Principal advises that soon after he was returned to the school the policeman came to the school with the parents and stated that you had given permission for the parents to take the boy home. The Principal allowed him to go.

As you are aware, when a pupil is placed in a school the permission of the Department must be obtained before discharge can be granted. This regulation is designed not only to preserve uniformity in the handling of the discharge of children but is also a great assistance to the individual Indian Agent, as it relieves him of a considerable responsibility. Of course, in making a decision we are guided by the recommendation made by the Agent, as it is presumed that he has consulted the Principal and that both of them are in agreement.

In this particular instance the Principal should not have allowed the boy to go until you had furnished him with a copy of our permission. However, the Principal's action at this time does not really affect the point at issue, which is that discharges must be approved by the Department. I should appreciate hearing from you in this matter.

Philip Phelan,
Chief, Training Division.

THE INDIAN AND ESKIMO RESIDENTIAL SCHOOL COMMISSION
OF THE MISSIONARY SOCIETY OF THE CHURCH OF ENGLAND IN CANADA

THE REVEREND,
GILBERT THOMPSON, B.A., L.Th.,
PRINCIPAL.

BISHOP HORDEN MEMORIAL
INDIAN RESIDENTIAL SCHOOL,
MOOSE FACTORY, ONTARIO.

Nov. 17/43.

The Secretary,
Dept. Mines & Resources,
Indian Affairs Branch,
Ottawa.

Dear Sir;

Herewith please find application forms filled out for admittances into this school. I trust you will find these in order.

Also please find report on admissions and discharges. I would like to deal with some of these discharges a little more fully than the form allows.

#78 Angus Moses, Went to Rupert's House for holidays and failed to return. No proper reason given by the parent to the Missionary at Rupert's House except that he wanted to keep the child home this winter, and will return him to school next fall

105 Bertie Friday. The Local Indian Agent tried his best to persuade the parents to allow this boy to return, but because he had just had a minor sick spell they refused to bring him back.

109 Jimmie Georgekiss. The father promised me to return this child before taking him to East Main, but made no attempt to return him

111. Emmanuel Rubin. Father wrote me that he was not letting his son come back. He wanted him to work for him.

127. George Mark. The father told the Indian Agent and wrote me that he was quite willing for the child to return, but the mother did not want the child to return because they lost one girl in school here last winter.

0120. Ellen Blacksmith; Spent most of last winter trying to get this child back to school without success. Ignored Agent's letters.

0121. Elsie Moses. Same excuse as#78 Angus Moses

0125. Bella Sutherland. Parent ignored Agent's letter last fall.

0141. Janie Trapper. Failed to return. Aunt said child not taught Eng. here and but she was taught to swear.

0142 Mary A. Wheskechan. Parent promised to return this child but has not done so.

131 Clifford Blackned and 0117 Clementine Blackned. I am given to understa that the parents wanted the children with them this winter and will return them next fall.

098 Elizabeth Kapasheshesit, Had heard that this child was to be kept out after holidays so made the mother go and see the Agent before releasing the child. The mother promised the Agent to return the child and she was allowed on holidays. At the end of the holiday the father came to say the girl was not returning as the mother needed someone in the tent to help her. The mother had one small boy to take care of besides her husband and herself.

0143. Ethel Kapasheshesit. Mother said she was lonesome without a child in the tent and was keeping her home.

0146 . Elizabeth Mark failed to return for same reason as 127, George Mark.

From the foregoing it must be obvious that the reasons given are weak.Dr. Orford, the local agent has done his best to encourage the parents to put their children in the school, with the result that of the 18 new children taken in fifteen are from Moose Factory area.

Our enrollment is 75 this term insteadof 93, Cannot something be done officially by the Indian Affairs Branch to ensure that the children of school age be made to attend school? When the Indians were hard up we had no difficulty in securing sufficient children to more than fill our school. Now that economically they are better off it is a different proposition. The Indian Act, to my knowledge, states that the children are to attend school between the ages of 7yrs and 16yrs. Why isn't it enforced the same as the Public School Act is in a white community? These people know that both the local Indian Agent and R.C.M.P. have not, or are seemingly not allowed to put that law into effect by forceful means.

We cannot be expected to be able to operate a school on a ½ basis especially when you consider how small the per capita grant is.

Anything that can be done to remedy this position will I am sure be greatly appreciated.

Yours sincerely,

Gilbert Thompson

P.S. I am sending copies of this letter to Dr. Orford, & Dr. Alderwood for their information.

Ottawa, December 8, 1943.

Dear Mr. Thompson:

I have for acknowledgment your letter of November 17 and have noted with interest the somewhat disturbing information contained therein.

The officials of this Branch are heartily in agreement with you, that a worthwhile educational system cannot be established on the whims and caprice of an illiterate and prejudiced population. This expression of opinion applies to a great many white communities and it certainly applies to a great many of our Indian agencies. You can rest assured, there ore, that we shall do everything humanly possible to co-operate with you in any attempts that may be made to change existing conditions. You ask why is not compulsory attendance enforced in Indian communities, the same as the provisions of the Public School Act in white communities. The answer to this question is very simple. Experience has taught us that where compulsion is exercised,-and it has been exercised quite frequently throughout the years, in attempts to maintain regularity of attendance at Indian day and residential schools - the results have been invariably disappointing. Attempts on the part of the R.C.M.P. to enforce attendance have created an impression in the minds of a great many Indian parents that our residential schools are penal institutions, established, not for the benefit or education of their children, but to punish them. This feeling or attitude on the part of Indians has become so widespread that we have been recently asked by the Commissioner of the R.C.M.P. not to use his constables as truant officers and that, if we must use them, to use them sparingly. This antagonism on the part of Indians in certain cases has become so pronounced that we have had a suspicion on more than one occasion that the destruction of certain residential schools by fire was deliberate and not accidental. It is just possible that we may find a solution for this problem

Rev. Gilbert Thompson,
Principal,
Indian Residential School,

by creating courses of study more attractive to Indians and more effectively designed to meet the needs of the Indian population. A limited number of our schools have already reached this ideal. In your case I am disposed to think that the matter is one that should be discussed very fully and in detail with the Indian agent, Dr. Orford, and with a number of the more responsible Indians. If you feel, after this discussion, that compulsion should be exercised and that these children should be compelled to attend school against their own wishes and the wishes of their parents, then compulsion by way of experiment will be authorized. In making this statement, I am not hopeful that compulsion will be in any sense more effective in the James Bay area than in other sections of the Dominion, where it has been already tried. It is the remedy that first suggests itself to one when confronted with the problem of non-attendance, but I am not at all sure that it is the best remedy.

I am sending forward a copy of this letter to Dr. Alderwood and to the Indian Agent, Dr. Orford.

Yours sincerely,

R. A. Hoey,
Supt. of Welfare & Training.

Re: Moose Fort Residential School

On November 20th two boys from this school, Matthew Chum and Luke Tomatuk, ran away and walked about 25 miles to the trapping camp of the father of the Chum boy. Corporal Kerr of the local R.C.M.Police followed them by dog team and returned by train on November 4th.

The parents of the Chum boy returned to Moose Factory with the boy and insisted on taking him out of school. This was the second time he had run away and they feared he would do it again and that he might be lost or frozen to death if he attempted it. The only alternative they offered was to remain at Moosonee and neglect their trap line.

In the face of their opposition to keeping their son in school because of their concern for his future safety I could not do other than give consent for them to take him with them for they could have done so in any case. However, I did insist that they punish the boy themselves as an example to others in the school and this they did willingly enough.

DIARY DATE

SET FOR

1. At 9.15 P.M. of the 20th instant, Rev.G.Thompson of the Indian Residential School reported that two of the pupils were missing, Matthew Chum and Luke Tamitak.

2. After supper,the same evening, both the boys had requested permission to go to the lavatory outside the main building and had not returned after permission had been granted by the supervisor on duty. Matthew Chum had previously been guilty of truancy the preceeding Spring. Both boys were just under 14 years of age.

3. Accompanied by Mr.Thompson I patrolled the Island and made inquiries among the local residents but to no avail as neither of the boys had been seen. All vacant houses were visited. Later we followed the trail to Moosonee across the Island and where the trail goes onto the river ice we found no marks of anyone going in that direction. The tide at that time was high and the border of water around the shore made it impossible to reach the solid ice. Another route to Moosonee was investigated but no tracks seen on it. The barns and outbuildings of the School had also been searched.

4. The next day it was learned that the boys has slept in a cabin at Moosonee the previous night (The cabin was one belonging to Matthew Chum's father who was on his winter trapline). Indians interviewed reported they had not seen the boys and that they were no tracks on the railway leading south. A further search of the Moosonee district was made but no trace of the missing boys was found. Later in the evening an Indian Trapper who had been walking along the railway south of Moosonee and who had just reached the village, reported that he had seen two persons along the track but they had run into the bush before he could identify them. They had been proceeding south. He also reported that the tracks had reached the railway from a creek bed some two miles from Moosonee which would account for the absence of tracks along the regular path south.

5. Both the boys had been dressed in rubber boots and cloth windbreakers, and although Indians were camped at 12 miles intervals along the tracks, it was feared that a sudden cold spell might have serious results to the boys if they were caught between camps or met with any injury. Neither boy was believed to have matches or axe.

6. The next morning I set out alone with 4 dogs and sled along the tracks leading south. I expected to find the boys at the first Indian Camp but on my arrival there I learned they had passed there the previous afternoon. I continued on and while camped in the bush some 20 miles from Moosonee that evening, I was visited by an Indian returning to his

Truants from Bishop Horden Indian Residential School - Moose Factory, Ont. - Matthew Chum and Luke Tamituk

6. - camp from his traps. He informed me that he had passed the boys the previous day and that they were headed for the camp of James Chum ~~Chum~~, father of Matthew. He stated that this camp was located off the tracks in the bush some 12 miles further on. I hired him as guide and set off within the hour and we travelled to midnight. The guide was a bit off in his computation of mileage and we camped with some Indians for the remainder of the night in the camp that the guide had thought was James Chum's. The next morning we set of again and around noon reached James Chum's camp where I found both truants, Matthew Chum and Luke Tamituk.

7. Both boys, on being questioned, stated that they had left school because the other boys had teased them and for no other reason. The father and Mother of Matthew Chum informed me that they had intended to return the boys to school on the weekly train and that the boys had given them the same reason as given me for leaving school.

8. As my 4 dogs were incapable of transporting the boys, guide and myself back to Moosonee through the prevalent deep snow and I had no camping equipment outside of an axe and canvas sheet, I decided to send the dogs back with the guide and return with the boys on the weekly train which could be flagged from the tracks.

9. I stayed at the camp until the following evening (24-11-43) and we flagged the train at 7.30 P.M. and arrived at Moosonee the same evening, where I returned the boys to the school.

10. The next day James Chum and his wife applied to the Indian gent, Doctor T.J.Orford, to have their son released from school as they were worried he might get into trouble sometime by running away and injuring himself or other boys he might take with him. The Indian Agent gave them permission to take the boy back to camp with them, and released him from school.

11. Disciplinary action was taken by the Principal of the school on Luke Tamituk, and Matthew Chum was spanked before the assembled boy pupils at the school by his father.

Ottawa, February 5, 1945.

Dr. T. J. Orford, Indian Agent,
Moose Factory, via Moosonee, Ont.

I am in receipt of application and certificate of health for the admission of Hannah Goodwin and Philip Job to the Moose Fort Indian Residential School.

The admission of Hannah Goodwin is approved. However, it is noted that Philip Job attended the Albany Residential School for three years. Please let me know why he left that school and the approximate date. If his admission to the Albany School was formally approved, the application form must have shown that he was Catholic. The application form which you have just forwarded states that he is of Church of England faith. An explanation is required regarding this apparent difference in the applications.

Re: File 44-6-10. Philip Job

In checking files back to 1941 I cannot find the name of Philip Job as registered at Albany Residential School so presumably there was no formal application for his admission there and no payments made for his education by the Department. As for his faith, his Mother and Step-father both belong to the Church of England so I presume that he does also.

APPLICATION FOR ADMISSION

To the

Director of Indian Affairs,

Ottawa, Canada

August 17th 1945

Sir,—

I hereby make application for admission of the undermentioned child into the Bishop Horden Memorial *Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Mines and Resources may deem proper:*

0169

Indian name of child

English name

Age 11

Name of Band

No. of ticket under which child's annuity is paid

Father's full name and No. William Edward

Mother's full name and No

Parents living or dead

State of child's health

Religion C. of E.

Does applicant speak English?

Previously attended Fort George B.C. school for 4 years

(*Signature of father*)

Note—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

* M. C. Rawlit

Signature of Missionary or other Witness

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

Agent

*Principal or other official of the school must not sign as witness.

Note—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

APPLICATION FOR ADMISSION

To the

Director of Indian Affairs,

Ottawa, Canada

August 11th 1945

Sir,—

I hereby make application for admission of the undermentioned child into the Beaver Creek Residential School; *to remain therein under the guardianship of the Principal for such term as the Minister of Mines and Resources may deem proper:*

Indian name of child [illegible] 157

English name Gilbert Clifford [illegible]

Age 11

Name of Band [illegible]

No. of ticket under which child's annuity is paid

Father's full name and No [illegible]

Mother's full name and No [illegible]

Parents living or dead [illegible]

State of child's health

Religion [illegible]

Does applicant speak English? [illegible]

Previously attended [illegible] school for 2 years

[illegible]

(Signature of father)

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

[illegible]

Signature of Missionary or other Witness

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

[illegible]

Agent

*Principal or other official of the school must not sign as witness

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

Ottawa, October 31, 1945.

Dr. T. J. Orford, Indian Agent,
Moose Factory, Ont.

With reference to the September quarter return of the Moose Fort Residential School, the admission of the following children is approved:-

Agnes Clara Nichoshie,
Mary Ann Sutherland.

The names of pupils numbered 0110, 0154, and 0156 were shown on the June quarter return of this school but do not appear on the September quarter return, although no application has been received for their discharge, nor do their names appear on Form IA 411, which accompanied the return. Please advise regarding these pupils.

An application form and certificate of health should be submitted for pupil No. 0184, Florence [redacted].

Philip Phelan,
Chief, Training Division.

BISHOP [illegible] INDIAN RESIDENTIAL SCHOOL.

VEN. H.G. COOK,
PRINCIPAL.

[illegible],
ONTARIO.

May 6th., 1946.

Phillip Phelan, Esq.,
Chief, Training Division,
Indian Affairs Branch.
Dept. Mines & Resources.

Dear Sir:-

The following pupils of this School have reached the age of sixteen years and are therefore due to graduate this coming June. I understand that the Department presents each graduate with a Bible and Prayer Book upon such an occasion and am therefore letting you know in time so that the necessary books may be ordered.

MARY SUTHERLAND

BEULAH MARK

DOROTHY VINCENT

CAROLINE MAANSKUM

JAMES CHEECHOO

I might mention in the case of James Cheechoo that during his short stay with us he has made such worthwhile progress that I am asking the Missionary Society of our Church to cover his keep for another year's schooling. He is a good scholar and learning well in the manual training department and it is a shame that he was not able to attend school years ago.

Yours faithfully,

Henry G. Cook.

Ottawa, May 13, 1946.

Dear Archdeacon Cook:

With reference to your letter of the 6th instant, the Department approves the discharge of the following pupils from the Moose Fort Residential School:-

Mary Sutherland,
Beulah Mark,
Dorothy Vincent,
Caroline Maanakum.

An order will be placed for the Bibles and Prayer Books, but we have had considerable difficulty in securing these books recently and it is quite possible that they will not reach the school before the end of June.

I note your remarks regarding James Cheechoo. If you wish to keep him and he is willing to stay, we will allow grant for him for another year. The Indian Act gives us power to retain children after 16 years of age if we so desire.

Yours very truly,

Philip Phelan,
Chief, Training Division.

Venerable Archdeacon H. G. Cook,
Principal,
Moose Fort Indian Residential School,
Moose Factory, via Moosonee, Ontario.

June 6th., 1946.

Philip Phelan, Esq.,
Chief, Training Division
Indian Affairs Branch
Dept of Mines, Ottawa.

Dear Mr. Phelan:-

Thank you for your letter of the 13th of May. I've been in hospital so have been unable to let you have a reply sooner.

I have discussed the matter of James Cheechoo's returning to school next year with him and he will be pleased to avail himself of the Department's offer of allowing him to continue his education even though he is over age.

We at the school appreciate your interest in this lad. He is most anxious to learn and is proving to be rather clever at manuel training to so his extra year will be really worth while.

Yours faithfully,

H.G. Cook

44-6-10 (W T)

Ottawa, October 29, 1946.

Very Reverend Sir:

Attached hereto is your quarterly return for September, 1946. Also attached is our circular letter 150-87 dated the 29th of December, 1944, which we hope will assist you in compiling your quarterly returns.

We would like to point out the following discrepancies in your September return:

1. You show only 30 days as the total number of days in the quarter whereas there are actually 92 days, as this quarter includes July, August and September.

2. A study of this circular letter will show you that 62 days' grant is allowed to cover the holiday period for all pupils who were in school at the end of the June quarter. It is presumed that the number of days shown as 30 in your return is incorrect and that 92 days should have been shown. This, of course, will make a great difference in the grant to your school.

3. Under the heading "Remarks as to progress, etc.," the required information should be shown opposite each pupil's name, and, if necessary, a general review covering the various reasons for absence may be included in a letter forwarded with the return.

4. You have shown the names of several pupils on your June return but have omitted these same students from your September return. From Item 2 above you will see that

Venerable Archdeacon H.G. Cook,
Principal, Indian Residential School,
Moose Factory, via Moosonee, Ontario.

..... 62 days'

Indian Affairs. (RG 10, Volume 6204, file 467-10, part 2)
PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

62 days' grant is allowed for such children. However, the Department should be requested to approve the discharge of all pupils who have left the school and whose names have been removed from this return.

5. You should note on Form 411 (Admission and Discharge Form) the name and school number of each pupil admitted or discharged during the quarter. We have not yet received any such form from your school for the September quarter.

6. We would like to emphasize that where a pupil is absent from your school for any length of time, the date of departure from the school, the exact date of return and the reason for such absence should be shown opposite the pupil's name. This applies to pupils in the September return who were late in returning to school and for whom you have requested less than a 30 days' grant.

It is our sincere hope that the above remarks will act as a guide to you in the compilation of these returns. As you are aware, we have many residential schools, and as our grants are based directly upon pupil attendance, it is most important that we are given correct and accurate information in order that the cheques for such grants can be quickly [redacted].

Sincerely yours,

Bernard F. Neary,
Supt. of Welfare & Training.

Encl.

V. . . .COOK,

Princi, l

Coch ane,
Ontario.
November 5th., 1946.

Supt. Welfare & Training,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa. Ontario, Canada..

Dear Mr. Neary:-

Enclosed are the corrected Quarterly Returns for the Bishop Horden Memorial Residential School. I trust that they are made out correctly this time and I thank you for your courteous letter of the 29th of October pointing out the errors in the formerly submitted report.

Now that I know what is required I can assure you that, in future, more care will be taken in checking the reports before they leave this office.

Yours faithfully,
Henry G Cook

44-6-10 (WT7).

Ottawa, November 26, 1946.

Rev. H.G. Cook, Principal, Moose Fort Indian
Residential School, Moose Factory, Ontario.

With reference to your letter of November 5, 1946, the September Quarterly Return has been placed in line for payment and the cheque is expected to go forward this week.

On checking the return one or two discrepancies appeared which are brought to your attention for future reference.

1. On Form No. 411 School numbers 170,173 175, 176 and 177 have been omitted and it is pointed out that school numbers should be allotted consecutively and new pupils appearing on the return should also be shown.

2. Pupils number 0189 and 0190 entered school on the 9th and 10th of September respectively and are only allowed 22 and 21 days respectively instead of 84 and 82 days as requested.

The Department approves the discharge of pupils numbered as follows:

No. 115	No. 144	No. 150	No. 154	No. 157

Memorandum:

Dr. Falconer

You will recall that I discussed with you the other day the situation that has arisen at Moose Fort School. Please note the application forms under this memorandum.

I think you will agree that it is simply impossible to operate a residential school along proper lines if the agent persists in following the same course of action as Dr. Oriord.

44-6-10 (WT 1)

Ottawa, May 30th, 1947.

Dr. T.J. Orford, Indian Agent,
Moose Factory, via Moosonee, Ontario.

We are in receipt of the following application forms for children who have been placed in the Moose Fort Residential School,

Marion McLeod - 9 years of age
Alma Katapaituk - 5 years of age
Marion Katapaituk - 8 years of age
Sarah Sealhunter - 10 years of age
Iza Cheezo - 9 years of age
Freddie Blacknod - 7 years of age
George Stewart - 11 years of age.

The names of these children appear on the return of the Moose Fort School and grants requested for them. Due to their physical condition it is extremely doubtful if they can obtain any great benefit from the actual school training and, in addition, each of them knows that their stay in the school is strictly limited. Besides, it must cause a lot of extra trouble to the school staff. We were aware that the procedure adopted in this case had been done in the past, but only with the occasional case.

From an educational standpoint it would appear that we are operating a convalescent home. Is there no other provision that can be made for these children? Copy of this letter is being forwarded to the principal of the Moose Fort School.

Bernard F. Neary
Supt. of Welfare & Training.

Mr. Bernard F.Neary,
Superintendent,
Welfare & Training Service.

Dear Sir:-

Re: File 44-6-10(WT.1)

Reference is ~~made~~ made to your letter of May 30th concerning certain children for whom Moose Fort school requests grants.

It is difficult to see what other provision could have been made for any of these children. There are no facilities here for boarding out that many and once they have recovered from illness it is not feasible for them to remain in hospital. It has been through the courtesy of the school Principal, Archdeacon H.G. Cook, that accomodation was found for them.

Each child was brought to Moose Factory for hospital treatment. In each case it was not possible to return them to their distant homes or I considered they should remain for further observation although such observation did not warrant their occupying hospital beds more urgently required for acutely ill patients.

With the exception of one child - Isa Cheeso - they are now in good health, thanks almost entirely to good food and care at the school. Aside from any other consideration it would have been inhuman to send them home or into the bush with local families, knowing full well they would not receive the care required.

Isa Cheeso has been returned to hospital as she developed Chorea.

I cannot suggest an alternative unless you could discuss the matter with Dr. Moore with a view to the Health Services making a grant for their maintenance. It would also be appreciated if the Dept. could advise me, what attitude I am to take in future similar cases.

Major Gen. G. R. Turner

Colonel B. F. Neary,
Supt. of Welfare & Training,
Indian Affairs Branch,
Department of Mines and Resources,
Ottawa, Ontario.

Dear Colonel Neary:

Transportation of Indian Children
to and from Residential Schools

Thank you for your letter of 30th October.

From the last paragraph I would infer that, if the situation warrants, under Sub-section 3 of Section 9 of the Indian Act you are prepared to assist with the transportation to and from the schools of children who return to their homes during the long summer holidays. Is this correct, please?

I appreciate that your funds for this service are limited and that you work on the basis of treating all residential schools fairly in the matter of allocation of such funds. We have had, however, an abnormal expenditure on transportation during the past summer of children attending our Moose Factory School because of the breakdown of our James Bay boat which necessitated sending the transmission to Toronto for complete overhaul and repair. In consequence, we were obliged to use aircraft to bring the children in from points along James Bay, which has been quite an expensive business. Do you feel that you could do something to help by accepting at least some of this transportation cost as a charge against your funds?

Yours truly,

G R Turner

Ottawa, November 17, 1947.

Dear General Turner:

We have your letter of the 1st instant regarding the expenditure incurred in transporting children to the Moose Fort Indian Residential School during the summer of 1947. You may submit an account with receipts attached for the expenditure incurred. When we receive this your request will receive further consideration.

Yours truly,

Bernard F. Neary,
Supt. of Welfare & Training.

ATTENTION

December 11th, 1947

Colonel B. F. Neary,
Supt. of Welfare & Training,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ontario.

Dear Colonel Neary:

Air Transportation of Indian Children
Moose Factory School

In your 44-6-10 (WT 1) of 17th November, 1947, you were good enough to state that you would give consideration to our request of 1st November for financial assistance in air transportation if you were provided with receipts for expenditure incurred.

I have now obtained receipted invoices from Austin Airways covering such transportation in the amount of $961.70 during the months of July and August, 1947, and I am forwarding you three copies herewith.

I shall be glad if you can see your way clear to reimburse us, to the greatest extent possible, for this expenditure.

Yours truly,

John W. House.

J. W. House
Acting Superintendent

Pay to M.S.C.C.,

Address 102 Bank Street,
Ottawa, Ontario.

DATE 1947		SERVICE	AMOUNT
Dec.	19	To expenditure incurred by the principal of the Moose Fort Residential School returning pupils to the school after the summer holidays as per receipted account attached from Austin Airways Limited, --------- $961.70	
		PAY AT - - - - - - - - - - - - - - -	$300.00

Note: Owing to the breakdown of the boat owned by the M.S.C.C., it was necessary to return the children to the school by air after the summer holidays. The school management incurred a total expenditure of $961.70 as shown by the attached receipted account and it has been decided to refund them an amount of $300.

B.F. KELLY

I Hereby Certify that this Voucher is correct, that the material has been supplied, the work performed and that the charges are fair and just, also that the expenditure has been incurred legitimately and that each item of the same is a fair and just charge against the Government of Canada. This expenditure was authorized by Departmental Letter, File No.....dated

Ottawa, December 19, 1947.

Dear General Turner:-

I desire to refer to your letter of December 11th from the late Canon J.W. House with regard to transportation of children to the Moose Fort Residential School.

Our funds are limited at the present time but we have decided to allow an amount of $300.00 towards the expenditure incurred in the above action. Cheque for this amount will reach your office in the near future.

Yours sincerely,

Bernard F. Neary
Supt. of Welfare & Training.

March 25, 1948.

Colonel B. F. Neary,
Superintendent of Education,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ontario.

Dear Colonel Neary,

The principal of the Bishop Horden School, Moose Factory, has asked that consideration be given, by your Department, to the following request.

Re: James Sutherland #125. James Sutherland expects to pass Grade 8 at the coming June examinations and, if successful, would like to continue Grade 9 at the Horden residential school. Arrangements could easily be made for one of the teachers to tutor this extra pupil. He is one of two brothers left living from a large family and the father, a widower, does not want his son to go too far away.

Re: George Mark #127. George is sixteen years old this summer and his parents wish him to continue his education at least for another year and I strongly recommend that he be allowed to do so. He is a steady, conscientious lad and would benefit considerably from one more year at the residential school.

I trust that you will give these requests your careful consideration and please let us have your decision.

Yours faithfully,

Henry G. Cook

Superintendent.

Colonel B. F. Neary,
Superintendent of Education,
Indian Affairs Branch,
Department of Mines & Resources,
Ottawa, Ontario.

Dear Colonel Neary,

In connection with our conversation of some days ago regarding the transporting by air of children from Mistissini to Moose Factory, the Austin Airways people state that such a trip would cost $465 and that two trips would be necessary to transport from twenty to twenty-eight children.

Would it be possible to receive permission from the Indian Affairs Branch to use this method of transportation between Mistissini and Moose Factory?

Yours faithfully,

Henry G Cook.

Mr. H. Lariviere, Superintendent,
Indian Agency, Amos, Quebec.

It has been suggested to us that there might be several children from Mistassini or Waswanipi who might require institutional care.

In the past we have sent some of these children to the Chapleau Residential School. However, the Church of England school at Moose Fort is a much better building than Chapleau and we are inclined to feel that in sending Protestant children to a residential school from your Agency in future, it would be preferable to send them to Moose Fort.

Please let me have your comments and at the same time state the approximate number of children whom you consider might be sent.

Philip Phelan
Chief, Training Division.

PLEASE QUOTE FILE 12-3

May 11th. 1948

To The Indian Affairs Branch, Ottawa, Ont.

Your No. 44-6-10 (E 1) May 7th. 1948

In reply, no doubt that Moose Fort has only a limited number of vacancies, if we take the children now at Chapleau and those becoming of school age, that we can easily get at, our share would be about 20 Protestant children, living on the railway line or working out from, for this year.

At Mistassini and Waswanipi, the Indians over previous trials ~~attempts~~ and results, are not in the mood to part with their children as they say " to send them far away to be spoiled " . From these two Bands, Protestant children there now of school age about 200 children, I am satisfied if we had within the district a boarding school to take care, they would not object to send them, and more through various routes they would take them in themselves, it would be creating difficulties for the future, insisting that they send them now to Chapleau or Moose Fort, particularly at Mistassini they should be first interested into going to school through Summer Day School, or equal.

My personal opinion is, if there is space, the children living near or on the railway line scattered all over should have the first opportunity, for this class are almost under pressure now, if they wish to work in the near future, in any event it won't take many years this class will have to earn their living like whites.

I maintain also, the only solution to get results, children from the same Band should be kept as much as possible within others in the district, their nature definitely brings out fault finding with others and finally they start withdra ing children and cause all sorts of difficulties, we must keep in mind also that the Mistassini and Waswanipi Indians are more or less from James Bay, and they feel they are a class by themselves in any event, they will not approve sending them there, traditions will come in heavy on their views.

H. Lariviere - Supt. Ind. Agency.

Indian Affairs Branch
AUG 10
AM
REGISTERED

Dear Sir,

The following named children will proceed to Moose Factory - Moose Fort School, from La Sarre, Que., on August 11th 1948

Parents : Sinclair Reuben, mother Annie,

1.- children - Helen Age - Sept. 15, 1933
2.- " - Francis " - Mch 24, 1938
3.- " - Beatrix " - Mch 24, 1940

Parents : James Trapper, mother Christiana

4.- children - George age - Feb 9, 1937
5.- - David " - Jan 18, 1939
6.- - Mary Lucy " - Apl 21, 1941
7.- - Harry " - Jan 4 , 1935

Parents : Adoptive - James Trapper, & Christiana
late Bennie Trapper - father.

8.- children - Berthie age - Mch 17 1938 at Moose with Jos. Trapper
9.- " - Clifford " - May 17 1940 Do
wired you to take over at opening of school.

A number of these children were at Chapleau before, it is clearly understood with parents, that all these children will return home for summer 1948 - re.lar vacation and under no circumstances they are to be removed from school, etc., without notice to Agency.

Other children on line will endeavour to gather at an early date and effect transfers.

Escort for this group will be Indian Edward Trapper, from La Ronge, it appears he wishes to visit the school during his stay, I would appreciate that this request be granted and if he asked any questions about the welfare of the children, that he be given all possible information

I am endeavouring when possible to have the parents themselves take their children to school, so that they will better understand and cooperate in the future.

You may rest assured, we are most anxious to provide our children with education and more, start them off at proper school age, the Indians here as on the line are inclined to cooperate, however there is certain minor difficulties to adjust, before this becomes a routine, one is they have asked that I visit these children during year, another they insist that they return home in summer, I have guaranteed to them that it will be done.

Yours very truly,

H. Lariviere - Supt. Ind. Agency

Indian Agency, Amos, Que.

We have your letter of the 3rd instant giving the names of children who it is intended to send to the Moose Fort Residential School.

With reference to the last paragraph of your letter, I may say that it is not our general practice to send home every year, pupils attending a residential school located at a considerable distance from their home reserve. Transportation in such cases involves a considerable expenditure and we would have appreciated it if you had consulted us before promising the Indian parents that their children would come home next year. As apparently you have already made this promise, it places the Department in rather an awkward position.

Bernard F. Neary
Superintendent of Education.

H.E. Taylor, Esq.,
Principal,
Bishop Horden Memorial School,
Moose Factory, Ont.

Dear Mr. Taylor.

Many thanks for having attended to Clifford and Berthie Trapper, it is noted they are now under your care at school.

In the way of reports, we are interested as follows :-

1.- To hear when a child is seriously ill.
2.- To be informed, if hospitalized, or removed from school, (which I understand will be done only when requiring medical care)
3.- Report on standing at end of year.

Allow me to repeat my request, under no circumstances our children should be vaccinated without our consent, the reason for this, most of our children are Conscious on diphtheria, whooping cough, tyhpoid, paratyphoid, smallpox and BCG (T.B. vaccinations), we had troubles with this before, children suffered with shocks caused by overdoses etc., briefly bad reactions, too much vaccine and here is some cases, through BCG vaccinations, we prefer waiting for a year or so, in any event as soon our field work is completed we will furnish you with their records, if ill the medical officer will have a definite guide.

As soon I reach agreed quota (80), I will wire you, if there is vaccines we might be able to send a few more.

Yours very truly,

M. Lariviere - Supt. Ind. Agency.

C O P Y.

October 2nd, 1948.

To The Indian Affairs Branch, Ottawa, Ont.

Attention: Mr. L.L. Neary, Supt. Education.

Further to various communications in connection with transfers from Mistassini to Moose Fort - children for this residential school. First when at Mistassini for Annual Visit, it was understood with Rev. Ellis, it was not feasible to undertake moving children from Mistassini to Moose Fort at the present time, on account shortage of beds at these schools and there was on the railway lines, in Quebec as well as in northern Ontario and on the T.N. & O. lines, a good number of children not attending schools at all and next they would never have the opportunity to attend any kind of schools, except a residential school, after discussing this with him, he definitely agreed, It was the best thing to do, provide for those on the line and from there as we develop accomodation, penetrate into remote areas, nearest to transportation facilities.

After I left Mistassini, what took place I cannot say, however, the Principal at Moose Fort, communicated with this office, we made every effort possible to gather the Indians on the line, exception for one child, hospitalized, all those of school age, anglicans, went to Moose, on their own good will and parents escorting themselves.

Finally the request of Mr. Ellis reached us, which was out of understanding, next too late for the Indians at Mistassini to accept willingly and so on, when I visited Mistassini with Mr. Corn, Mr. Stevenson on august 17th. I reviewed the children they had recommended, in most cases, the parents objected and I did also for a good number, on account our records indicated T.B. infected, feeble minded and in some cases a waste of time, were above school age, that is too old to learn anything, and naturally stupid "they could not register anything in a school" good only to do some work around place.

After having spent considerable time on this, I visited the Indians themselves with a good interpreter, the parents in most cases informed they had been told or forced or equal to let go their children, which was in some ways in the minds of these primitives, that we were taking away their children by pressure. After general review, taking into account our records, the following agreed on their own free will

8. Escort to Coldstream, for all other Indians who will not be affected.

Above to be presented to Indian Agent, Mr. Ridgeway.

Above to be presented to Indian Agent, Mr. Ridgeway, for approval, for all other Indians who will not be affected by your, proposed plan. After my interview with Indian Agent, Mr. Ridgeway, on Monday, Sept. 22nd, 1952, I cannot see any reason why the above mentioned should not be allowed to vote. Although Mr. Ridgeway stated that, in his opinion, the Indians at Coldstream would be against the proposed plan, I am of the opinion that, with the exception of a few, the majority of the Indians at this reserve would be in favour of the proposed plan. Mr. Ridgeway stated that he would not be able to take any of the above mentioned to Ottawa, for the vote, as he would not be able to get away at this time.

It was the opinion of Mr. Ridgeway that the above mentioned should be allowed to vote, because they are living away from the reserve and have established themselves in other communities, and have no desire to return to the reserve to live. Mr. Ridgeway also stated that the above mentioned should be allowed to vote, because they are not affected by the proposed plan, and the vote will not affect them in any way, as they will not be living on the reserve.

It was the opinion of Mr. Ridgeway that the above mentioned should be allowed to vote, because they are living away from the reserve and have established themselves in other communities, and have no desire to return to the reserve to live. Mr. Ridgeway also stated that the above mentioned should be allowed to vote, because they are not affected by the proposed plan, and the vote will not affect them in any way, as they will not be living on the reserve.

It was the opinion of Mr. Ridgeway that the above mentioned should be allowed to vote, because they are living away from the reserve and have established themselves in other communities, and have no desire to return to the reserve to live. Mr. Ridgeway also stated that the above mentioned should be allowed to vote, because they are not affected by the proposed plan, and the vote will not affect them in any way, as they will not be living on the reserve.

Amos, Que.

October 7th. 1948.

Dear Mr. Higginson,

Your account, escort duty, 9 children from Oskelanco to Moosonee, item $ 5.78 representing movie tickets, I regret must be deducted, your statement $ 8.74 is being reduced to $ 5.96.

As regard railroad fare, allowance from Cochrane to Oskelanco return, please secure from Agent receipt for your ticket, from Cochrane to destination, submit an invoice, on reception will adjust, that is agreed allowance from Cochrane to Oskelanco return, will be credited.

Yours very truly,

H. Lariviere - Supt. Ind. Agency.

Mr. Arthur Higginson,
217 - 5th. Avenue,
Ottawa, Ont.

Attention : Education Division. Fare allowance from Cochrane to Oskelanco, was agreed to with Mr. Higginson, instead of providing an escort from Oskelanco return in full all the way, that is portion that we would have to pay.

H. Lariviere
Supt. Ind. Agency.

CONDITIONS & STIPULATIONS

The passengers, goods, chattels and / or other commodities described in this document are received for Air Transportation subject to the following conditions:-

a.—The owner assumes all risks of air transportation of goods, chattels, and / or other commodities as described on the face of this document.

b.—The passengers, up to four per trip, are insured to the amount of:

Passenger Liability: $20,000.00 per seat (4 seats) each aircraft.

Public Liability: $20,000.00 any one person, $40,000.00 two or more persons in any one accident each aircraft.

Property Damage: $5,000.00 in any one accident each aircraft.

c.—After the commencement of the flight or flights of any aircraft carrying the said passengers, goods, chattels and / or other commodities, the same may be landed and discharged in such manner, and in such place or places as the Pilot of the Aircraft, in his sole discretion, shall see fit and in such event the responsibility and liability of the Company shall be to refund to the owner such proportion of the total carrying charges as the distance between the place of landing and the place of destination bears to the whole lenght of the flight or flights for which this document has been issued.

d.—Even after the issue and / or delivery of this document, the company may for any reason deemed by it to be sufficient or in the absolute discretion of any of its Pilots decline to carry the said passengers, goods, chattels and / or other commodities and the Company shall not be liable for any loss or damage by reason thereof nor for any loss or damage by reason of any delay in carrying or failure for any reason to carry said passengers, goods, chattels and / or other commodities from other points.

e.—The said goods, chattels and / or other commodities shall also be at the owner's risk as to loss, damage and / or injury immediately upon the landing of any aircraft carrying the same at whatever place and / or places the pilot of the aircraft in his sole discretion shall see fit and whether the same have been unloaded and discharged from such aircraft or not, and the Company shall not under any responsability or liability whatsoever to store, safeguard or protect the said passengers, goods, chattels and / or other commodities nor in any way liable in respect thereof.

FILE 70

October 2nd. 1948

As regard transfers of Indian children on Moose Fort, in order to avoid complications, retain the good will of our PRI ITIVES and so on, at Mistassini it should be definitely arranged during ANNUAL VISIT, and the Indians would be able to adjust themselves, their supplies for coming winter, clothing etc., otherwise we upset them.

Teachers going in into these areas, have next to no idea or understanding of the reaction of these VERY PRIMITIVES and they cause on such matters nothing else but difficulties and they don't appear to take into consideration it is not an easy matter to provide transportation at a fair cost and so on, which means they pick up any families, without knowledge of their ability etc., endeavour to make them believe it is a good thing, etc., finally the Indians don't live up to their understanding and trouble gets started, more they have no knowledge of their medical records etc., most of the unfits are usually selected.

If at all possible, I would appreciate that selecting, etc., and providing children for residential schools, be left entirely in the hands of the Agency, providing we know in advance how many they can take care, we will see that the vacancies are taken up, I am most anxious to avoid complications and the sending of children to these schools that we know in advance won't stand up at all.

The Mistassini Burgomaster experience was one very obstly and which upsetted the Indians very much, they are primitive and, most cases very much so further they like to be pushed around, we have their good will and through good will I am satisfied we can get them to agree, on sending children out, they understand and know but putting on pressure, by saying you send this one and that one, they won't accept that.

I feel teachers in remote areas should be allowed transportation, this would overcome part of our troubles also.

H. Lariviere - Supt. Ind. Agency.

5.-	Dinah Jolly	-		24
6.-	Clara Jolly	-		24
7.-	Charlie Coon	-		55

8.- Escort to Oskelaneo, for above, from Oskelaneo other children from Waswanipi to go along with on same trip. Mr. Higginson .

Above represented the limit as fixed by you, acceptable on aircraft as a limit pay load. What took place after my departure I cannot say, however only Mr. Higginson and Ronnie Mianscum showed up at Oskelaneo, I was advised of this, arranged to meet Mr. Higginson at Amos Station, very little information could be secured, as to why the others did not come out, finally I informed in this case, before leaving he should have advised me and there was nothing to justify him to take only one child out and act as escort for the one boy, for only one, the boy could and should have stayed at home.

My views on the whole matter is this, Rev. Ellis, made efforts to secure authority to transfer by plane, one group direct from Mistassini to Moosonee, acting as escort himself, considering the number of children recommended in the first place, it was evident the next group was to be taken care of by Higginson, which met - escorting on their way out of Mistassini.

I have no objections to children from Mistassini going to Moose Fort, providing they can be taken care of, once there and that they don't prevent other children from going to school who are living in that area, for our Mistassini Indians, are still far inland and not urgently in need of that type of schooling, Waswanipi is in a greater need, also closer.

PLEASE QUOTE FILE 70

October 2nd. 1948

To The Indian Affairs Branch, Ottawa, Ont.

Attention : Mr. B.F. Neary, Supt. Education

Further to various communications in connection with transfers from Mistassini to Moose Fort - children for this residential school. First when at Mistassini for Annual Visit, it was understood with Rev. Ellis, it was not feasible to undertake moving children from Mistassini to Moose Fort at the present time, on account shortage of beds at these schools and there was on the railway lines, in Quebec as well as in Northern Ontario and on the T.N.& O. lines, a good number of children not attending schools at all and next they would never have the opportunity to attend any kind of schools, except a residential school, after discussing this with him, he definitely agreed, it was the best thing to do, provide for those on the line and from there as we develop accomodation, penetrate into remote areas, nearest to transportation facilities.

After I left Mistassini, what took place I cannot say, however the Principal at Moose Fort, communicated with this office, we made every effort possible to gather the Indians on the line, exception for one child, hospitalized, all those of school age, anglicans, went to Moose, on their own good will and parents escorting themselves.

Finally the request of Mr. Ellis reached us, which was out of understanding, next too late for the Indians at Mistassini to accept willingly and so on, when I visited Mistassini with Mr. Conn, Mrs Stevenson, on August 17th. I reviewed the children they had recommended, in most cases, the parents objected and I did also for a good number, on account our records indicated, T.B. infected, feeble minded and in some cases a waste of money, way above school age, that is too old to learn anything, and naturally stupid " they could not register anything in a school " good only to do some work around place.

After having spent considerable time on this, I visited the Indians themselves with a good interpreter, the parents in most cases informed they had been told or forced or equal to let go their children, which was in some ways in the mind of these primitives, that we were taking away their children by pressure. After general review, taking into account our records, the following agreed on their own free will to go ...

Rev. Canon H.C. Cook,
M.S.C.C.,
102 Bank Street,
Ottawa, Ontario.

Dear Canon Cook:

Superintendent Lariviere has written us with reference to placing certain children from his Agency in the Moose Fort Residential School.

Mr. Lariviere states that as a result of mutually satisfactory arrangements between the principal and himself, a number of pupils have been secured for the Moose Fort School.

The following paragraph from his letter outlines what plan the Superintendent would like to follow in future years:

"If at all possible, I would appreciate that selecting, etc., and providing children for residential schools, be left entirely in the hands of the Agency, providing we know in advance how many they can take care of. We will see that the vacancies are taken up. I am most anxious to avoid complications and the sending of children to these schools that we know in advance won't stand up at all".

Mr. H. Lariviere,
Supt. of Indian Agency,
Amos, P.Q.,

We have your voucher No. 900 for $137.90 covering the cost of clothing purchased for children who were being sent to the Moose Fort School.

No authority was given for this expenditure and it is considered that many of the items purchased were unnecessary as these articles would have been supplied to the children as soon as they reached the school if clothing was required.

We will endeavour to obtain the approval of the Departmental Purchasing Agent to pay the account. Such expenditure should not be incurred in future without receiving specific authority.

Bernard F. Neary,
Supt. of Indian Education.

NOV 13 1948

Dear Colonel Neary:

Re: Mistassini Indian Children -your file 44-6-10 (E.1)

I have just returned from a three weeks visit to a number of our western schools, and have to acknowledge receipt of your letter of October 28. I read with a good deal of interest the portion of Mr. Lariviere's letter quoted in your communication. The Administration most certainly will be glad to do all it can to co-operate in this matter of providing the Mistassini Indian children for Moose Factory School. However, our associations with Mr. Lariviere in the past have not always been satisfactory. In the minds of some of our missionaries is the certainty that he is hostile to our work, and my experience has been that he resents very much the work of the Church of England among the Indians in the Mistassini and Waswanipi areas.

Under the circumstances of past experience I feel that we would be most foolish to rely wholly upon the judgement of Mr. Lariviere as to how many and which children should attend the Moose Factory School. I beg to request that recommendations from missionaries and from the Administration receive your consideration as well as the recommendations of the aforementioned agent.

At the moment the Moose Factory school has 93 pupils. If Mr. Lariviere co-operated more with the missionary in the area during this past summer the pupilage at this school could quite easily have been brought up to the authorised number with hardly any more expense to the Church or Government.

Yours sincerely,

Henry G. Cook.

Dear Mr. Taylor,

I must refer you to my letter dated August 21st. 1948, child named Allan Cooper Band No. 8 Waswanipi, age August 21st. 1941, when at La Tuque recently, after consulting Dr. Potvin, it was felt he could be discharged from medical care at an early date, he suffered with a bad axe cut on knee. I made arrangement to effect transfer on you, it is possible this child is now with you.

His record on general vaccinations is as follows :-

SMALL PX :- Not checked - if not done should be and results reported to Abitibi Agency.

DIPTHERIA & WHOOPING COUGH : Completed 4 injections.

TYPHOID AND PARATYPHOID : ~~Xxinjxxtionxxxxxly~~ Completed injections

TUBERCULOSIS :- BCG vaccinated 1948.

Yours very truly,

H. Lariviere -/Supt. Ind. Agency.

Your letter No. 467-10 (E 1) November 8th. 1948

Attention : Mr. B.F. Neary, Supt. Education

In reply, I feel I must note that these children, stand as follows :-

Jeannie Miianscum) Mary Do (Simeon Do)	The mother a widow, did not look after her kids at all, all summer, she was out at Lake Doda, finally brought back by us under Police Escort.
Emma Cooper)	Father a widower, took the bush and left the kid at Oskelaneo. Her father wanted commit suicide.
Charlotte Shecapio)	Illegitimate - father said to be white from Chibougamau - mother an Indian, married to a feeble minded Indian, child came back from Chapleau with a fractured arm in plaster cast with request " look after it ", other Indians cared for her - shelter in such cases.
John Mark)	Mother a widow - extreme poverty, assisted by us regularly.
Wesley Shecapio)	a step mother - sick woman.
Peter Nayassit)	a step father - originally R.C. now said to be anglican - more or less rejected.

These kids came back most of them with nothing but the little clothes they had at Chapleau, after two months in bush living on the " Indian orphan ticket at large " I can assure you they were not presentable to any one, Mrs. McLeod the wife of the Manager of the Company, took an active part to wash them and clean them, before their departure to Moose Fort.

All these kids are fairly intelligent, unfortunately, having to put up with unusual conditions at home.

This class is a problem to all, however I am satisfied, the Indians realize more and more, that we are interested in the most unfortunates and year by year they are helping, amongst our primitives not many years ago this class, was considered as the " future slaves " and the conditions were in porportion with the idea, part of it was very visible on these children when I took the trouble to arrange that they return to school, more I am satisfied to say if I had not taken a very active part in it, they would have never went, for they are looked upon as a rule by the Indians as the " rejected " and no one cares much for them, it follows if not at school they are in hospitals.

H. Lariviere - Supt. Indian Agency.

Re : Indian - Ph. Oquish and wife
Dominion Abitibi Band No. 77

Attached hereto, letters, 1 from Mrs. Oquish and 1 from her husband.

Mrs. Oquish, prior to marriage was a Maggie Marten, had an illegitimate child, here I must refer you to yours dated March 9th. 1943, File No. 52-44A.

The Oquish would like to have the girl back and live with them.

Ph. Oquish is a normal Indian, lives fair to good as a trapper, his wife is on the " feeble minded side " , although does look after things as a whole in a satisfactory manner.

The trouble with them, they want the girl back and it appears Mrs. Oquish, won't be satisfied until she does.

I have no objections that this girl return to live with her mother, Philipp informed me during summer, they would like to have her stay with them, they have only two young children.

Please advise at your convenience.

H. Lariviere - Supt. Indian Agency.

Dear Colonel Neary:

Transportation of children
to their homes

For your information, we have received the following estimate from our Principal of the Bishop Horden Memorial School, Moose Factory, of the cost of transporting the children to their homes at the end of the present term. The Principal reports that he has submitted this estimate to your local representative, Mr. Allen.

5	children	to Peterbell	@ 23.60	each	(Train)
3	"	" Senneterre	@ 12.75	"	"
8	"	" LaSarre	@ 9.45	"	"
3	"	" Chapleau	@ 23.80	"	"
2	"	" Temiskaming	@ 18.05	"	"
57	"	" James Bay Points	@ 20.00		(Boat)
7	"	" Waswanipi	Estimated cost not available		(air)
2	"	" Mistassini			
2	"	" Moose Factory	No charge		

Yours faithfully,

per H. G. Cook,
Henry G. Cook,
Superintendent.

cc Indian Supt. Lariviere

467-10 (E.1)

June 2nd, 1949.

Rev. Canon H.C. Cook, D.D.,
Superintendent,
The Indian School Administration,
U. S. C. C.,
102 Bank Street,
Ottawa, Ontario.

Dear Canon Cook:

We have your letter of the 30th ultimo with reference to transportation of children from the Moose Fort Indian Residential School to their homes.

Before making a decision regarding the amount we can allow for transportation expenses, we would appreciate knowing if the Principal of the Moose Fort School has consulted Mr. H. Lariviere, Indian Superintendent, Amos, P.Q. regarding the children at that school who come from his Agency.

Our reason for requesting this information is due to the fact that we were under the impression that many of the children who came from Mr. Lariviere's Agency were destitute cases, and before sending them home we would like Mr. Lariviere's assurance that their parents or guardians are willing to accept them for the two summer months. No doubt you can arrange to have the Principal of the school do this at an early date.

Sincerely yours,

Philip Phelan,
Chief, Education Division

Amos, Que.,
June 6th, 1949.

To the Indian Affairs Branch, Ottawa.

Attention Mr. B.F. Neary, Supt. Education.

Dear Mr. Neary:-

As you are aware every season at Mistassini the Mission after my departure usually arranges for a number of children to proceed to a Residential School. This in the past caused considerable friction with the Indians and as you know it is not feasable to ask these primitives to spend a year in a Residential School; they have no idea what it is all about. Next, the cost of transportation in my opinion for immediate prevent providing for these Indians this type of education.

I would appreciate that the situation be made very clear and ifit is the intention of the Department to send some of the Mistassini children to Moose Fort School that I be advised and I will arrange, when at Mistassini. Please address your reply as follows:-

Rev. Canon H.G. Cook, D.D.,
Superintendent,
The Indian School Administration,
M. S. C. C.
102 Bank Street,
Ottawa, Ontario.

Dear Canon Cook:

With reference to your letter of May 30th and our reply of June 2nd regarding children that are being allowed home for holidays at the Moose Fort Residential School, we have just received a letter from Indian Superintendent Lariviere.

Our superintendent states that as they are orphans and their mother confined to hospital with TB, the following children will have to remain in the Moose Fort School during the summer holidays:

Ronnie Mianscum - Mistassini Band No. 57
Reason: father and mother at hospitals

Simeon Mianscum - Waswanipi Band 77
Mary Mianscum - " " 77
Jeannie Mianscum - " " 77
Reason: orphans - Mother TB at hospital.

Mr. Lariviere requests that school authorities notify the undermentioned persons regarding the exact date at which the pupils from Moose Fort School will reach the point mentioned.

Hudson's Bay Co., Lasare, Que.
Hudson's Bay Co., Senneterre, Que.
Hudson's Bay Co., Oskelaneo River, Que.

Rev. Canon H.G. Cook, D.D.,
Superintendent,
The Indian School Administration,
M. S. C. C.
102 Bank Street,
Ottawa, Ontario

Dear Canon Cook:

We have received a letter from Indian Superintendent Lariviere that he should be advised before any new children are taken from the vicinity of Mistassini to the Moose Fort Residential School for the academic year 1949-1950.

Mr. Lariviere apparently feels that if he is notified ahead he can assist the principal in obtaining the children that require institutional care.

We feel that the principal of Moose Fort Residential School will be quite willing to cooperate with our superintendent in the above regard.

Yours Truly,

Philip Phelan,
Chief, Education Division.

Dear Mr. Allen,

I received a communication from Ottawa about these children, no doubt they have or are advising you in connection with their return home for summer vacation. None of these Indians live at Mistassini or Waswanipi, but do live on the railway line, that is these to go back home for the summer months.

Escort, will have to detrain these children at La Sarre, Senneterre, and Oskelanee River, Ottawa was informed that escort should notify various persons ahead of time, so that their parents meet them at stations.

Please do not return the children, before Ottawa authorize.

Yours very truly,

H. Larivière - Supt. Indian Agency.

Dear Sir,

Further to our children, at Boarding School, Moose Factory, I regret to bring your attention to the fact children who should hav e been directed on Oskalanee River, where sent to Sennesterre, fortunately by " good luck " were met at Sennesterre and sent on to Oskalanee River, Que., only one had a ticket for Oskalanee, escort advised us, the others their tickets terminated at Sennesterre.

Reports from the school show, that we have girls Francis and Christine Trapper, hospitalized at Moosonee for T.B., also boy John Mathew Mark, the parents are somewhat upsetted and to clear the matter, we are anxious to have a definite medical report on their conditions. Our records indicate that Francis - not TB tested - Christine - test shows on Vollmer 1 plus, and John Mathew Mark - vaccinated - BCG, which met he was free of infection when tested, and it followed he was BCG vaccinated.

I understand these TB patients of ours, are not in a regular hospital for T.B. patients, I would appreciate that Medical Officer attending, advise for we could secure beds for them in Quebec, transportation - their conditions, must taken into account.

Yours very truly,

M. Lariviere - Supt. Indian Agency.

Abitibi Indian Agency File 25-8

Amos, Que., August 4th, 1949

Rev. H.R. Taylor,
Principal,
Moose Fort Residential School,
Moose Factory, Ontario.

7208

Dear Rev. Mr. Taylor,

I have yours of July 29th. 1949, informing that you can take over forty children from this Agency, this quota does not include children from this Agency, who remained with you for summer vactions for various reasons.

I communicated with our Mr. H.J. Neary, Supt. of Education and we will endeavour to transfer the children, to fill in space allowed to Abitibi Agency.

Children that will go in, selection will be based on our medical records, which means in the majority of cases children vaccinated already against smallpox, diptheria, whooping cough, tetanus, typhoid & paratypoid, on T.B. tested or vaccinated, briefly we have developed a method to protect to our children at home or elsewhere, to limit possible and through this their health has improved a great deal, like last year we will furnish you their standing - medical, I insist that no injections be given them, without our knowledge and based on information that we will furnish you, otherwise it will upset our records and cause children to suffer with shocks etc.,

During last season, we had three definite T.B. active cases with you, we are of the opinion, this took place through contacts with active cases in the school, in any event the parents of our children where much upsetted over this and caused difficulties, in this Agency we have put up a hard battle to stamp out T.B. and we have reached the stage that we fear for contamination through others, I am given assurance that all possible measure will be taken this year to correct.

The Mark boy as soon he can travel, I should be informed and I will arrange his transfer to our own service for T.B. treatment, the two Trapper girls are now being [redacted]

Briefly since a number of years, we have prepared our children to accept education and we are reaching the stage, it is going into operation, we can retain the good will of the Indians only by " standing up " to expectations, I am very pleased to hear that you are satisfied that this season a considerable improvement will be made at Moose. I am satisfied with good normal attention, we won't need to " push them in " they will go in by themselves. On medical etc., we enjoy their good will, on education and school attendance I am sure it can be worked out, although my Indians are definitely primitives.

These children will start to go in on about August 15th., we will provide escorts, etc., and advise you if at all possible a few days ahead of time. They won't go in altogether, likely groups of 10 or 12 and in some cases the parents themselves will escort groups, that is an adult a man or woman, Indian escorts if at all possible should be made to visit the school and informed as to how the children are cared for, etc., so that they carry home a better " understanding of things " .

Thanking you in advance, rest assured we will do our share.

Yours very truly,

H. Larivière - Supt. Indian Agency.

FILE

August 10.

Superintendent of Education:

Admission of pupils to Moose Fort school from Abitibi Agency: Letter one folio down d/Aug 4.

Our Mr La Riviere's zeal for the extension of health services is commendable but I think he requires instruction regarding the functions of medical officers, agents and school principals.

We made a note of one case (Harry Trapper) whom the agent said he would not send back to Moose Fort "for medical reasons" — some nurse's inoculation records. The visiting physician who in a way supervises the work told us in the agent's presence that there is no medical reason for the boy's not returning to residential school.

I query also the idea of Moose Fort's being able to "take over forty children from this agency." That would reduce the number of children from James Bay to fewer than sixty.

I should like to have a study made of the "turn-over" of pupils at Moose Fort. We know already that the turnover of staff is high.

Mr. H. Lariviere,
Superintendent, Indian Agency,
Amos, P.Q.

Re: Moose Fort Indian Residential School

Reference is to your letter of August 10th regarding particularly Helen Reuben recently a pupil at Moose Fort Residential School and now hospitalized at Roberval.

It is noted that of 21 children who have attended that school, 4 are now active tuberculosis cases.

The Educational Survey Committee was much impressed by the assistance you are giving to the medical authorities, who are directing an anti-tuberculosis drive in your Agency. They have suggested a study of the history of admissions and discharges from residential schools which serve the Indians of your agency, and this study is proceeding and will, I expect, involve consultation with those officials of the Indian Health Services who are particularly concerned with the Quebec and James Bay area.

The manifestations which you describe are not peculiar to your Agency, but occur elsewhere in Canada where ever a really searching examination for tuberculosis by a physician is impracticable before the child leaves on the long journey to a

residential school. When an unexamined child arrives at a distant school, the attending physician sometimes finds it expedient to keep the child under observation. Some cases, of course, deteriorate rapidly and no blame for those cases can rightly be attached to anyone.

For the present, therefore, pupils who are already enrolled at residential schools should return, unless a physician certifies they should not be returned for medical reasons.

To The Rev. H.E. Taylor,
Principal,
Moose Fort Indian Residential School,
Moose Factory, via : Moosonee, Ont.

Dear Rev. Mr. Taylor,

From La Sarre to-day we sent on 8 kids escorted by an Indian David Frank, this will complete our understanding for this season, from here no new admissions, Helen Reuben, Francis Reuben, David Trapper, are not returning on account we had to hospitalize for tuberculosis since they returned home forvacations. Harry Trapper not returned on account being near of age for discharge, felt best not to return with others.

I regret to hear you could have received about 8 to 10 more kids, at this time and until next season we cannot do anything about it. I note you are extremely pleased with the children sent you, and you state they are the best ever seen and cleanest, with no going to school or hospital, it almost an accepted rule by all " wash up " before you go.

In a few days, we will furnish you with complete records, as required and their HEALTH RECORD . Our children this year are made up 100% from method we have endeavoured to establish, last year they were made up, from children returning to school and a few new admissions, the new admitted in 1948, were selected on same basis as in 1949.

Rest assured we are anxious to send you only the best, for we feel it is the only outlet to get results.

Yours very truly,

H. Lariviere - Supt. Indian Agency.

Your No. 467-1 & 10 (E 3) August 18th, 1949
Re : Tuberculosis
Moose Fort Indian Residential School

I wish to thank you for yours. I am satisfied we will enjoy improvement. I do not wish to blame anyone for the conditions that prevailed last year at Moose, however in this Agency, through "Medical Services" we were allowed to establish our own method, and since the Agency has directed the service, we have established a complete follow-up method on T.B. as well as on general. To do so we had to put in a great deal of time and effort, however it is serving the purpose, that is it is the basis today for all our welfare, etc., and with it we placed ourselves to send to schools healthy and fully protected children; needless to say if we run across a new source of infection, within the territory, we attend to it ourselves; outside, we have to go through headquarters.

A good example of what can happen, most recently at Mistassini, on "blind" selection, I was presented with 24 kids for Residential School; after going over our records I rejected 17. Our quota was filled only with fully protected children and of correct ages, and we still have a good number of children of the same category, but could not provide for. Briefly, without "recorded history", we would have sent in about 17 kids not fit to attend school, this only at Mistassini.

I can assure you that if we had our own schools, we are in a strong position to fill them with healthy children of proper ages and our Indians will send them in. This year, I could have had over 100 only at Mistassini and Waswanipi, all in line with our preventive field services.

H. Lafiviere, Supt.

Moose Fort Industrial School — 12785

I wish to thank you for yours. I am satisfied we will enjoy improvement. I do not wish to blame anyone for the conditions that prevailed last year at Moose, however in this agency, this Medical Services were allowed to establish an institution, and since the agency has directed the service, we have established a complete follow-up method on T.B. as well as on general. To do so we had to put in a great deal of time and effort, however it is serving the purpose, that is it is the basis today for all our welfare, etc., and with it we plead and live to send to schools healthy and fully protected children; needless to say if we run across a new case of infection, within the territory, we attend to it ourselves; but if so, we have to go on the headquarters.

As an example of what can happen, last year at Mistassini, on Allen's selection, I was presented with [illegible] of a residential school; after six years of service I rejected 17. Of course, we still have only fully protected children and a correct age, so we still have a good number of children of the correct age, but cannot provide for. Briefly, what I mean to say, we shall have sent in about 17 kids not to attend school, this only at Mistassini.

I can assure you that if we had our schools, we are in a position to fill them with healthy children of proper ages and our claims will be met in. This year, I could have had over 100 sent at Mistassini and Waswanipi, all in line with our new type field services.

Yours truly,

[signature]

[illegible], Ont.
August 30th, 1943.

To the Indian Affairs Branch, Ottawa, Ont.

Re: [illegible] Point School - [illegible]ct [illegible], Ont.

I have just returned from Lebarre, visit to clear children (medicine only) of school age and return those who attended school last year.

Some Indians objected much to return their children, for their reasons, complaints to make, most serious were as follows:-

1.- "Many of their [illegible] not To,
"ent to the [illegible]."

2.- [illegible] was not [illegible], not enough, no clothing not warm enough for winter.

3.- Their boys, [illegible] cut [illegible] with [illegible] underwear, in boy - overall trousers only, with rubbers in their feet, too cool for [illegible] them.

On the strength of Rev. [illegible] Taylor recent letter, I ensured them this year it would be much better all around. Finally they agreed to let them go, but boy Harry positively refused to return, boy George made a scene, refusing to go, but will go.

They made the following complaints:-

To me, and in presence of Nurse Brunet; I warned them not to complain if it was not correct and exact.

Harry Trapier, age Jun. 5/[illegible] : Said., last year, on my arrival at Moose School, they took my good blue serge pants, gave me a pair of trousers - black overalls, and I never seen or got back my blue serge pants. They did the same thing to my brothers George and David, for their good trousers.

. . . . . .

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

The parent , Mr. [illegible] Napier and Mrs. Christianna Napier, made the statement, following a statement by their son [illegible] as follows:-

[illegible]: [illegible] - [illegible] of the school, Mr. Taylor, is [illegible] in the school attic, takes them to the [illegible] hall and tells them to the Indians.

HIS PARENTS: said, all the Indians at Moose know that, Indian Jimmy Chum and Philip Small bought some, Indian David Frank from Moose and Rupert was in the that at the time, added, I know that, I saw it done.

I am inclined to believe, the fact Larry did not want to return to school, didn't say anything, however considering he is getting some support to his statements, through other sources, I feel it should be brought to your attention, for it creates a poor feeling among the Indians, they spread these rumors, etc. if their statement is incorrect they should be definitely checked on it. In this case their statement is rather strong, this is the family that complained to Mr. Cartwright re. Locket during visit at Labarre, Que. Mr. Clark took a picture of the well [illegible] which the woman brought out from the tent that boy had on, while [illegible] from Moose School.

Chapleau, September 6, 1949.

Indian Affairs Branch,
Ottawa, Ontario.

Re: Clarence Cayagee, No.57 Chapleau Cree

Enclosed please find Application for Admission to the Moose Fort Residential School on behalf of the above named.

While under age for Residential School, this child was a temporary ward of the Children's Aid Society, now that he is of school age, I am sending him to the Moose Fort School where his older brothers are already in residence. I have not been able to get the signature of his father, as I am not sure of his present whereabouts, although I understand he is a prisoner at the Kingston Penitentiary. The mother is living with a white man near Chapleau and conditions in the home are very poor.

In view of the above, I request that you forward authority for admission to the Moose Fort School for the child.

J. L. Whitney,
Superintendent,
Chapleau Agency.

COPY

Abitibi Indian Agency

Amos, Que.

August 31st, 1949.

To The Indian Affairs Branch, Ottawa, Ont.

Attention: Mr. B. F. Neary, Supt. Education

Moose Fort Residential School.

Attached hereto copy of list covering our children now at Moose Fort School.

Our " bush experienced nurses " escorted our children. They reported on the movement of these kids everything was almost perfect. The parents had provided as requested and had included the emergency ration asked for " a little bannock and dried meat ".

They informed during their stay at the school, waiting for train, they found our children started already to complain about food. From information given me, it is evident they are given what might be called " a city diet "; our children were raised on FISH and plenty of it and most of the time nothing else but fish and dried meat; needless to say, they can't very well adapt themselves over night.

Our best hospitals caused us the same trouble. Finally after repeated visits, we got them to put in the fish and change the cooking of the meats for our Indians. Since they all say the food is exceptionally good. This includes now "bannock" with raisins or plain for Sundays. At hospitals we got them to change the refined cod liver oil to ours, in spite of the objection for the smell by the nurses. Now they use it and it works out.

I would appreciate that the diet at Moose Fort School be adjusted to meet the habit and taste of our kids. I sunk

a lot of time on training Indians to accept this and that, through a little "fish etc." I would not like, part of my efforts wiped out. We have them now on the right path as regards sending their kids. I want to keep it that way and improve on it, In a few years that they take them in themselves. That is when our schools will be near them.

Moose Fort Residential School.

Dear Canon Cook:

We have recently received letters from Superintendent Lariviere with reference to the above school. He has also forwarded to us a list of the children who have been sent to the Moose Fort School this year from Mistassini and Waswanipi. Mr. Lariviere has forwarded complete information regarding the band number, name and date of birth to Reverend Mr. Taylor. Enclosed is a copy of a letter received from Mr. Lariviere and I would appreciate having your comments.

Yours sincerely,

Philip Phelan,
Chief, Education Division.

Re: Moose Fort Residential School.

Your File 25-2

We received your letters of August 30 and August 31, with reference to the movement of children from your agency to the above mentioned Residential School.

It is usual for us to require an application form for each child entering a residential school, but in view of the information supplied in your letters and the list which accompanied your letter of August 31, we will not insist on these forms this year.

However, in future an application form and certificate of health should be completed and forwarded for each new pupil entering a residential school.

Philip Phelan,
Chief, Education Division.

Mr. Philip Phelan
Chief, Education Division
Indian Affairs Branch
Dept. Mines & Resources
Ottawa, Ontario.

Dear Mr. Phelan:

Re: Moose Fort Residential School

I have read with a good deal of interest Mr. Lariviere's letter of August 31st and realize the situation thoroughly. It is hard for bush Indian children to adjust to "Whiteman's diet". However there are two factors to be considered.

(a) Department of Nutrition surveys recommend diets and as far as we are able we try to follow them. I know if we gave the children only the food they like we'd experience adverse criticism from Indian Health Services.

(b) Fish, quantities to which the children of Mistassini and Waswanipi are accustomed, is not procurable at Moose. The fish just are not there.

However I am leaving tomorrow for Moose Factory and Fort George and shall talk over the contents of Mr. Lariviere's letter with Principal Taylor and write you upon my return.

Yours faithfully,

Henry G. Cook

Superintendent

By the use of this method, we have established a basis, for assisting Indians, placing relief in proper hands and making it work to achieve improvements, we also use it as our basis for hospitalizing sick Indians and advising hospital (hospital now often refers to us for informations also local doctors), as regard school it allows proper selection, that is done away with the blind method of selection, take a chance have him examine after and so on, finally force the school to accept an unhealthy child or a costly return home.

Taking a doctor in to Matagami and Kawanipi, to have children examined would cost about $ 1,000.00 and very likely we won't be able to get a doctor to go in when wanted, next taking the kids out for examination, it would cost as much and who would look after them ?? briefly with present method I feel it should give 100% satisfaction, all these costly delays and so on are avoided. Assuming a child requires on check at school medical care, it cost very little to have done on the spot. Our children being all vaccinated, T.B. tested and re-tested annually vaccinated and re-vaccinated against T.B., if they could be accepted on our present method of selecting, I feel it would save all concerned lot of costly difficulties. In any event the group of kids sent out this year, taking in this area, and likely at most places same number of kids, whites ours would stand up high, on health etc., the Staff at Moose when they saw them after long journey and tough travelling, were surprised to see such a fine lot of kids, best ever seen they said. Now that they have started moving to and on a school the new generation, I can assure are better, on teeth we had trouble we had a dentist, professor a Montreal University to visit various Bands, teeth trouble with time we will endeavour to remedy.

Our medical follow up, to-day operate smoothly and if we could be relieved from that examination necessary on " usual blind selection " , I think our " school troubles " would be within what we can take care of.

H. Lariviere - Supt. Indian Agency.

INDIAN AFFAIRS BRANCH

September 24th. 1949

18265

To The Indian Affairs Branch, Ottawa, Ont.

Your No. 467-10 September 17, 1949
Moose Fort School - Residential

Since supplying the school and your office with list of children, we have forwarded to the Principal of the school, a complete record of our vaccinations on all children from this Agency with him, this record indicated a very high standard, we have asked the Principal to complete, through local medical services, vaccinations, a few on smallpox, on all our children only 8 booster doses on diptheria-whooping cough-tetanos - combined, on all our children only 32 injections for complete typhoid - para typhoid vaccinations, all new admissions are T.B. protected through BCG, as you know a child to receive BCG vaccinations through severe tests must be healthy. With these records I am sure, our children can satisfy the most scrupulous medical officer.

On medical, allow me to take up a few minutes of your valuable time :-

1.- All Indians alive in Abitibi Agency, are followed up through a card system - at birth they have a card.

2.- All doctors, hospitals, treatments are recorded on these cards, as the accounts reach us.

3.- All special treatments given in the field, by nurses, doctors, are recorded on these cards.

4.- On tuberculosis, we have a permanent register and same register is combined for recording all types of vaccinations, we know of the value of various tests, year, and so on. This is equal to a Membership Roll - but for medical only, if they get married etc., the recordings are transferred to their own numbers.

5.- These records are brought to-date annually, field work record for following seasons prepared and our nurses have to complete current work and keep to-date and we are in position to know if it is done or not.

Mr. J.S. Allen,
Supt. Indian Agency,
Moose Factory, Ont.,

Your file 11-1 (44)

I have your letter of September 20th in reference to application forms covering the admission of eighty-four children to the Moose Fort Indian Residential School.

The Department is anxious to be certain that children are physically and medically fit for admission to a residential school before approval of the admission is granted.

In view of this, your applications are returned to be completed by a physician. When the Physical Examination Certificate is completed, the Department will be in a better position to reach a decision on the applications.

It is noted that in most of the cases the signature of the father is not shown. You should make every attempt to have these applications signed by the father or mother or provide a reasonable reason why this was not done in each case.

When these applications are completed, please return. The Department will then be in a better position to give each application the necessary consideration.

Philip Phelan,
Chief, Education Division.

Mental Field Pro Set #10

September 21, 1949

17895

To Mr. Rev. [redacted] Tayler,
Principal,
Moose Fort School,
via : Moosonee, Ont.

Dear Mr. Tayler,

Attached hereto records, on vaccinations, our children, as they stood when they left for your school. This record, two copies sent you, when completed I would appreciate that one copy be returned to this office, so that we can complete and write up our PERMANENT RECORDS.

Under separate cover we are mailing you Vaccine, as used by us, byt its use on our children it will avoid any possible complications, on smallpox, your local nurse can do with vaccine on hand, on small pox, once vaccinated they should be reabbaked before recording, in case that they are not " positive " .

Going over our record, you will find a certain number of children, marked " positive " on BCG this means these children at one time were checked, and could not be vaccinated, on account they were positive on Volmer or PPD test, others with date - year only, they were BCG vaccinated or re-vaccinated. Under T.B. those who are marked, we have a positive definite proof, that a member in their families, were infected and died of T.B., others are blank, but in some cases they have a brother or sister suffering with T.B. or discharged as cured, if at any time the Medical Officer desired a report on any of them, we would be very pleased to furnish. According this record, etc., only Jeannie Hanson, is expected to not stand up, being a 3 plus, however with good care and food, she might develop a strong resistance and rebuild herself against T.B. .

Thanking you in advance, nurse doing vaccination, all she has to do, is to fill in the " open space " opposite each names, when left open.

Yours very truly,

H. Lariviere - Supt. Indian Agency.

Re : Diet - Moose Fort Residential School

I wish to thank you for having taken the matter up with Rev. Cook, I note his remark as regard Indian Health Services, this service, I am sure will support fully, that our primitive Indian children be allowed plenty of fish and some bannock, otherwise these kids, feel starved, the trouble starts on their return home etc., we know they are not starved, but nevertheless primitive Indian way of thinking about " food " is a matter that will take years to adjust, next when these children return home, if they had too much " whiteman " food, once at home the parents have trouble with them.

, October 26, 1949.

Mr. J.S. Allan,
Supt. Indian Agency,
Moose Factory, Ontario.

Your file 44/25-2-467

Replying to your letter of October 19th, I am attaching twenty-one applications for admission to the Moose Fort Indian Residential School.

You are aware, that the Department is very anxious to avoid the spread of tuberculosis and other diseases in the residential schools. Therefore, it is necessary to be very careful in admitting children to the residential schools.

On checking these returns you will note that there is some doubt in the Medical Officer's mind as to whether these children have tuberculosis or not.

I would suggest that you bring this matter to the Principal's attention and ascertain whether or not he is aware of the situation and whether he is prepared to accept them under this condition.

Would you advise also what steps are being taken by you, the Principal and the Medical Officer to clarify the situation.

Philip Phelan,
Chief, Education Division.

RECORDS
INDIAN
AFFAIRS

Dear Sir,

Further to telegram, Indian boy David Trapper, son of James Trapper and of Christiana, residing at La Sarre at present on their trapping lands on the Harricanaw River, is now being returned to school after having been discharged by the Quebec Immigration Detention Hospital, treated for tuberculosis, considered cured, however requiring special attention considering he was T.B. , at early stage.

For your records :-

David Trapper " Ruperthouse Group " Abitibi Agency - age Jan 18/39
Vaccination : Diptheria : Whooping Cough - complete
Smallpox : complete
Typhoid & paratyphoid - to be done (never had any injections)

Please add this boy on record furnished you, when completed return one copy to Amos.

Yours very truly,

H. Lariviere - Supt. Indian Agency.

Department of Indian Affairs and Northern Development
OCT 31 1949
REGISTRY

c.c. mailed to Education Division Ottawa to cover admission.

Education Division : This boy was at school Moose Fort in 1948, his degree of infection is very low : this boy was BCG at one time and no doubt had a very strong resistance to active contacts, considered cured : but requiring good clothes and diet.

H. Lariviere.

DR. MOORE

Moose Fort Residential School

I have read Dr. Harper's letter and am returning it to you herewith.

It is my intention to visit the reserve and agency at Moose Factory in early January when I will have an opportunity of discussing these matters directly with Dr. Harper.

I do not recognize the names of either of the boys mentioned by Dr. Harper but believe that Lawrence Cheehoo was at the Spanish Residential school learning to be a shoe repairer. He was sent to visit his parents but never did return. I met him at Spanish and agree with Dr. Harper that he would make a good interpreter.

Bernard F. Neary,
Supt. of Indian Education.

APPLICATION FOR ADMISSION

To the
Director of Indian Affairs,
Ottawa, Canada

October 3 1949.

Sir,—

I hereby make application for admission of the undermentioned child into the Moose Fort *Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Mines and Resources may deem proper:*

Indian name of child .....
English name Hannah Goodwin
Age 12
Name of Band ~~Moose Factory~~ Albany
No. of ticket under which child's annuity is paid .....
Father's full name and No Thomas Goodwin 291
Mother's full name and No Barbara Goodwin
Parents living or dead Living
State of child's health
Religion Anglican
Does applicant speak English?
Previously attended Moose Fort school for 2 years

J Evans Goodwin

(Signature of father)

NOTE—If mother or guardian signs, agent must forward full explanatory note

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

.....
Signature of Missionary or other Witness

.....
Agent

*Principal or other official of the school must not sign as witness.

NOTE—All the above particulars must be fully given, especially the "Name of Band," "No. of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

MEMORANDUM
RE
TYPHOID FEVER EPIDEMIC,
CHURCH OF ENGLAND MISSION,
MOOSE FACTORY,
Ontario.

Oct.23rd - 26th inq. 1947

Following an outbreak of typhoid fever among the Indian children attending the Bishop Horden Memorial Residential School, operated by The Church of England Mission, at Moose Factory, Ontario, the undersigned was requested by the Division of Indian Health Services to conduct a sanitary survey of the area and to assist the Medical Officer in determining, if possible, the cause of the outbreak and to recommend remedial measures in order to prevent a recurrence of such outbreaks.

Moose Factory Island is located in the estuary of the Moose River some twelve miles from James Bay and two miles south of Moosonee, the end of rail. The Island is roughly ovoid in shape and has an area of 1,133.3 acres. It is fairly level, about 22 feet in elevation above mean sea level and covered with second growth, spruce, poplar, birch and willow.

The settled and inhabited area of the Island is situated along the south-west side, the chief buildings comprising the Anglican School, small hospital, Anglican Church, R.C.M.P. Detachment, Hudson's Bay Company Trading Post, Roman Catholic Church and some seventy-six (76) Indian dwellings. The resident white population is thirty-six (36) in addition to three hundred and eighty-four (384) Indians, which are variable in number as they come and go.

Attention was first given to making a careful investigation of the water supply and sewerage systems of the Anglican Mission, followed by a survey of the general sanitary conditions prevailing on this Island. In this connection it is desired to point out that general matters of sanitation on the Island would properly come under the supervision of the Health Department of the Province of Ontario, in which it is located. The environmental conditions directly affecting the health and welfare of the Indians could be considered a Federal responsibility.

HISTORY OF TYPHOID FEVER EPIDEMIC

The story of the development and progress of the epidemic, as recounted by the Medical Officer, may be briefly stated as follows: In August and September, a Mr. Tinney, employed by the School, became ill and was hospitalized at Cochrane. On September 20th, a resident pupil, Peter ---------, became ill followed later by one of the girls on September 29th. Three (3) more girls became ill on October 1st. A short time later, the Archdeacon and Superintendent of the School, Mr. G.H. Cook, was sent to hospital at South Porcupine, being diagnosed and later confirmed on October 6th as suffering from typhoid fever. The previous cases were also confirmed as typhoid.

On this date certain prophylactic measures were put into effect by the Medical Officer. All drinking water on the Island was ordered to be boiled and excreta from the known typhoid patients was disinfected and buried in disposal pits. Since that time one girl and two boys became ill with typhoid. No further cases have developed within the outside incubation period of thirty (30) days so that the preventive measures adopted have apparently been successful in stopping the progress of the epidemic.

In summary then, there are ten (10) patients hospitalized with typhoid, five (5) Indian girls, three (3) Indian boys, at the Mission, Mr. Tinney and Mr. Cook at other hospitals.

The Anglican Mission School has a staff of thirteen (13) with fifty-eight (58) resident pupils and twenty-five (25) day pupils. Following the outbreak of typhoid the day pupils were not allowed to attend school.

467-10

So far it appears : request was overlooked. 17-18

Abitibi Indian Agency

February 9th. 1950

3683

Dear Mr. Allan,

In reply, yours dated January 30th. 1950, File No. 44/17-18, we received from the Principal of Moose Fort School, copy of " List of children " transferred to school. We had furnished the Principal with a complete list, names of parents, children, etc., we requested that they be identified and checked, certified copy returned to us with any errors noted. This we found necessary, previous years, children as to names were " misquoted " .

On September 21st. 1949, we mailed to the School, a complete record, standing on vaccinations to-date to, with request to complete vaccinations and once completed by local medical services, to return to us, so that proper entries could be made in PERMANENT REGISTER. This we never received to-date. Probably some one might remember, to cover our vaccinations we forwarded - VACCINE - as we did not want, a charge on vaccine on inoculations.

I would appreciate that they be requested to search again, failing that they give us the names of the children who were vaccinated at the school, since admissions.

Thanking you in advance,

Yours very truly,

H. Larivière, Supt. Indian Agency.

(C.I.H.F.)

Moose Factory, Ont.,
March 4, 19[illegible]

Dr. [illegible],
Department of,
[illegible],
Moose Factory, Ont.

Dear Dr. Allen:

Re: [illegible] Moose Factory Chest Survey

Further to my [illegible] letter of January [illegible], 19[illegible], I have to report that [illegible] received from Dr. Blanchard of the Division of Tuberculosis, Department of [illegible], reports on certain of these children as follows:

Films on Archie Cheechoo show no evidence of Pulmonary TB
" " Irene Chuebby " " " " " "
" " Hester Jeffries " " " " " "
" " Mary Georgekiss " " " " " "
" " Edith Ohiskekoneyash " " " " " "
" " Louise Visitor shows " " " " " "
" " Emily Georgekiss " " " " " "
" " Elizabeth Mark " " " " " "
" " Mary Ann Gull " " " " " "
" " Frances Cowboy " " " " " "
" " Marion Hester Snow Primary TB healed. Possible heart pathology. Recommendations, written observation for heart condition only.
" " Kathleen Wesley Sutherland shows Pneumonitis resolving. Am [illegible] be clearing up resolving. Suggest no film and re examination in six months.
" " [illegible] Cheechoo show that the films are of very poor technical quality. [illegible] that the [illegible] may be due to the quality of the film and of no clinical significance. Suggest repeat X ray.
" " Lorna Mishquabuk show that as a very poor film and very difficult to interpret. No definite evidence of Pulmonary [illegible]. Recommend that a tuberculin test should be done and a [illegible] film repeated.
" " Clifford Shawaweskum show that the film is of such poor technical quality and so poorly positioned that a definite report cannot be made. No evidence of Pulmonary TB. Recommend that the film be repeated, a tuberculin test done and further report made.

Due to my absence from my office on various occasions and to the rush of other work I realize I have been tardy in getting these reports to you,

Indian Affairs. (RG 10, Volume 6204, file 467-10, part 4)

PUBLIC ARCHIVES
ARCHIVES PUBLIQUES
CANADA

Library and Archives Canada / Bibliothèque et Archives Canada
www.collectionscanada.gc.ca

Referring to my discussion with Mr. J. Long to have the other X-rays done at an early date, he advised that due to the unusual amount of work he had to do as Acting Principal and to faulty plumbing which prevented him from the proper preparation of his developing and fixing fluids he was long delayed in getting these other children x-rayed. This has been done only recently and the films are being sent to Toronto for a reading on the other six children who are on your list of twenty-one, viz: Clara Colley, Beatrice Mark, George Stewart, George Couttit, Lucy Sutherland, Lazarus Wilpin.

I failed to note in my last letter that George Couttit was returned last summer from Sanatorium with recommendations that he be permitted to attend the school. My recommendation he be x-rayed was only routine.

A summary of the above shows that the findings of these children are not sufficient to dismiss them from the school for health reasons. However, I have further to report that recommendations were made to keep under careful observation the following:

[illegible] Visitor — [illegible] Alice Sam

This will be done. None of them are serious enough for dismissal.

I have to report that my Nurses have done Tuberculin test on all the children living in at the school and only 34 were negative. I might say that this has been the usual finding on each of our annual examinations at this school.

My Nurses are also continuing with the inoculations which will be completed in due course. We will then be able to fill in the forms sent by Agent Ariviere.

Dr. Simpson has been advised of the number of TB tests that are negative and I have recommended that these be given BCG vaccations. I am awaiting a supply of the same and directions for such from there.

All of which I respectfully reported.

Yours truly,

(Sgd.) D.J.Harper

Indian Affairs Branch,
Department of Citizenship and Immigration,
Ottawa, Ont.

I am again returning applications for Admission into the Moose Fort Residential School which were returned with your letter dated October 26, 1949, file 467-10 (E6).

As I have had numerous letters from Dr. Harper in this connection with long delays between and as the school session will soon be drawing to a close, I feel it would be just as well to accept all applications as submitted.

For your information I am attaching hereto copy of last letter received from Doctor Harper in connection with the 21 children concerned which is self-explanatory.

I feel that the explanation given in this letter will cover the information required.

No reply required

Dear Sir,

In Reply, the correct names and ages of the Missenum ~~ex~~ children were furnished by us, according our records, when they were admitted, however seeing it appears there is a doubt, they stand as follows on that :-

Wawagini Band No. 77 (of Alice Missenum)

Jennie	born	July 20th. 1938
Mary		September 19th. 1936
Simeon		August 15th. 1940

Mistassini Band No. 97 (of Alfred)

Bennie	Feb. 20th. 1937

Indians with you, from La Sarre, not numbered - (band number) are Indians, but from various agencies, living in our territory and admitted, for all purposes cure, originating from what is commonly called " Non-Treaty Indians " , various Bands, Indians in ucbec, are not " Treaty - Indians " , in their case, for now they don't have or need a " band number " .

Yours very truly,

H. Larivière - Supt. Indian Agency.

Re : Moose Fort School

Re our children at this school, when Mr. Clark visited us, he felt that probably they would have to be returned home at an earlier date, in order to permit us to arrange combined service, I would appreciate knowing at your earliest possible convenience, the date on which we might expect these children or arrange their return.

If these kids, were delayed at a place like Senneterre, Oskelaneo, it would be a costly affair, outside of, we have not the staff to look after them, if at all possible, I desire to gather them at one point, Oskelaneo River and clear rapidly, at this point, on account hospital service, if needed we could put up a tent, have some of the Indians, their own relatives to look after for a day or two, weather has a say on this.

H. Lariviere - Supt. Indian Agency.

Re. Admission and Certificate of Health

Refering to your instructions as regard Certificate of Health, we are not in a position to complete this at Band points or at Railway points, first we have not sufficient staff to take care of it and we cannot arrange for Doctors to do these examinations as required.

Last year we selected the children ourselves, basis health record of family, child and only those tested on T.B. and vaccinated on general and B.C.G. were sent out, on general we allowed from 2 doses subject to completion at school, so far I understand none of our children, new admissions on our selection were ill this winter on preventable diseases. If this method is satisfactory to you, it would help a great deal. To assist we could cover each child with an admission form as to Medical Certificates, the Doctor at school could complete. On our method of selecting, I am satisfied, no difficulties should be experienced.

H. Lariviere, Supt. Indian Agency.

Re: Moose Fort Indian Residential School. Your File 25-4

With reference to your letter of the 8th instant, the repairs at the above school have been delayed, and as far as we know, the children from your Agency attending the above school will not return home until about the end of June, which is the usual date for holidays to commence at a residential school.

I suggest you communicate with Superintendent Allan and ascertain the exact date on which the Principal of the Moose Fort School proposes to send the children home. It is understood that this will probably be the last week in June.

Dear Mr. Allan,

Re: Moose Fort Indian Residential School

1112

Further to letter from Education Division, Ottawa, dated May 16th, 1950, File No. 467-10 (21), attached hereto list of our children to return home on closing of school. It will be noted all same return for sum or vacations, only one to detrain at Monsterre and only 5 to detrain at La Sarre, others all on Ossalanee River. It will be necessary for you to provide the required escorts.

1- Notify us by mail when they are to leave Moosonee.

2- Escorts should wire Hudson's Bay Company Manager at La Sarre to have Indians meet children at station. If not there, hand over to a taxi to Hudson's Bay store.

3- Escorts should wire Hudson's Bay Company Manager at Senneterre to have Indians meet child at station. If not there, request child to go to Hudson's Bay store.

4- Escorts should wire Hudson's Bay Company Manager at Ossalanee River the exact date of arrival, so that sleeping quarters can be provided for, etc.,

On reception of your letter, we will arrange to clear children on Mistassini and Waswanipi on combined Agency air trips.

Yours very truly,

H. Laviolette, Supt. Indian Agency.

Dear Sir,

Mr. Neary, our Superintendent of Education, advised that you are prepared to receive from this Agency 60 children.

We have to rush movement of the Mistassini children. I anticipate they will be at Moose during week ending August 26th, 1950; others, any time after August 26th, 1950.

We will endeavour to advise you by wire definite date of arrivals. We are making arrangements with Reverend Ford at Cochrane to take care overnight.

Yours truly,

Ottawa August 22, 1950

Dip, Education Division.

Moose Fort pupils Stranded at Cochrane:

I have been on the telephone all evening trying to make some arrangement for the onward movement of these children, but I cannot get through to any of the following:

Mr. Matters at North Bay.
Bishop Renison at Schumacher.
Rev. J. S. Ford at Cochrane
Austin Airways at South Porcupine.

I had a conversation with Cec Reynolds of the C.N.R. at North Bay re the possibility of a special train from Cochrane to Moosonee, but he said that nothing can move on that railroad.

I have the urge to make a fast auto-ride into the area before the problem becomes further complicated, but gasoline may be scarce in that area.

It looks as if these children may have to depend on the resources of Cochrane until the next trains run. Their escorts are probably at Cochrane, too.

Amos, P.Q.
August 25th, 1950.

To the Principal,
Moose Fort School,
Moosonee, Ont.

Dear Sir:-

Attached hereto list of the Mistassini Indian children being transferred on you, 36 children. Others from Mistassini, Waswanipi, Somnoterre, La Sarre will be transferred as soon transportation by rail is available.

As soon as possible, we will furnish you with medical record on all these children, for immediate, all are fully vaccinated and TB tested, vaccinations cover diphteria, whopping cough, in some cases combined with tetanos, typhoid and paratyphoid (A & B) small pox and BCG.

When others are transferred, we will furnish list and they are protected as in the case of those being moved etc.

Yours very truly,

H. LaFlviere - Supt.

REGISTERED AUG 29 1950 RECORDS INDIAN AFFAIRS

P.S. Our quota was fixed at 60, it will be filled.

To The Indian Affairs Branch, Ottawa, Ont.

Re : Children for Moose Fort School

Further to, Mr. Clark phoned me, after calling you, all is clear and will adjust itself.

On the Mistassini kids, bad weather caused us difficulties, finally ending with 20 kids at Cochrane and 16 at Oskelaneo. Cochrane got excited (or desired a little publicity), at Cochrane, I am of the opinion it was no trouble to look after these 20 kids.

Those left at Oskelaneo (Oskelaneo was out of flour, bread, etc., when the strike came on) 16 kids, I removed by aircraft on Senneterre, provided for at Amos, at hospital, nurse was I/C of the kids, the kids themselves had lot of fun out of all this.

Others are at home. that is 24 from Waswanipi and other points, as soon conditions return to normal they will moved by normal and usual means of transportation.

Had we not been caught with bad weather, all the Mistassini kids would have been landed at Moose Fort, on time, before the strike went into effect.

H. Lapiviere - Supt. Indian Agency.

Amos, Que.
August 27th. 1959

To The Indian Affairs Branch, Ottawa. Ont.

Re : Children for Moose Fort School

Further to telephonic conversation, the following was done :-

1.- Mr. Clark, took care of the children at Cochrane - 2 and escort Miss. Midlige, all at Moosonee now.

2.- Nurse at Oskalanee, with 16 kids, had to be removed, on Amos, via Senneterre, this work was done combined with other Agency affairs.

3.- From Amos, we transferred to Moosonee, the 16 kids, by air, one trip with permission from Department of Transport, to take number desired, providing we would not exceed maximum weight allowed for mileage to be done.

Above cleared all Mistassini children, the total cost, won't exceed very much, the regular transportation.

Mr. Clark requested our aircraft to proceed to Nemaska, to take out via : Senneterre a Mr. Jackman, Teacher, our aircraft landed at Nemaska, found party out fishing instead of standing by waiting. Pilot requested instructions, I advised to return to his base at once. He waited in view to loathe, etc., but found he was away by about 15 miles, so it was useless to wait, extra time. The Pilot had to make Waswanipi for the night, weather bad, Miss. Midlige returned with him, on an Agency combined trip Miss. Midlige was returned to Oskalanee.

As regard the Waswanipi children, waiting at home, further to telephonic conversation, they will be sent out direct from Waswanipi to Moose Factory, from Senneterre to Waswanipi trip both ways, will be combined trip, medical etc., usual run. Department of Transport is being requested to authorize, on same condition as we did for the Mistassini kids. One trip only,

Amos, Que.
August 27th. 1950

This will put us to-date fairly well, as regard the La Sarre kids, a few at Oskelanee, they will have to wait until rail transport is resumed. Our quota for Mistassini - filled 36 kids, Waswanipi 17, might send in only 16 depending on weight and authority from D.O.T., on the line, we have sufficient kids, returning to complete our allowance 60 kids.

For your information, the situation with us, is again about normal, at Oskelanee, the Nurse and kids, came out, etc., this point is about the worse off on the line, they had no flour when strike came on, also very low on other items.

H. Lariviere - Supt. Indian Agency.

Yesterday file HPS

467-10
August 30, 1950.

Chief, Education Division.

Air Transport for stranded pupils, Moose Fort Residential School.

On Friday morning, August 25, I visited the office of the Austin Airways in South Porcupine and contracted with the pilot in charge for two and one-half trips (Cochrane to Moose Fort and return) to handle the twenty children and escorts.

I escorted the first flight of children and was quite busy en route with air-sick children. Mr. Fur Supervisor F.C. Racicot accompanied another flight, and the original escort, Miss Eva MIDLIDGE of Osnelano, also was flown to Moose Fort where she took back to Amos in a plane that brought sixteen children from Amos. This plane may also have taken Mr. Jackman from Nemiska to Amos.

On the last trip from Moose Fort to South Porcupine I brought out the two summer school teachers, Mr. Spurs and Miss McDowell. Dr. Cosack of Health Services came out at the first opportunity.

We might have saved one trip by getting Air Transport Board authority to over-load the plane, but I thought you would prefer not to attract criticism of the handling of Indian children. Besides, 'phone calls required special permission and I would have had to negotiate with a Toronto office.

In all 36 children were transported (20 from Cochrane and 16 from Amos). On the 'phone Mr. Supt. Lariviere told me he would defer sending the remaining 24 of his quota until the railroads are again operating.

Amos, P.Q.,
October 12th, 1950.

Mr. J.S. Allan, Supt.,
James Bay Indian Agency,
Moose Factory, Ont.

Dear Mr. Allan,

In order to complete records on our children at Bishop Horden's Residential School, we attach hereto the following documents:-

1.- Record on general vaccination and TB. It will be noted there are only 2 booster doses to give our children. No other vaccination required.

2.- List of children, giving name of parents, as official admission record.

For information of all concerned, none of these children suffered with any disease when they were transferred from home to school.

Yours very truly,

H. Lariviere, Supt.,
Abitibi Indian Agency.

RECORDS
INDIAN
AFFAIRS

Amos, P.Q.
October 12th, 1950.

1635

The Indian Affairs Branch, Ottawa, Ont.

Attention: Mr. B.F. Neary, Education Division.

Herewith enclosed copy of our letter this date to Superintendent Allan, James Bay Agency, covering required information at School.

A number of children did not return, this owing to conditions, mainly health. This year, at Moose, only one child not tested on TB and another tested but reading two plus, which means we should have same results as last year: no deaths, etc.

I must note recently they reported one child suffering with a fracture (arm). Previously, we had a similar case. This always causes trouble amongst Indians for they feel supervision is not to the point. We are giving the school children in perfect health and fully protected; needless to say we would like to get them back in the same condition.

H. Larivière - Superintendent
Abitibi Indian Agency

N.B.: Enclosed also list of children, for your information.

Copy sent Mr. Allan

, October 31,1950.

Rev. H.A. Siegmiller,
Moose Fort Indian Res. School,
Moose Fort via Moosonee, Ont.,

I am returning your September Quarterly return as it is impossible to work out the average attendance of pupils during the Quarter.

It is a common procedure to show the girls on one set of returns and the boys on another with double spacing between the names. When re-submitting this return this rule should be put into practice.

It has been noted that a large number of pupils have been discharged from residence effective September 1. As these pupils were in residence during the June Quarter the school is entitled to a grant of sixty-two days each, that is, for July and August. You have omitted to claim this grant, therefore, it is suggested that when the return is being re-written the pupils you propose to discharge or pupils that have not returned to residence be included on the return and grant claimed for sixty-two days.

It would be appreciated if the re-written return was forwarded to this office as soon as possible as we would like to have all the grant for residential schools paid prior to November 15.

Bernard F. Neary,
Supt. of Indian Education.

Ottawa, Ont.

We have Applications for Admission forms to the various Residential Schools in this area but the physical examination on them have not yet been completed.

It is difficult to state just how long it will take to have these forms completed and submitted to you for approval and would like to have your direction as to what should be done with these. Should we sign same and forward without physical examination? From last years experience I found it was difficult to have this tended to by the Doctor. May I suggest that in future the resident Public Health Nurse or School Nurse make an examination and complete the reports if the Doctor is not available.

Re: Application Forms
Your File 44/25-2

In view of the information contained in your letter of November 8th, you should forward the application forms to which you refer. It is noted that the medical examinations have not yet been completed, but you should arrange to have these carried out as soon as possible and you can forward the Medical Officer's reports later.

NORTHERN ADMINISTRATION

CANADA
DEPARTMENT
OF
RESOURCES AND DEVELOPMENT

14081 ARCTIC DIVISION

NOV 21 1950
RECORDS
INDIAN
AFFAIRS

Ottawa, November 18, 1950.

Dear Colonel Neary:

Re David KOOMAYUK, Disc No. K4-384, Eskimo age 15

In February, 1949, a fifteen year old Eskimo boy, David Koomayuk, was flown by mercy plane from Creswell Bay on Boothia Peninsula to the Dr. Charles Camsell Memorial Hospital in Edmonton suffering the loss of both feet from gangrene.. Since then he has been fitted with artificial limbs and is now able to move around quite freely. During his stay in hospital he has been taking advantage of the educational opportunities provided, and has learned to talk English fairly fluently already. He has received a considerable amount of publicity due to his rather extraordinary progress for he is considered particularly brilliant. He has started Grade 3 arithmetic and in his reading has almost completed his Grade 2 reader.

Unfortunately, a short time ago he contracted a slight case of tuberculosis, but this has been cleared up and Dr. Falconer advises that the boy will be ready for discharge about January 1, 1951.

NOV 21 1950
INDIAN AFFAIRS

I am attaching herewith a copy of a letter I am sending to Dr. Moore. In this you will notice that the suggestion has been made that David should be placed at Moose Factory in order that he can attend the school there and also have the benefit of the medical service available at the hospital. Furthermore, he would be in the company of other Eskimo people and would possibly have the opportunity to work into a job that he could handle satisfactorily.

Colonel B.F. Neary,
Superintendent of Education,
Indian Affairs Branch,
Department of Citizenship & Immigration,
Capitol Theatre Building,
OTTAWA, Ontario.

To E'
N.W.T. to pay the grant to Moose Fort School.

DEVELOPMENT SERVICES
BRANCH

CANADA
DEPARTMENT
OF
RESOURCES AND DEVELOPMENT

OFFICE OF THE DIRECTOR

Ottawa, November 18, 1950.

Dear Dr. Moore:

re David [redacted], 34-10;

I have received a copy of Dr. Falconer's letter to you dated October 10 in which he advises that the above-named Eskimo boy, approximately fifteen years of age, should be ready for discharge about January 1, 1951. The question of David's immediate future was discussed between Mr. Bailey of this Administration and Dr. Falconer recently when it was learned that Dr. Falconer was not too anxious to see this boy return to the rigorous climate of the north too early. He suggested that it would be preferable for this young Eskimo to be placed in a residential school for the next year or two if possible close to a medical centre.

The problem of this boy's placement has been discussed with both Dr. Simpson and Dr. Procter, the latter of whom suggested that David might be sent to Moose Factory where he could attend school and be close to the hospital there. Furthermore, he might very well work himself into a reasonably good job either as an interpreter or clerk. At the same time being at the gateway to the Eastern Arctic, it might be easier to obtain a position for him in one of the Hudson's Bay Company posts if that became possible at a later date. Dr. Simpson has stated that he is in agreement with such a plan.

It would be appreciated if you would ask Dr. Falconer to discuss this matter with David and ascertain whether this plan would be agreeable to the boy. In the meantime, a copy of this letter will be sent to Colonel Neary, Indian Affairs Branch to determine whether some arrangement might be made at Moose Factory for him at the school.

Yours very truly,

Dr. P.E. Moore,
Director of Indian Health
Services,
Department of National Health
& Welfare,
702 Booth Building,
OTTAWA, Ontario.

November 30, 1950.

The Director,
Northern Administrations,
Department of Resources and Development,
Norlite Building, O t t a w a.

Dear Sir:

Re: David KOOMAYUK, Disc No. E4-384,
Eskimo Age 15

With reference to Mr. Wright's letter of November 18th, the Indian Affairs Branch has no objection to placing the above boy in the Moose Fort School. I suggest that you communicate with Canon M.G. Cook, Superintendent of the M.S.C.C., 102 Bank Street, Ottawa.

It is understood that the per capita allowance for him will be paid to the school management by your Branch.

Sincerely yours,

FP/ET

Re. Lawrence Mark

This will acknowledge receipt of your letter of the 22nd inst., along with copy of letter received from Miss Jane Mark, with regard to the above referenced Indian youth.

Rev. Seigmiller, Principal of the Moose Fort Residential School, on several occasions, complained about the conduct of this boy in school and felt that he was unmanageable. The matter was discussed with the boy and the Principal and the boy expressed the wish that he return home to his sister. Arrangements were made accordingly and Lawrence was sent to his sister at Clute, as I understood she had a farm and he could find work to do there. However, I was advised by Dr. Tilley by telephone that his sister Mrs. Webster was not in a position to take care of the boy and I immediately made arrangements for his return to Moose Factory where he was immediately employed on the Hospital Staff as a cleaner, receiving 60¢ per hour.

Mrs. Webster has been advised that her brother is now gainfully employed and is quite capable of careing for himself. I have written to his Sister in Gravenhurst Sanatorium relieving her mind as to the welfare of her brother at Moose Factory.

Re : Admission of Pupils to Residential School
from school & home

The question of returning our children to their families was settled this morning following telephonic conversation with Mr. Clark.

As regard returning them to residential school, selecting etc., our Quota, I would greatly appreciate, hearing from you, if at all possible by first week in August. Our last arrangement was as follows :-

1.- Selecting children - Based on our medical records, free of T.B. and fully protected against contagious diseases - preventable by vaccination - also of a certain degree of intelligence. This to be done by AGENCY.

(This method has given best results - none of our kids (died etc., since .

Plane (by church) 2.- Transport arrangement.

3.- Can the children return home - every summer. & return to school.

4.- The Residential school should favor us with results - Examination at end of year - indicate degree of intelligence, etc., for I feel a child cannot learn anything at school, it is useless to keep on sending him, when others, could replace and do well.

note

BRING BACK LAST YEAR'S PUPILS At Mistassini and Waswanipi, we have reached the stage now, only children of school age, about 7, are available, this class is well protected etc., considering number ready, we can select among the most promising kids.

Thanking you in advance. I am leaving to-day for Mistassini, to return Amos on about July 1st.

Some continuity is necessary. It will get somewhere to have a succession of seven-year-olds year after year. School authorities have already a little concerned care

H. Lariviere - Supt. Indian Agency.

June 25, 1951.

Mr. P. Phelan
Supt. of Education
Indian Affairs Branch
Dept. Citizenship & Immigration
Ottawa, Ontario.

Dear Mr. Phelan: Re: Abitibi Agency children at Moose Factory

The Administration, each June, requires an annual report from each of its School Principals. The Rev. H. Seegmiller, Principal of the Moose Fort School, under the question "comments or suggestions re pupils" has answered as follows:

> "Mr. H. Lariviere, the Superintendent of the Abitibi Agency has been most co-operative. He seems however, to have a tendency to give us a different group of children each year. This fills the school but does not give the promising children an opportunity of advancing as quickly as they should. Perhaps I.S.A. office could write to him at his office in Amos asking his assistance at consecutive schooling for the children from his Agency."

I have not written Mr. Lariviere but have given you Mr. Seegmiller's comments instead. They are, I think very practical and sensible and I've been wondering if anything can be done to have the same pupils returned to the school after the holidays rather than a large proportion of new ones. All Mr. Lariviere is doing on behalf of the Anglican children of the Mistasinni-Waswanipi country is certainly appreciated and we are not complaining at all but just wondering if the main purpose of operating residential schools is not being somewhat defeated when pupils are frequently changed.

CCDC

Yours faithfully,

Henry G Cook.

Copy for attention : Mr. F. Phelan, Supt. Education Division 467-10

Aug/25-2

Amos, P.Q.,
August 20th, 1921.

Reverend R.A. Fauquier, Principal,
Mistassini Roman Catholic School,
[illegible], Que.

Reverend Sir:-

In connection with the transfer of the children from Mistassini to Moose Fort School, on my arrival at Mistassini I found that our verbal understanding had not been lived up to, that in selecting the children. This part you will recollect was definitely understood the Agency would carry out, based on medical reports.

On the children transferred I regret to note child Isaac Stump, Rosa Neepush, Charlotte Neepush, Samuel Loon, David Moses, Sarah Dixon, Rosa Coon and Molly Loon are ill [illegible] and should have remained at home. Now that they are at Moose, nothing can be done about it except they should be followed up very closely. The results of this round-up has left approximately 14 children of school age in reserve having remained at Mistassini.

As understood in June with you at Mistassini, I would fix the selecting and be at Mistassini to do so latest August 17th. I cannot understand why it occurred.

Yours very truly,

H. [illegible] - Superintendent
Amos Indian Agency.

Mr. J.S. Allan,
Supt. Indian Agency,
Moose Factory, Ont.,

Attached, I am returning the applications for admission to the Moose Fort Indian Residential School as the parents signatures do not appear on these applications.

It is noted that many of these pupils are already in residence as they were shown on the September Quarterly Return.

It would be appreciated if you would have these applications properly signed and return to this office for consideration.

It is appreciated that in many cases the parents are presently out of reach for the necessary signature. In such cases, you are asked to advise this office to this effect by a covering letter.

The Department approves the discharge of the following from the Moose Fort school:

No.	257	No. 266	No. 0242
	258	0167	0243
	259	0173	0245

, October 30,1951.

Mr. J.S. Allan,
Supt. Indian Agency,
Moose Factory, Ont.,

With reference to the September Return for the Moose Fort Indian Residential School, it would be appreciated if you would advise the Principal to forward future Returns double spaced. Normally, only twenty-nine pupils names should be entered on each page.

It will be appreciated that on receipt of the Quarterly Return, the Department Treasury officials and the Auditors check and make notations on this Return. When the Return is single spaced, it is difficult to identify the notations made on it. In future, if a Return is forwarded to this office single spaced, it will be returned for retyping.

Pupils 269-278 and 281-288 are entered on the Quarterly Return but are not shown on Form I.A. 411. Will you kindly advise the Principal to forward a supplementary I.A. 411 covering these children as soon as possible.

The Principal has claimed sixty-two days grant for pupils 0242 and 0245. As these children were not in residence during the June Quarter this grant can not be allowed. We are deleting the two entries.

Abitibi Indian Agency

E/6

NOV 16 AM 9:08

Amos, Que. November 15th. 1951

INDIAN [illegible]

To The Principal,
Bishop Horden Industrial School,
Moosonee, Ontario.

Dear Sir,

Re : Abitibi Indian Agency Children
[redacted] School

Herewith general vaccination record, on all these children, also,it is indicated how they stand on " T.B. protection " . As you know since we are sending children to " boarding school " , we protected ourselves and the children by sending kids, protected to the li it possible, selecting on our " Health records " , unfortunately this year, some of them were sent without our approval, that is, the following and " infected ", they require special attention, if at all possible they should be completely examined by Dr. McKone, and given x-ray check oftener comparing with the others.

# 6	Emily Loon	2	plus	
9	Mathew Abel Longchap	3	"	
9	Daisy Longchap	3	"	
30	Edna Neeposh	3	"	
30	Neeposh Charlotte	2	"	
51	Emma Stapp	3	"	
57	[redacted]	2	"	
61	Emma Coon	3	"	(X 8)
106	Samuel Beaum	3	"	
105	David Beaum	3	"	
152	Sarah Ji ikim	3	"	(D 10)
N/S.	Beatrix Reuben	1	"	

All these kids, had direct contact with persons, who died of T.B. or are hospitalized as T.B. contagious.

On small pox, there is 2 kids, not marked " positive " this on account, our nurses could not re-check after vaccination, but they were vaccinated, if necessary your local nurse should re-vaccinate and report to us : <u>results</u> .

.....

www.collectionscanada.gc.ca

Anne, Alta. November 18th. 1951

Other type of vaccination, all received 4 doses, and most of them were vaccinated with vaccine combined, including [redacted].

As " NOD " those marked, 1950, and 1951, should be given certain attention, for this class were re-vaccinated, however none were found, on those going to school for the first year, re-infected.

At closing of academic year, we would appreciate, report indicating, their standing at school, as understood at Dutnesmind, if some of these kids, cannot make progress at school, they should be replaced by others, of school age and now at home.

Those marked " infected " before returning home, at closing of school, should be X-ray by the hospital, report mailed direct to me by Medical Officer.

Rest assured we are anxious, that as many of our children attend school, but we desire to send only those in perfect health and able to stand up, all around.

Yours very truly,

E. Laviviere - Capt. Indian Agency.

APPLICATION FOR ADMISSION

To the
Director of Indian Affairs,
Ottawa, Canada

September 1 195 1

Sir,—

I hereby make application for admission of the undermentioned child into the Moose Fort Indian *Residential School; to remain therein under the guardianship of the Principal for such term as the Minister of Citizenship and Immigration may deem proper:*

Indian name of child Elsie Archibald

English name

Age 12

Name of Band New Post

No. of ticket under which child's annuity is paid 17

Father's full name and No.

Mother's full name and No. Nancy Archibald, 17

Parents living or dead

State of child's health

Religion Anglican

Does applicant speak English?

Previously attended school for years

(Signature of father)

NOTE—If mother or guardian signs, agent must forward full explanatory note.

I hereby certify that the above application for admission has been read over and interpreted to the parent or guardian and that the contents were understood by him or her and that I witnessed his or her signature to this document.

I recommend the admission of the above child, who is of good moral character and is eligible to be admitted as a grant-earning pupil.

Agent

Signature of Missionary or other Witness

*Principal or other official of the school must not sign as witness.

NOTE All the above particulars must be fully given, especially the "Name of Band," "No of ticket under which child's annuity is paid" and "Religion." The minimum age for admission is seven (7) years, except in the case of an orphan, destitute or neglected child. When application is made for the admission of such cases, full particulars should accompany the application.

INDIAN AFFAIRS BRANCH

PLEASE QUOTE
FILE ...

44/25-2-467
Your file 467-10 (E6)

Moose Factory, Ont.,
November 26, 1951

Indian Affairs Branch,
Department of Citizenship & Immigration,
Ottawa, Ont.

I have your letter of the 2nd inst., along with applications for Admission to the Moose Fort Indian Residential School, which have been returned for parents signature.

The parents of these children are scattered throughout a wide area in the James Bay District and we are unable to have the necessary signatures attached. The majority of these children come from the Abitibi Agency and any attempt to locate the parents, the expense of same would be prohibitive. It is therefore recommended that these be accepted for this year and the Principal will be instructed to see that all documents are properly signed when picking up these pupils next year.

I am therefore returning Applications for Admission as I feel that by the time we would be able to contact the parents of these children it would be probably sometime next summer.

, November 30,1951.

Mr. J.S. Allan,
Supt. Indian Agency,
Moose Factory, Ont.,

Your file 44/25-2-467

With reference to your letter of November 26th and the applications attached thereto, the Department approves the admission of these children to the Moose Fort Indian Residential School.

It is noted that the parents of these children are scattered over a wide area in the James Bay district and you are unable to obtain the parents signatures. It is also noted that you are instructing the Principal to see that the documents are properly signed when picking up pupils for the school in the future.

Supt. Indian Agency,
Moose Factory via Moosonee, Ont.,

With reference to the September Quarterly Return for the Moose Fort Indian Residential School, we do not appear to have applications for admission for the following pupils:

0292 Emma Coon

0309 Jennie Jolley

Kindly have these completed and forwarded to this office for consideration as soon as possible.

Philip Phelan,
Superintendent of Education.

Mr. J.S. Allan,
Supt. Indian Agency,
Moose Factory, Ont.,

To date we have not received the December Quarterly Return for the Moose Fort Indian Residential School.

It would be appreciated if you would arrange to have it forwarded as soon as possible.

Philip Phelan,
Superintendent of Education.

Mr. J. S. Allen,
Superintendent,
James Bay Indian Agency,
Moose Factory, Ont.

INDIAN AFFAIRS
1952 FEB 4 AM 9

Dear Mr. Allen:

On checking over our Quarterly Form (the blue one) for the quarter ending December 31st, I find that there is one ommission. This occurred also on the blue form for the quarter ending September 30/52.

The addition is:

0309 - Daisy Lonchap -- Age 6 - Waswanipi - Kindergarten - Admitted Aug. 18/51 -- In Residence 92 days.

This would change our totals for the last quarter ~~from~~:

Aggregate no. days 11532 + 92 -- 11624
Average attendance of pupils 126.34

Instead of 125.46

I am extremely sorry this has happened, but I felt it should be rectified at once.

The totad number of the children in residence during the last quarter then, is 61 Boys and 68 Girls or 129.

Yours truly,
H.A.Seegmiller

Mr. J.S. Allan,
Supt. Indian Agency,
Moose Factory, Ont.,

With reference to the June Quarterly Return for the Moose Fort Indian Residential School, you are advised that we are allowing 37 days grant for pupil # 198 due to the fact that the Principal did not claim 30 days hospital grant to which the school is entitled. We have allowed 16 days grant for pupil # 199 who was admitted to hospital on March 15. 21 days grant was allowed for # 220 who was admitted to hospital on March 22nd. 37 days grant was allowed for pupil # 286.

Please advise the Principal that on future returns the school is entitled to 30 days hospital grant effective the date the pupil was admitted to hospital.

Philip Phelan.
Superintendent of Education.

Moose Factory, Ont.
August 4, 1952

Indian Affairs Branch,
Department of Citizenship & Immigration,
Ottawa, Ont.

#19948. This is to advise that I am informed by the Principal of Moose Fort Indian Residential School that Charles Cachagee is now ready for High School. It is suggested that he be transferred to Shingwauk School, at Sault Ste. Marie, and as his brother Michael commenced Grade 8 in the fall term, it is thought that both of these boys should be transferred to Shingwauk.

#0213 Mr. Seegmiller also feels that Jean Davies, who is 14 years old should have a change of school and recommends that she be transferred from Moose Fort Indian Residential to Shingwauk, if it is at all possible.

May consideration please be given to these transfers and let me have your views in this matter in order that arrangements may be made with Singwauk before the fall term.

Will you please advise.

J. J. Allen
Superintendent
James Bay Indian Agency
Department of Citizenship & Immigration

, August 11, 1952.

Mr. R.P.G. Laurence,
Supt. Indian Agency,
Sault Ste. Marie, Ont.,

I have a letter from Mr. J.S. Allan, Superintendent Indian Agency, Moosonee, Ontario requesting a transfer of Charles Cachagee from the Moose Fort Indian Residential School to the Shingwauk Indian Residential School.

This boy has completed Grade 8 education and is interested in continuing with his Grade 9 work. This boy has a brother who has completed Grade 7 and will be taking Grade 8 work this coming term. Mr. Allan has requested that he be transferred with his brother.

Please advise whether sufficient space is available in the Shingwauk Home and whether the Principal is prepared to accept the two boys.

for Philip Phelan,
Superintendent of Education.

(E6)

, August 11, 1952.

Mr. J.S. Allan,
Supt. Indian Agency,
Moose Factory, Ont.,

With reference to your letter of August 4th regarding the transfer of three children from the Moose Fort Indian Residential School to the Shingwauk Indian Residential School, you are advised that we are writing Superintendent Laurence regarding Charles and Michael Cachagee asking him whether sufficient space is available in the Shingwauk school to accept these two boys.

When we hear from Mr. Laurence you will be advised accordingly.

With reference to Jean Davies our records indicate that this girl is only in Grade 4 and is 14 years of age and we do not see any necessity for her transferring to the Shingwauk School. If this girl is considered to be a problem case, it is hardly fair to the Principal of the Shingwauk school to transfer her to his school as it is likely that he has similar cases to contend with.

for Philip Phelan,
Superintendent of Education.

August 20, 1952.

Mr. J. C. Bank,
Superintendent, Indian Agency,
Port Arthur, Ontario.

School Attendance of Children of Chief Frank Pelletier

Under date of August 10, Chief Frank Pelletier wrote to the Director as follows:

"As I live a considerable distance from Fort William, my children find it very hard going back and forth to school. If they are to have success in school they should be in a boarding school where they can put all their mind on their school work. I can't move closer because I have my work to do to support my family. I would appreciate it very much if you would grant your kind permission of putting them in Spanish School."

You are requested to report as follows:

(a) What are the ages of these children?

(b) What school are they attending?

(c) How far is it from their home?

(d) How do they make the journey?

(e) Is there any other day school which they could appropriately and more conveniently attend?

(f) Are there any other considerations which might require the admission of these children to the nearest residential school?

Mr. J.S. Allan,
Supt. Indian Agency,
Moose Factory, Ont.,

With reference to your letter of August 4th regarding the transfer of Michael and Charles Cachagee from the Moose Fort to the Shingwauk Indian Residential School, you are advised that we have now been informed by Superintendent Laurence that the Principal of the Shingwauk school is prepared to accept them.

The Department, therefore, approves their transfer to the Shingwauk school.

for Philip Phelan,
Superintendent of Education.

The Principal,
Bishop Horden Indian Memorial School,
Moose Factory, Ont.
(letter routed via Superintendent's office, Moose Factory).

Dear Sir,

COPY

Re: Indian child Roman-Norman Petawabano
Mistassini Band # 81
(born May 1/1945).

Above named attended school last season. He will be discharged from medical care early next week. I am arranging for his return to school.

I will wire you so that our nurse escorting can be met. At the same time, she should be afforded to identify all our children with you, and your list (covering all admissions and those who were retained last year for various reasons) should be handed over to her.

Thanking you in advance.

Yours very truly,

H. Lariviere - Supt.,
Abitibi Indian Agency.

DEPARTMENT OF CITIZENSHIP AND IMMIGRATION
INDIAN AFFAIRS BRANCH

SEP 19 AM 9:01

Amos, Que.,
September 17th, 1952.

The Indian Affairs Branch, Ottawa, Ont.

Attention: Mr. P. Phelan, Supt. Education.

Attached hereto copy of a letter which speaks for itself.

I am taking advantage of the fact that our nurse is escorting child Roman Petawabano, of Mistassini, to the school, to brigg about a definite check on our children taken care of at that point.

This year, it has been a proper mix-up. The Indians at Mistassini particularly delayed their departure for their trapping lands, which caused poor feeling, etc. At Waswanipi, the same difficulty was experienced, but it was not as serious. During summer it was understood with Bishop Clarke I would be given definite quota early in August, and date of admission to be definitely fixed. With that it would have been easy to arrange and cause no friction. We know nothing yet about the children who were returned to school; it follows we are running into complications, parents, Family Allowances, etc. etc. We understand the staff is changed at Moose Factory school. However, through our nurse, we hope to establish a definite record. On her return, copy of will be sent you.

H. Lafiviere - Superintendent
Abitibi Indian Agency.

c.c. to Mr. A.J. Doucet, Quebec.

COPY

Dear Mr. Allen,

I wired you this morning, in connection with removal of Indian child Norman Determeno, on residential school, being escorted by our Agency Nurse Miss. L. Turcif, so that they not.

Miss. Turcif, has been requesting, to check and prepare a complete list of our children at hospital or school, she knows them and for definite identification has been furnished with a Band List.

This year, we have had no information from the Principal, who was returned home and know nothing at all about who was returned to school for academic year 1952/1953.

Thanking you in advance, for any assistance given our Miss. Turcif.

Yours very truly,

H. Larivière - Supt. Indian Agency.

P.S. If it did happen that we have a child or children at hospital, that should returned home, Miss. Turcif, is in position to decide etc.

DEPARTMENT OF CITIZENSHIP AND IMMIGRATION
INDIAN AFFAIRS BRANCH

INDIAN AFFAIRS

North Bay, Ontario,
October 18, 1952.

The Director,
Indian Affairs Branch,
Dept. of Citizenship & Immigration,
Ottawa, Ontario.

Dear Major McKay:

I am enclosing the ten applications of Protestant children to the Fort George Roman Catholic Residential School to which I referred in my telephone conversation yesterday.

I have wired Mr. Allan as per the attached copy of telegram and in conversation with him today requested that he place as many as possible of these children in the Moose Fort Residential School.

This may tend to cramp the living space at Moose Fort but it were far better to have the school crowded for the balance of this winter than have these children remain in a school other than their own religious denomination. On my return, I will advise you as to what success Mr. Allan had in arranging for the transfer.

Yours very truly,

F. Matters,
Regional Supervisor of Indian Agencies.

Mr. F. Matters,
Regional Supervisor of Indian Agencies,
269 Main Street West,
North Bay, Ontario.

Dear Mr. Matters:

I received your letter of October 16th enclosing applications for the admission of ten children to the Fort George Roman Catholic Residential School. It is noted that in each case the religion is stated to be Protestant.

I have also noted the contents of your telegram of October 16th addressed to Superintendent Allan. I will expect to hear further from you when Mr. Allan advises if it has been possible to arrange for the admission of the children to the Moose Fort School.

Yours sincerely,

Director.

Dear Major McKay:

Re: File 467-10 (E)
Letter October 30/52.

I am attaching herewith copy of a letter received from Mr. Allan regarding the children that were to be removed from the Fort George Roman Catholic Indian Residential School.

I spoke to Mr. Allan on the telephone today and instructed him to keep in touch with the situation through the Hudson's Bay Company Managers and advise me as soon as the children were actually returned.

Yours very truly,

F. Matters,
Regional Supervisor of Indian Agencies.

DEPARTMENT OF CITIZENSHIP AND IMMIGRATION
INDIAN AFFAIRS BRANCH

Moose Factory, Ont.,
November 6, 1952

Mr. F. Matters,
Regional Supervisor of Indian Agencies,
North Bay, Ont.

Dear Mr. Matters:

Complying with request contained in your wire of Saturday, October 18th., I have to advise you as follows:

I discussed with Father Houle, on Tuesday morning, the question of transferring these children from the Fort George P.C. Residential School to Moose Fort. He stated that he had not received any word from the Bishop in this connection and would be contacting him in the evening. I explained to Father Houle that this was the wishes of the Department but I would be willing to detain my flight to Fort George for a day or so in the event that there may be any further developments. Not hearing from father Houle by Saturday, I arranged for the trip to Fort George and left in the evening reaching Rupert House where I stopped over for the night. I arrived at Fort George at 12.35 Sunday morning and immediately made contact with Father Couture, presenting your wire regarding situation of the children now in his care. He informed me that he would not release these children without the authority of the Bishop and he also stated in any case they would not be able to return with me due to the fact that they were on a picnic. He further stated that he would only release the children on the authority of the Bishop or the parents of the children. Due to the fact that it was the close of the season and the pilot was afraid of being frozen in we had to return immediately without the children.

After my return here, Father Houle informed me that two of the children were in Hospital and four had been returned to their parents at Fort George.) The other 4 children belonging to Rupert House would be returned to their parents at Rupert House by plane or snowmobile.) Father Houle advised me that he had

Rev. Father Houle, O.M.I.,
Moosonee, Ont.

Dear Father Houle:

This will confirm our conversation of Tuesday afternoon with regard to 10 children now at your Fort George Residential School.

I may advise that I have been informed by our Regional Supervisor that the admission of these children into your school has not been authorised. I have been instructed that they be removed to Moose Fort Residental School at the earliest possible date. The names of these children is as follows:

Gertie Blackned
Roderick Blackned
Henry Diamond
Lawrence Weistche
Sam. Kitty
Nellie Duff
Billie Rupert
Andrew Sam
Margaret Pasiniquon
Stewart Matches

From our conversation I gather that you were getting in touch with Bishop Belleau with regard to this matter, and not having heard any further from you in this connection, I am proceeding to Fort George this afternoon to pick up these children as I have been directed.

Yours truly,

J.S.Allan

, December 4,1952.

Mr. F. Matters,
Regional Supervisor of
Indian Agencies,
269 Main Street W.,
North Bay, Ont.,

With reference to your letter of December 2 regarding application for admission forms for new pupils admitted to the Fort George R.C. Indian Residential School, we would like to review the correspondence on this matter:

(a) On November 15th the following telegram was sent to Superintendent Allan: "Re September Quarterly Return for Fort George R.C. Residential School have not received necessary applications for admission for pupils 69-88, 092-0106 Stop Grant claimed for these will be disallowed until applications received Stop Advise when these can be expected Stop

(b) Attached is a list of pupils with the respective register numbers who were shown on the September Quarterly Return for the first time. These pupils do not appear on the June Return for this school. You will notice that the register numbers are the same as those referred to in the telegram.

(c) On November 19 we received a telegram from Superintendent Allan reading "Retel application for admission forms covering peoples mentioned were taken by Matters last visit".

(d) On receipt of this telegram we wrote a letter to you dated November 29 as it was presumed that you have all the applications for the children in question.

Indian Affairs. (RG 10, Volume 6204, file 467-10, part 4)

(e) In your letter of December 2 you indicated that you had forwarded the applications for the Protestant children who were at the Fort George R.C. Residential School. We have received these applications and the children opposite whose names the X appears are the children for whom we have already received the applications. Applications for admission are required for the other children listed on the attached.

With eference to the sixth paragraph of your letter of December 2nd you may be very definitely assured that the Department does not pay Per Capita Grant for any children whose admission to a particular residential school has not been officially approved. Attached is a circular which was sent out to all the field officials and Indian Residential School principals indicating this policy and in no instance is Per Capita Grant paid when the admission of a pupil to a residential school has not been approved.

Phillip Phelan,
Superintendent of Education.

, January 19,1953.

Mr. J.S. Allan,
Supt. Indian Agency,
Moose Factory, Ont.,

With reference to the December Quarterly Return for the Moose Fort Indian Residential School, attached I am returning an extra copy of this Return which was inadvertently forwarded to this office. One copy of the Return is all that is required.

On Form I.A. 411, the Principal has included pupil # 302 Henry Cowboy, however, this boy's name does not appear on the September Quarterly Return nor do we have an application for admission for him. Please advise who this boy is and why his name was included on I.A. 411.

For pupils 248 and 0299, the Principal has claimed less than the prescribed number of days in the Quarter and for pupils # 0253, 0289 and 0317 the Principal has claimed ninety-two days grant and for all of these pupils he has indicated they were in hospital but he has not shown the period of absence. In other words he has not indicated the date on which these children left residence and later returned if they did return. Without this information we are unable to pay the Per Capita Grant for them. In order to avoid delaying payment of the Per Capita Grant for the whole Return we are disallowing the grant claimed for the above-mentioned children until the matter is clarified. The Principal may claim retroactive grant for these children on the March Return but he must indicate in the Remarks Column the reason for his action, the reasons for the pupils' absence and the required dates.

In many instances it is noted that the children were ill during the Quarter, however, the Principal has neglected to indicate whether these children remained in the school during their illness or were returned home or placed in a hospital. Please advise regarding each of the pupils. If any of the children were placed in hospital or sent home it will be necessary to indicate when these pupils left school and later returned to school.

Amos, Que.,
July 6th, 1953.

Bishop Horden Memorial Indian Residential School,
Moose Factory, Ont.

Attention: Mr. H.S. Shepherd, Principal.

Dear Sir,

I have yours of the 19th ultimo in connection with our children attending your school.

When at Mistassini and Waswanipi, I made it clear to the Indians that all had to return to school, and those of school age ready to go for the first year I could not say how many could be taken but would let them know later.

Last year, a number of our children, more so at Mistassini, did not return to the school. The Indians for this are not to be blamed at all. They remained at Mistassini, waiting for transportation. Finally those that could not hold out any longer left for their [illegible] lands; more, one family left a child with another [illegible] for transportation. Finally he could not be taken. That particular child had to winter away from home. The difficulties caused us last year were discussed with Right Reverend Bishop Clarke and I hope it will never repeat itself. I might add it [illegible] one family from reaching their trapping lands, and during winter we [illegible] to fly supplies to them.

For Mistassini, the children should be removed on August 15th; for Waswanipi, immediately after.

Please let us know if possible by return of mail how many children you can take care of this coming year from Abitibi Agency. All told. And we will arrange that they are on hand.

Yours very truly,

N. Lariviere - Supt. Abitibi Indian Agency.

INDIAN AFFAIRS

Moose Factory, Ont.,
July 19, 1953

Indian Affairs Branch,
Department of Citizenship & Immigration,
Ottawa, Ont.

I have your letter under date of 9th inst., requesting the admittion of Eskimo Matthew Saunders into the Moose Fort Residential School.

I would advise that this Eskimo is badly crippled and requires a great deal of attention. He apparently is in a cast and has to use a crutch to get around. The School, at the present time, is closed down as the school staff are on Holidays and there they are not in a position to take care of this patient.

I have discussed the matter with Dr. McKone and regret that it is not possible for us to take care of this Eskimo in our School at the present time.

I am attaching copy of letter received from Dr. Moore which explains condition of this patient.

Yours truly,

J.C. Phillan

789-E^{8}-117 (M2)

Ottawa, Ontario
6 July, 1953

Dr. B. McKone,
Medical Superintendent,
Moose Factory Indian Hospital,
Moose Factory, Ontario.

Dear Doctor McKone,

E^{8}-117 Matthew Saunders-Eskimo

This boy was admitted to the Naval Hospital in Halifax in October 194^{8} apparently suffering from the aftermaths of poliomyelitis He was treated at the Polio Clinic of the Victoria General Hospital in Halifax and returned to the Naval Hospital where he has remained up until the present.His condition is now such that,while apparently in a cast,he is able to get around and should be getting s me schooling. However, this must be carried out where he can have the attention of a surgeon for his cast about every three months. It was arranged some time ago that the boy should be admitted to the Indian Residential School at Shubenacadie but it appeared that there was not suitable accommodation for him there and it was subsequently decided that he should go to Moose Factory.

The Administrative arrangements are rather complicated in that this Eskimo boy, whose home is at Fort Chimo, is a responsibilitym so far as educational matters are concerned, of Northern Administration and they in turn have arranged with the Educational Division of Indian Affairs Branch to have him admitted to a Residential School. We believe that all the administrative problems should be left in the hands of the Indian Affairs Branch and the school autho-ities but we must keep an eye on his medical condition, being prepared to change the cast as required or, if necessary, to have him seen by an Orthopedic surgeon. We do not have any case history on our file and if it would appear necessary to have such it will be necessary fot you to communiecate with the Principal Medical Officer of H.M.CS. Stadacona, Halifax.

Yours very truly,

P.E.Moore, M.D., D.P.H.
Director, Indian Health Services.

Amos, Que.,
August 20th, 1953.

Reverend H.S. Shepherd, Principal,
Bishop Horden Memorial Indian Residential School,
Moose Factory, Ont.

Dear Reverend Sir,

In connection with admission and discharge of Indian children attending Bishop Horden School, we find the admission date as fixed now is a cause of difficulties to all concerned. To solve the problem you suggest that the school close on June 15th and re-open on August 15th. I think this would be in line with the needs and prevailing conditions at Mistassini and Waswanipi, as it appears you cannot overcome the fact that the staff must have two months off, also the children.

I suggest that you discuss the matter with Reverend Bishop Clarke and Reverend Canon Cook, and if you can arrive at something definite refer the matter to the Superintendent of Education in Ottawa.

The Indians at Mistassini particularly must get on the move to return to their trapping lands by early August, and they cannot very well leave children with others trapping closer to Mistassini awaiting for transportation and so on. The same remark applies to Waswanipi, although here they can wait a few days, etc.

When at Mistassini and Waswanipi recently arrangements were made for children to return and be on hand for dates as called for by you. I might add the Indians at Mistassini were not too happy about it.

Yours very truly,

H. Lafleche - Superintendent
Abitibi Indian Agency.
